## **Petrostate Putin Power And The New Russia:**

Petrostate Marshall I. Goldman, 2010-01-20 Based on extensive research including several interviews with Vladimir Putin this revealing book chronicles Russia's dramatic reemergence on the world stage fueled by its ever expanding energy wealth In his deft informative narrative Marshall Goldman traces how this has come to be and how Russia is using its oil based power as a lever in world politics The book provides an informative overview of oil in Russia traces Putin's determined effort to reign in the upstart oil oligarchs who had risen to power in the post Soviet era and describes Putin's efforts to renationalize and refashion Russia's industries

Putin's Russia Stephen K. Wegren, 2015-07-16 Now in a thoroughly revised expanded and updated sixth edition this classic text provides the most authoritative and current analysis available of the challenges facing Russia today Leading scholars explore the daunting domestic and international problems confronting Putin Evaluating the regime's continued efforts to rebuild a country once on the verge of collapse they consider a comprehensive array of economic political foreign policy and social issues Putin has his own approach for dealing with the myriad problems facing Russia emphasizing recentralization of power and a strong state He has returned to power amid unresolved policy issues both domestically and from the international community Only by understanding these concerns and previous efforts to deal with them will it be possible to understand the country's trajectory Well written and clearly organized this text is an indispensable guide for anyone wanting to understand contemporary Russia

*Oilopoly* Marshall I. Goldman, 2008 A story of oil and gas corruption and naked power this book traces the rise of the Russian oil economy from its origins in the nineteenth century right through to Vladimir Putin's determined efforts to rein in the oil oligarchs re nationalize Russia's industries and pay off its international debt

Putin Richard Lourie, 2017-07-18 An electrifying and timely book by leading Russian expert Richard Lourie that explores Putin's failures and whether Trump's election gives Putin extraordinarily dangerous opportunities in our mad new world A master chronicler of modern Russia Drawing on his own expertise Lourie paints a convincing portrait of a ruthless authoritarian leader headed toward failure This book serves as an essential primer on Putin and by extension Russia Publishers Weekly For reasons that are made clear in this book Putin's Russia will collapse just as Imperial Russia did in 1917 and as Soviet Russia did in 1991 The only questions are when how violently and with how much peril for the world The U S election complicates everything including Putin's next land grab Exploitations of the Arctic Cyber espionage Putin and China and many more crucial topics Putin His Downfall and Russia's Coming Crash is an essential read for everybody bewildered and dismayed by the new world order

**Putin's Russia** Darrell Slider, 2022-07-20 Thoroughly revised expanded and updated the new edition of this classic text provides the most authoritative and current analysis of

contemporary Russia Leading scholars explore the domestic and international problems Russia confronts including political economic societal and foreign policy issues The new edition provides an analysis from multiple perspectives on the major challenges facing Russia and Putin's regime Updates include new sections on corruption Russia's conflicts with Ukraine and Georgia Russia's response to Only by understanding these challenges and previous efforts to deal with them will it be possible to understand the trajectory for Russia Well written and clearly organized this text is an indispensable guide for anyone wanting to understand contemporary Russia

**Oil in Putin's Russia** Adnan Vatansever, 2021-02-26 Providing an in depth review of Russia's key economic policies this book is the first systematic study of the political economy of oil windfalls in Putin's Russia

*Russian Energy Security and Foreign Policy* Adrian Dellecker, Thomas Gomart, 2011-05-03 This book provides an original and thoroughly academic analysis of the link between Russian energy and foreign policies in Eurasia as well as offering an interpretation of Russia's coherence on the international stage seeking to understand Russia and explain its behaviour The authors analyse both energy and foreign policies together in order to better grasp their correlation and gain deeper understanding of broader geopolitical issues in Eurasia at a time when things could go either way towards producers or towards consumers Questioning the concept of energy deterrence which aims to fuel uncertainty in Russia's relations with its partners as well as projecting its overall power on the international scene this provocative volume seeks to stimulate debate on this very important issue Assessing the weight that energy has in Russia's foreign policy and in its pursuit of power on the international stage this book will be of interest to students and scholars of international relations energy politics geopolitics and Russian and Central Asian Studies

