Tapestry of Memory Nanci Adler,Selma Leydesdorff,2013-08-20 In this volume contributors present narratives and explore the way they influence the perception of the past While acknowledging the debate about the validity of qualitative research based on narratives this volume aims to illuminate how truth and evidence form part of a much wider debate on the representation of history The volume includes the work of historians but the interdisciplinary nature of the contributions shows that the validity debate also applies to the broader fields of cultural studies sociology and other social sciences The distinction between memory and testimony is a crucial theme Memory though selective is the basis of testimony Testimony provides an audience with information that becomes evidence of what was seen or experienced Such evidence can form the basis of legal truth Nanci Adler and Selma Leydesdorff divide the volume into three core sections Official Testimony and Other Facts and Evidence The Creation of New History and the Integration of Collective Memory in the Story of One's Self and Claims Based on Narratives vs Official History After a comprehensive introduction by the editors the volume offers twelve essays by leading scholars This work is a new offering in Transaction's acclaimed Memory and Narrative series

Formula 1 tells the story of his incident packed life Murray Walker is an institution When the man who made famous the catchphrase Unless I m very much mistaken I AM very much mistaken announced that he was retiring as ITV s Grand Prix commentator at the end of the 2001 season the media reacted as if the sport itself was losing one of its biggest stars His reputation for mistakes was the making of Walker He was the fan who happened to be given the keys to the commentary box and never wanted to give them back His high octane delivery kept viewers on the edge of their seats while his passion for talking about the sport he loved was matched by an all encompassing knowledge gained through hours of painstaking research before every race In fact he s a throwback to another age who managed to survive and indeed prosper from the revolutions in motor racing In his book he writes about his childhood and the influence that his father British motorcycle champion Graham Walker had on his career Failing to match his father s achievements on the track he made a successful career for himself in advertising which catapulted him to the top of his profession An offer from the BBC to take over the commentary seat for their F1 broadcasts was manna from heaven for Walker and it wasn t long before the infamous Murrayisms enlivened a sport which until then had been shrouded in a cloak of unfathomable technical jargon and mind numbing statistics He also talks about the biggest changes in the sport over the last 50 years in particular the safety issues which came to the fore after the tragic death of Ayrton Senna His partnership with James Hunt behind the microphone is the subject of some hilarious anecdotes while his views on drivers such as Damon Hill Jacques Villeneuve Eddie Irvine and David Coulthard make for fascinating reading

Historical Dictionary of Golf Bill Mallon,Randon Jerris,2011-01-21 Golf has been called the greatest of all games but it has also been derided by none other than Mark Twain as nothing more than a good walk spoiled Traditional teaching holds that golf originated in Scotland around

the 15th century However there is historical evidence of games similar to golf being played in the low countries of Europe back in the 13th century Over the many centuries of golf s evolution the balls used have changed greatly as have the clubs the holes the courses and the entire game itself The Historical Dictionary of Golf presents a comprehensive history of the game through a chronology an introductory essay a bibliography photos and over 300 cross referenced dictionary entries on places teams terminology and people including Arnold Palmer Greg Norman Lee Trevino Jack Nicklaus Annika Sorenstam Lorena Ochoa Phil Mickelson and of course Tiger Woods Appendixes of the members of the World Golf Hall of Fame the Major Championships of Golf the International Team Events and the Professional Tour Awards are also included *Bruce Forsyth*,2012-09-06 Bruce Forsyth is known across four generations as the face of family entertainment classics such as The Generation Game Play Your Cards Right and The Price is Right His is an amazing story that spans more than two thirds of the twentieth century In the late 1950s over half of Britain would tune in to Sunday Night at the London Palladium making Bruce a star in a few weeks But it had been a long slog since his debut as a fourteen year old Boy Bruce the Mighty Atom in 1942 then wartime work for the Red Cross and National Service and playing every theatre concert party summer season double act and review known to man Bruce s first ever account of his whole life is chock full of anecdotes honest appraisals of tough times failed marriages and affairs comments on entertainment and what it took to be a comedian at the height of his powers In the gameshow of life Bruce hasn t just won the TV the golf clubs and the hostess trolley He s won the cuddly toy as well Mirror *Ryder Cup Revealed* Ross Biddiscombe,2014-07-01 Ryder Cup Revealed Tales of the Unexpected is the previously untold behind the scenes story of golf s most iconic team contest The book reports on the commercial mysteries of the money and business the political games and social mischief making the controversial actions and conflicting viewpoints the ever changing sensitive relationship between the players captains and teams Using new interviews fresh insights unique research and an alternative perspective author Ross Biddiscombe debates and contextualises all nine decades of the Ryder Cup s history Plus he provides dramatic forecasts on the future of the matches that have grown from being financial liability to one of the most successful stories in the whole of sport **British Sport - a Bibliography to 2000** Richard Cox,2013-12-16 Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian British Sport: Biographical studies of British sportsmen, sportswomen, and animals Richard William Cox,2003 Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian *High Hopes* Ronnie Corbett,2012-05-31 A true great of British comedy Ronald Ronnie Corbett is hailed as one of the finest comedians of his generation Son of an Edinburgh baker Ronnie rose to fame as one half of the infamous Two Ronnies alongside Ronnie Barker

Interesting Steve Davis,2015-04-09 Steve Davis was just a rookie from Plumstead south London learning how to play from an old book his snooker obsessed father had given him when an encounter with Barry Hearn changed his life forever With his backing Steve began touring the country in a clapped out car as an amateur Challenging established professionals and winning titles supported by his loyal following the Romford Roar it wasn t long before he progressed to the world s stage By the eighties Steve had helped transform a previously shady sport into a national obsession He and a cast of legends such as Ray Reardon Dennis Taylor and Alex Higgins with other young guns like Jimmy White were doing silent battle in front of huge audiences Tens of millions of viewers would witness the nail biting conclusions of his world championship finals this was snooker s golden era The man behind the boring tag has always been the sport s smartest and sharpest man With his cool obsessive approach Steve rewrote the rule book and became untouchably the best player in the world and the best paid sportsman in the country Interesting lays it all bare what it was like to win in those pressure cooker situations how to cope at the top when everyone wants you to lose and how you deal with the moment when a man comes along who is finally better than you This is a memoir that closely evokes the smoke filled atmosphere of those arenas the intrigue behind the scenes and the personal psychology and sacrifice that is required to stay at the top of such an exacting sport

National Service Life Stories Peter Gurney,Matthew Grant,Joel Morley,2025-01-25 National service was a defining feature for a generation of young men in post war Britain Around 2 3 million of them were called up between the end of World War Two and 1963 when conscription ended However national service was forgotten almost before it had ended a process aided subsequently by professional historians who have been reluctant to assess its longer term influence on British social and political history Based on original oral interviews with well over one hundred men this book explores the ways in which compulsory military participation reverberated in the memories of interviewees long beyond the end of conscription and how these early military experiences shaped their later life stores Unlike existing accounts that tend to rely on memoirs written by officers or else oral interviews that concentrate narrowly on the details of military service this study focusses instead on men from working class backgrounds and it situates national service in the context of the life course and the wider transformations that have occurred in British society since conscription ended In so doing the work shines new light on important areas of current scholarly interest and historiographical concern including the changing meaning and experience of class masculinity and citizenship as well as the complexities of popular memory
