The Book of Love Cynthia Markovitch, 2020-05-17 The Book of Love is a twisted fairytale about a young girl growing up in America searching for the truth in a world of falsehoods only to discover her real identity Peter Gabriel Graeme Scarfe, 2024-11-06 If Genesis according to British comedian and fan Al Murray were the progressive rock band who progressed then Peter Gabriel as a solo artist would be the member that progressed the most Who would have thought that listening to early Genesis would eventually take the listener to Senegal Armenia South Africa and beyond via the artistic endeavours of their former vocalist This is a journey through Peter Gabriel s solo albums his live recordings and soundtrack compositions During his forty year plus solo career Gabriel has become a worldwide pop star via his early self titled albums and his seminal 1986 record So He has had hit singles throughout his career including the bucolic Solsbury Hill in 1977 and the poignant Don t Give Up He also helped pioneer video creativity with the song Sledgehammer In doing so he has reached beyond his progressive rock origins to achieve a level of popularity and respect that other musicians from that genre could only dream about You may have heard many of these songs before but there s always something new to be found by digging in the dirt This is the perfect guide to his music for new listeners and long term fans alike What on earth is going on In the words of the Burgermeister I will find out Graeme Scarfe was born in the 1960s educated in the comprehensive system in the 1970s and 1980s and graduated from Bournemouth University in the 1990s He has worked as a music journalist sound recordist and stand up comedian He also regularly lectures on Film He wrote the original screenplay for the British Horror film Lighthouse and the comedy novel Seagulls on Speed which is available from www.seagullsonspeed.co.uk He listens to an awful lot of music and attempts to play the guitar A member of the Writers Guild of Great Britain he is married with two children and lives in Sussex UK *The Magnetic Fields' 69 Love Songs* LD Beghtol, 2006-11-03 A fully illustrated oral history of the Magnetic Fields 1999 triple album 69 Love Songs an album that was afforded classic status by many almost as soon as it was released LD Beghtol s book is chatty incestuous funny dark digressive sexy maddening and delightful in equal measures It documents a vital and influential scene from the inside involving ukuleles and tears citations and footnotes analogue drum machines and floods of cognac Oh and a crossword puzzle too The centre of the book is the secret history of these tuneful acerbic and sometimes heartbreaking songs of old love new love lost love punk rock love gay love straight love experimental music love true love blue love and the utter lack of love that fill the album as told by participants fans imitators naysayers and others Also included are a lexicon of words culled from the album s lyrics recording details performance notes from the full album shows in New York Boston and London plus rare and unpublished images personal memorabilia and much much more **100 Greatest Cover Versions** Robert Webb, 2013-07-15 Which Blondie Top Five was originally a flop for a West Coast power pop band Who wrote Alice Cooper s 1973 hit Hello Hurray and which folk singer first recorded it Who launched their career with a tear and a cover of a little known Prince song Where was Joe Cocker sitting when he came up

with the idea of covering With a Little Help from my Friends Everybody likes a good song and a good story The 100 Greatest Cover Versions traces the histories of some of the great songs you may know only as second hand recordings and explores some unusual and creative takes on a few of pop s well known tracks Based on the Independent s popular long running Story of the Song column this collection features previously unpublished pieces alongside fully expanded updated stories Robert Webb details the background to each song how it was written who first recorded it and how it came to be covered and explains how in some cases the cover version has become more popular than the original Artists range from Patti Smith to the Happy Mondays David Bowie to Florence the Machine and Stevie Wonder to Robert Wyatt The book also includes additional further listening suggestions and a bonus track Whether you download rip from CD or stream your music the Ultimate Playlist series provides the perfect accompaniment to your personal compilation The series aims to guide listeners through large and often bewildering back catalogues of the major artists as well as key genres and styles in popular music If you love music and you enjoy knowing more about the history behind some of pop s greatest songs then you will love this book

The Book of Love Kathleen McGowan,2012-12-11 Once there was a gospel written in Christ s own hand a treasure of almost unimaginable magnitude referred to by the Cathars of medieval France as The Book of Love Fresh from her successful search for the long hidden scrolls written by Mary Magdalene journalist Maureen Pascal now finds herself on the trail of the legendary lost gospel known as the Book of Love But just as there were those who would stop at nothing to seize and suppress the Book of Love seven centuries ago so there are those today who are equally determined that its radical message should never be revealed In a race across Italy and France new dangers await Maureen and her lover Sinclair as they begin to uncover secrets and shine new light on the hidden corners of Christianity Combining expert research with dazzling plot twists The Book of Love is sure to thrill readers as they follow Maureen s search for clues through some of the world s greatest art architecture and history until a potentially fatal encounter reveals the Book of Love to her and to us

The Ballad in American Popular Music David Metzger,2017-09-21 While ballads have been a cornerstone of popular music for decades this is the first book to explore the history and appeal of these treasured songs David Metzger investigates how and why the styles of ballads have changed over a period of more than seventy years offering a definition of the genre and discussing the influences of celebrated performers including Frank Sinatra Aretha Franklin and Whitney Houston The emotional power of the ballad is strongly linked to the popular mood of the time and consequently songs can tell us much about how events and emotions were felt and understood in wider culture at specific moments of recent American history Tracing both the emotional and stylistic developments of the genre from the 1950s to the present day this lively and engaging volume is as much a musical history as it is a history of emotional life in America

Jericho's Bane James L. Howard,2019-04-12 Arch forces led by a battle weary Michael find that they are outmatched by the hybrid threat Imperial as they must adhere to an archaic rule Slave to an unbreakable rule a warrior is commissioned Not since Samson has a mortal

Who Wrote the Book of Love? Richard Crouse,1998 The words to Little Richard s Tutti Frutti were initially so risqué they had to be completely rewritten in the hallway of the studio as time was running out before the song could be recorded He wrote the original version while working as a dishwasher in a bus station in Georgia Paul Simon s 1972 hit Mother and Child Reunion takes its name from an elaborate chicken and egg dish served at Say Eng Look Restaurant in New York City Nirvana s huge hit Smells Like Teen Spirit interpreted by music critics and fans alike as an angst ridden cry of teen rebellion actually sprang from a bit of graffiti accusing Kurt Cobain of smelling like an antiperspirant for young women

Without Frontiers: The Life & Music of Peter Gabriel Daryl Easlea,2018-03-23 He became famous with Genesis but simply to call Peter Gabriel a pop star would be to sell him very short indeed Peter Gabriel has pursued several overlapping careers neither becoming a parody of his past self nor self consciously seeking new images he instead took his creativeness and perfectionism into fresh fields In 1975 he diversified into film soundtracks and audio visual ventures while engaging in tireless charity work and supporting major peace initiatives He has also become world music s most illustrious champion since launching WOMAD festival These and several other careers make writing Peter Gabriel s biography an unusually challenging task but Daryl Easlea has undertaken countless hours of interviews with key friends musicians aides and confidants Updated and revised for 2018 *Without Frontiers* gets to the heart of the psychological threads common to so many of Gabriel s disparate endeavours and in the end a picture emerges an extraordinary picture of an extraordinary man Extra features include integrated Spotify playlists charting the best of Genesis output with Peter Gabriel as well as an interactive digital timeline of his life filled with pictures and videos of live performances interviews and more The peculiar white lipped dynamic between Gabriel and his erstwhile Charterhouse chums in Genesis is vividly evoked Record Collector A truly wonderful biography of one of the most amazing artists of our