The Energy Frontier -The Power and Challenges of Russia's Oil Reserves in the 2020s Jürgen Drzymalla, **After Putin's Russia** Stephen K. Wegren, Dale R. Herspring, 2009-08-16 A fifth edition of this book is now available Now in a thoroughly revised expanded and updated edition this classic text provides the most authoritative and current analysis available of contemporary Russia and the challenges facing Vladimir Putin and his successor Dmitri Medvedev Leading scholars offer a full scale reassessment of Putin's leadership exploring Russia's ongoing daunting domestic and international concerns Evaluating the regime's continued efforts to rebuild a country once on the verge of collapse they consider a comprehensive array of economic political and social issues along with Putin himself whose popularity has remained high despite his authoritarian approach The contributors conclude that Putin's influence will continue to be felt for years to come not only because he remains powerful in his new post as prime minister but because he laid the groundwork for dealing with the many problems still confronting Russia Only by understanding these challenges and Putin's previous efforts to deal with them will it be possible to understand the rhetoric and actions of his successor Clearly written and organized this text is an indispensable guide for anyone wanting to understand Russia today Contributions by Gregory Gleason Timothy Heleniak Kathryn Hendley Dale R. Darrell Slider Andrei P Tsygankov and Stephen K Wegren      **The Oligarchs** Claes Ericson,2012-03-04 The Oligarchs is the dramatic but serious story about how a small group of young entrepreneurs could become some of the world's richest men and get control of the president of a fallen super power in the process      **Resource Curse and Post-Soviet Eurasia** Vladimir Gel'man,Otar Marganiya,2010-08-06 By the end of the 2000s the term resource curse had become so widespread that it had turned into a kind of magic keyword not only in the scholarly language of the social sciences but also in the discourse of politicians commentators and analysts all over the world like the term modernization in the early 1960s or transition in the early 1990s In fact the aggravation of many problems in the global economy and politics against the background of the rally of oil prices in 2004-2008 became the environment for academic and public debates about the role of natural resources in general and oil and gas in particular in the development of various societies The results of numerous studies do not give a clear answer to questions about the nature and mechanisms of the influence of the oil and gas abundance on the economic political and social processes in various states and nations However the majority of scholars and observers agree that this influence in the most of countries is primarily negative Resource Curse and Post Soviet Eurasia Oil Gas and Modernization is an in depth analysis of the impact of oil and gas abundance on political economic and social developments of Russia and other post Soviet states and nations such as Kazakhstan and Azerbaijan The chapters of the book systematically examine various effects of resource curse in different arenas such as state building regime changes rule of law property rights policy making interest representation and international relations in theoretical historical and comparative perspectives The authors analyze the role of oil and gas dependency in the evolution and subsequent collapse of the Soviet Union authoritarian drift of post Soviet countries building of predatory state and pendulum like swings of Russia from state capture of 1990s to business capture of 2000s uneasy relationships between the state and special interest groups and numerous problems of geo economics of pipelines in post Soviet Eurasia      *Russian Politics Today* Susanne A. Wengle,2022-10-27 Russian Politics Today Stability and Fragility provides an accessible and nuanced introduction to contemporary Russian politics at a time of increasing uncertainty Using the theme of stability versus fragility as its overarching framework this innovative textbook explores the forces that shape Russia's politics economy and society The volume provides up to date coverage of core themes Russia's strong presidency its weak party system the role of civil society and its dependence on oil and gas revenues alongside path breaking chapters on the politics of race class gender sexuality and the environment An international and diverse team of experts presents the most comprehensive available account of the evolution of Russian politics in the post Soviet era providing the tools for interpreting the past and the present while also offering a template for understanding future developments      Export Pipelines from the CIS Region Andreas,2014-04-15 This timely collection offers fresh perspectives to the analysis of the New Great Game the fight for access to the Caspian Sea region's energy resources To date the export of the Caspian crude oil and natural gas has only been assessed geopolitically

which oversimplifies the political dynamics of the region and neglects to acknowledge the Caspian countries as actors in their own right

