**Amadeus** Peter Schaffer, 2000-01-01 **Biographical Plays About Famous Artists** Daniel Meyer-Dinkgrafe, 2009-10-02 Since the late 1970s more than 200 biographical plays about famous artists composers fine

artists poets actors etc were written and staged in the United Kingdom The book analyses the range of these plays arguing that the dramatists often place the main artist character s in an adverse situation inward e g mental illness or outward a personal enemy or an anonymous power such as war Against the background of such adverse forces the artist characters tend come across as flawed human beings At the same time most plays take care to provide good insights into the artists genius and their artistic integrity in the face of the adversity The book also addresses the question why there have been so many biographical plays about famous artists over the past twenty five years providing answers in the context of theatre history and developments across academic disciplines and society as a whole **Always hard for me to get it right - The**

**Different Versions of Peter Shaffer's Amadeus** Jasmin Ostermeyer,2006-01-10 Seminar paper from the year 2005 in the subject English Language and Literature Studies Literature grade 2.0 University of Hannover language English abstract Indeed sometimes I wonder at those writers who display no desire to alter anything when work is revived And sometimes too I envy their seeming certitude or even their indifference which may be a form of instinctive wisdom Peter Shaffer is certainly none of those writers who do not feel the desire to alter their work There are six different versions of his play Amadeus which have been produced on stage and screen since 1979 when Amadeus made its first appearance in the National Theatre of Great Britain London The latest version of Shaffer s play was published in 1999 after being revived and staged in London and New York Writing and mainly re writing Amadeus has been a process of 20 years in which Shaffer changed not only some aspects of the plot but in the first place of characters and their meaning The most prominent alternations can be seen at the end of the second act the final confrontation of the two main characters Antonio Salieri and Wolfgang Amadeus Mozart It is especially this scene of their last meeting that Shaffer felt hard to get right because he considered it as the play s structural climax whereas the historical truth Salieri survived Mozart 34 years retired replaced and essentially rejected<sup>3</sup> was anticlimactic This essay shall investigate the alternations of the last confrontation between the two characters and their impact on one of the major motifs of the play Salieri s struggle with God Therefore the 1979 original version published 1980 of Amadeus the 1981 revised version which has long been the basis for all presentations around the world and the recently published 1999 version will be analyzed and compared The 1984 film version directed by Milos Forman will not be taken into considerations because theatre and film are very different forms of art They work with different techniques and offer different opportunities of presentation There are lots of changes made for the movie that meet with the conception of presenting a story on screen A comparison of play and film that does justice to both forms is impossible within in the scope of this essay<sup>4</sup>The 1997 version will be excluded as well because it is merely a provisional result for the following ones The versions of 1998 and 1999 will be treated as a single one because there are only slight differences between them **A Narratology of Drama** Christine Schwanecke,2022-01-19 This volume argues against Gerard Genette s theory that there is an insurmountable opposition between drama and narrative and shows that the two forms of storytelling have been

productively intertwined throughout literary history Building on the idea that plays often incorporate elements from other genres especially narrative ones the present study theorises drama as a fundamentally narrative genre Guided by the question of how drama tells stories the first part of the study delineates the general characteristics of dramatic narration and zooms in on the use of narrative forms in drama The second part proposes a history of dramatic storytelling from the Renaissance to the twenty first century that transcends conventional genre boundaries Close readings of exemplary British plays provide an overview of the dominant narrative modes in each period and point to their impact in the broader cultural and historical context of the plays Finally the volume argues that throughout history highly narrative plays have had a performative power that reached well beyond the stage dramatic storytelling not only reflects socio political realities but also largely shapes them