**Putin's Kleptocracy** Karen Dawisha, 2015-09-22 The raging question in the world today is who is the real Vladimir Putin and what are his intentions Karen Dawisha's brilliant Putin's Kleptocracy provides an answer describing how Putin got to power the cabal he brought with him the billions they have looted and his plan to restore the Greater Russia Russian scholar Dawisha describes and exposes the origins of Putin's kleptocratic regime She presents extensive new evidence about the Putin circle's use of public positions for personal gain even before Putin became president in 2000 She documents the establishment of Bank Rossiya now sanctioned by the US the rise of the Ozero cooperative founded by Putin and others who are now subject to visa bans and asset freezes the links between Putin Petromed and Putin's Palace near Sochi and the role of security officials from Putin's KGB days in Leningrad and Dresden many of whom have maintained their contacts with Russian organized crime Putin's Kleptocracy is the result of years of research into the KGB and the various Russian crime syndicates Dawisha's sources include Stasi archives Russian insiders investigative journalists in the US Britain Germany Finland France and Italy and Western officials who served in Moscow Russian journalists wrote part of this story when the Russian media was still free Many of them died for this story and their work has largely been scrubbed from the Internet and even from Russian libraries Dawisha says But some of that work remains

**Socialism, Capitalism and Alternatives** Peter J. S. Duncan, Elisabeth Schimpfössl, 2019-10-14 In 1989 the Berlin Wall came down Two years later the Soviet Union disintegrated The collapse of communism in Eastern Europe and the Soviet Union discredited the idea of socialism for generations to come It was seen as representing the final and irreversible victory of capitalism This triumphal dominance was barely challenged until the 2008 financial crisis threw the Western world into a state of turmoil Through analysis of post socialist Russia and Central and Eastern Europe as well as of the United Kingdom China and the United States Socialism Capitalism and Alternatives confronts the difficulty we face in articulating alternatives to capitalism socialism and threatening populist regimes Beginning with accounts of the impact of capitalism on countries left behind by the planned economies the volume moves on to consider how China has become a beacon of dynamic economic growth aggressively expanding its global influence The final section of the volume poses alternatives to the ideological dominance of neoliberalism in the West Since the 2008 financial crisis demands for social change have erupted across the world Exposing the failure of neoliberalism in the United Kingdom and examining recent social movements in Europe and the United States the closing chapters identify how elements of past ideas are re emerging among them Keynesianism and radical socialism As those chapters indicate these ideas might well have potential to mobilise support and challenge the dominance of neoliberalism

**Authority, Ascendancy, and Supremacy** Gregory O. Hall, 2013-11-12 Authority Ascendancy and Supremacy examines the American Chinese and Russian Big 3 competition for power and influence in the Post Cold War Era With the ascension of regional powers such as India Iran Brazil and Turkey the Big 3 dynamic is an evolving one which

cannot be ignored because of its effect to not only reshape regional security but also control influence and power in world affairs How does one define a global or regional power in the Post Cold War Era How does the relationships among the Big 3 influence regional actors Gregory O Hall utilizes country data from primary and secondary sources to reveal that since the early 1990s competition for influence and power among the Big 3 has intensified and could result in armed confrontation among the major powers He assesses the state of affairs in each country s economic resource military social demographic and political spheres In addition events data which focuses on international interactions facilitates identifying trends in Big 3 interactions as well as their concerns and affairs with regional players Opinion data drawn from policy makers scholarly interviews and survey research data identifies foreign policy interests among the Big 3 as well non Big 3 foreign policy behaviors With its singular focus on American Chinese and Russian interactions policy interests and behaviors Authority Ascendancy and Supremacy represents a significant contribution for understanding and managing Post Cold War conflicts and promises to be an important book

**No Precedent, No Plan** Martin G. Gilman, 2010 Review In 1998 President Boris Yeltsin s government defaulted on its domestic debt and Russia experienced a financial meltdown that brought it to the brink of disaster In *No Precedent No plan* Martin Gilman offers an insider s view of Russia s financial crisis As the International Monetary Fund s senior person in Moscow Gilman was in the eye of the storm Russia s policy response to the economic collapse stemming from the disintegration of the Soviet Union was chaotic Fiscal deficits loomed in anticipation of future budget revenue that never seemed to materialize despite repeated promises to the IMF The rapid buildup of sovereign debt would have challenged even a competent government In the new Russia with its barely functioning government and no consensus on the path toward democratic and economic transformation domestic politics trumped economic common sense Gilman argues that the debt default although avoidable actually spurred Russia to integrate its economy with the rest of the world In analyzing the ordeal of the 1998 crisis Gilman suggests that the IMF helped Russia avoid an even greater catastrophe He details the IMF s involvement and underscores the unique challenge that Russia presented to the IMF There really was no precedent even if economist Joseph Stiglitz and others argued otherwise In recounting Russia s emergence from the IMF s tutelage Gilman explains how the shell shocked Russian public turned to Vladimir Putin in search of stability after the trauma of 1998 And although Russia s own prospects are favorable Gilman expresses concern that the 1998 Russian default could serve as an unfortunate precedent for sovereign defaults in the future with the IMF once again playing a similar role *No Precedent No Plan* offers a definitive account the first from an insider s perspective of Russia s painful transition to a market economy

**Putin's Virtual War** William Nester, 2020-02-19 A look at the Russian leader s successful use of hard military and economic power and soft psychological power through information warfare or fake news Vladimir Putin has tightly ruled Russia since 31 December 1999 and will firmly assert power from the Kremlin for the foreseeable future Many fear and loath him for his brutality for ordering opponents imprisoned on trumped up charges and

even murdered Yet most Russians adore him for rebuilding the economy state authority and national pride Putin has mastered the art of power Depending on what is at stake that involves the deft wielding of appropriate or smart ingredients of hard physical power like armored divisions multinational corporations and assassins and soft psychological power like diplomats honey traps cyber trolls and fake news factories to defeat threats and seize opportunities Russian hackers penetrated the Democratic National Committee DNC and Hillary Clinton s campaign organization extracted tens of thousands of potentially embarrassing emails and posted them on WikiLeaks As the Kremlin s latest ruler Putin like most of his predecessors is as realistic as he is ruthless He knows the limits of Russian hard and soft power while constantly trying to expand them He is doing whatever he can to advance Russian national interests as he interprets them In Putin s mind Russia can rise only as far as the West can fall And on multiple fronts he is methodically advancing to those ends Putin s Virtual War reveals just how and why he does so and the dire consequences for America Europe and the world beyond The author has set out the dangers that Putin has brought to the world in a must read book **Firetrench** **Post-Soviet Power** Susanne A. Wengle,2015-02-05 Post Soviet Power tells the story of the Russian electricity system and examines the politics of its transformation from a ministry to a market Susanne A Wengle shifts our focus away from what has been at the center of post Soviet political economy corruption and the lack of structural reforms to draw attention to political struggles to establish a state with the ability to govern the economy She highlights the importance of hands on economic planning by authorities post Soviet developmentalism and details the market mechanisms that have been created This book argues that these observations urge us to think of economies and political authority as mutually constitutive in Russia and beyond Whereas political science often thinks of market arrangements resulting from political institutions Russia s marketization demonstrates that political status is also produced by the market arrangements that actors create Taking this reflexivity seriously suggests a view of economies and markets as constructed and contingent entities Wheel of Fortune Thane Gustafson,2012-11-06 One of the world s largest exporters of oil faces mounting problems that could send shock waves through every major economy Gustafson provides an authoritative account of the Russian oil industry from the last years of communism to its uncertain future The stakes extend beyond global energy security to include the threat of a destabilized Russia