*Tragic Method and Tragic Theology* Larry D. Bouchard, 2010-11 The book moves in a nonreductive way between literary and theological criticism to show how drama and religious thought discern the experience of evil tragic theology refers to how drama and theology render in thematic or symbolic form certain irreducible dimensions of evil and negativity Bouchard defines no single tragic method or any single view of evil but searches for the distinctive interplay of tragic method of theology in each dramatist The work opens by scrutinizing certain important interpretations of Greek tragedy Paul Ricoeur's interpretation of the Wicked God and the Tragic Vision receives major focus as does Sophocles who as a tragedian dramatized the action of inquiry and interpretation Bouchard then examines Augustine's views of evil and sin Reinhold Niebuhr's critique of the ironies of history and Tillich's conceptions of the demonic By interpreting tragedy in terms of sin or the effects of sin each theologian resists implications in his own thought pointing to a less resolvable tragic theology And yet these theologians also contribute very creative understandings of the irreducible character of evil and tragic experience Substantive and original readings of three playwrights are offered Rolf Hochhuth's tragedy of vocation *The Deputy* Robert Lowell's trilogy of American historical blindness *The Old Glory* and Peter Shaffer's dreams of tragic awareness and accountability in *Equus* and *Amadeus* revealing new permutations of the irreducibility of evil in contemporary Christian and Jewish religious thinkers who may be helpful in this task and concludes with a description of the experience of perplexed thought self critical in view of tragedy's witness to irreducibility of evil

*Chaste Cinematics* Victor Vitanza, 2015 Victor J Vitanza author of *Sexual Violence in Western Thought and Writing* continues to rethink the problem of sexual violence in cinema and how rape is often represented in chaste ways in the form of a Chaste Cinematics Vitanza continues to discuss Chaste Cinematics as participating in transdisciplinary rhetorical traditions that establish the very foundations groundings points of stasis for nation states and cultures In this offering however the initial grounding for the discussions is base materialism George Bataille divine filth the sacred and profane It is this post philosophical base materialism that destabilizes binaries fixedness and brings forth excluded thirds Vitanza asks why is it that a repressed third or a third figure returns most strangely as a product of rape and torture He works with Jean Paul Sartre and Page duBois's suggestion that

the product is a new species Always attempting unorthodox ways of approaching social problems Vitanza organizes his table of contents as a DVD menu of Extras supplements This menu includes Alternate Endings and Easter Eggs as well as an Excursus which invokes readers to take up the political exigency of the DVD Book Vitanza's first Extra studies a trio of films that need to be reconsidered given what they offer as insights into Chaste Cinematics Amadeus a mad god Henry Fool a foolish god and Multiple Maniacs a divine god who is raped and eats excrement The second examines Helke Sander's documentary Liberators Take Liberties which rethinks the rapes of German women by the Russians and Allies during the Battle of Berlin The third rethinks Margie Strosser's video film Rape Stories that calls for revenge In the Alternate Endings Vitanza rethinks the problem of reversibility in G No's Irreversible In the Easter Eggs he considers Dominique Laporte's the Irreparable as the object of loss and Giorgio Agamben's the Irreparable as hope in what is without remedy The result is not another film studies book but a new genre a new set of rhetorics for new ways of thinking about cinematics perhaps postcinematics Victor J Vitanza is Professor of English and Rhetorics and is the founding Director of the Ph D program in Rhetorics Communication and Information Design in the College of Architecture Art and Humanities at Clemson University He is also Professor of Rhetoric and Philosophy as well as the holder of the Jean Francois Lyotard Chair in the Media and Communication Division at the European Graduate School in Switzerland He is the Editor of PRE TEXT A Journal of Rhetorical Theory His books include Sexual Violence in Western Thought and Writing Chaste Rape Palgrave 2011 Negation Subjectivity and The History of Rhetoric SUNY 1997 Writing Histories of Rhetoric Southern Illinois 1993 and PRE TEXT A Retrospective Pittsburgh 1993

Shakespeare's First Folio Cue Scripts - Comedies Patrick Tucker, 2024-12-30 Opening up a new window to see Shakespeare's words in a different light and gathering his intentions in a simple clear way this book presents the Cue Scripts from the Comedies in Shakespeare's First Folio The book invites readers to approach Shakespeare's texts the way his actors would have not studying the complete text and drawing conclusions from it but working from a Cue Script where all the lines for a particular character are written with just a two or three word cue as to when they should speak As an actor himself Shakespeare knew that his actors would have little time to do more than learn their lines for the next imminent performance for this reason he placed in the first lines of every Cue Script a range of crucial information on the character's motives and intentions Studying the cues and following the playwright's clues opens up a whole new understanding of the roles and provides a way of approaching a play that is authentic quick and creates an impactful performance Examples of Cue Script scenes along with a summary of the various clues that were written to help the original actors are included in the book A practical and unique resource for students
