Online Introduction Antonio Gramsci Thought Legacy:

An Introduction to Antonio Gramsci George Hoare, Nathan Sperber, 2015-11-19 This is a concise introduction to the life and work of the Italian militant and political thinker Antonio Gramsci. As head of the Italian Communist Party in the 1920s, Gramsci was arrested and condemned to 20 years imprisonment by Mussolini's fascist regime. It was during this imprisonment that Gramsci wrote his famous Prison Notebooks, over 2,000 pages of profound and influential reflections on history, culture, politics, philosophy, and revolution. An Introduction to Antonio Gramsci retraces the trajectory of Gramsci's life before examining his conceptions of culture, politics, and philosophy. Gramsci's writings are then interpreted through the lens of his most famous concept, that of hegemony. Gramsci's thought is then extended and applied to think through contemporary problems to illustrate his distinctive historical methodology. The book concludes with a valuable examination of Gramsci's legacy today and useful tips for further reading. George Hoare and Nathan Sperber make Gramsci accessible for students of history, politics, and philosophy keen to understand this seminal figure in 20th century intellectual history. **An**

Handbook of Translation and Activism Rebecca Gould, Kayvan Tahmasebian, 2020-06-02 The Routledge Handbook of Translation and Activism provides an accessible, diverse, and ground-breaking overview of literary, cultural, and political translation across a range of activist contexts. As the first extended collection to offer perspectives on translation and activism from a global perspective, this handbook includes case studies and histories of oppressed and marginalised people from over twenty different languages. The contributions will make visible the role of translation in promoting and enabling social change, in promoting equality, in fighting discrimination, in supporting human rights, and in challenging autocracy and injustice across the Middle East, Africa, Latin America, East Asia, the US, and Europe. With a substantial introduction, thirty-one chapters, and an extensive bibliography, this Handbook is an indispensable resource for all activists, translators, students, and researchers of translation and activism within translation and interpreting studies. **Navigating Social Journalism**

Martin Hirst, 2018-10-17 Public trust in the once powerful institutions of the News Establishment is declining. Sharing, curating and producing news via social media channels may offer an alternative if the difficult process of verification can be mastered by social journalists operating outside of the newsroom. *Navigating Social Journalism* examines the importance of digital media literacy and how we should all be students of the media. Author Martin Hirst emphasizes the responsibility that individuals should take when consuming the massive amounts of media we encounter on a daily basis. This includes information we gather from online media, streaming podcasts, social media and other formats. The tools found here will help students critically evaluate any incoming media and in turn produce their own media with their own message. This book aims both to help readers understand the current state of news media through theory and provide practical techniques and skills to partake in constructive social journalism.

The Internet Is for Cats Jessica Maddox, 2022-10-14 LOL cats Grumpy Cat Dog rating Twitter Pet Instagram accounts. It's generally understood the internet is for pictures of cute cats and dogs and otters and pandas. But what motivates people to make and share these images and how do they relate to other online social practices? *The Internet is for Cats* examines how animal images are employed to create a lighter, more playful mood, uniting users within online spaces that can otherwise easily become fractious and toxic. Placing today's pet videos, photos and memes within a longer history of mediated animal images, communication scholar Jessica Maddox also considers the factors that make them unique. She explores the roles that animals play within online economies of cuteness and attention as well as the ways that animal memes and videos respond to common experiences of life under neoliberalism. Conducting a rich digital ethnography, Maddox combines observations and textual analysis with extensive interviews of the people who create, post and share animal media, including TikTok influencers seeking to make their pets famous, activists tweeting about wildlife conservation and Redditors upvoting every cute cat photo. *The Internet is for Cats* will leave you with a new appreciation for the human social practices behind the animal images you encounter online.

Civil Rights Music Reiland Rabaka, 2016-05-03 While there have been a number of studies that have explored African American movement culture and African American movement politics, rarely has the mixture of black music and black politics, or rather black music as an expression of black movement politics, been explored across several genres of African American movement music and certainly not with a central focus on the major soundtracks of the Civil Rights Movement: gospel, freedom songs, rhythm and blues and rock and roll. Here the mixture of music and politics emerging out of the Civil Rights Movement is critically examined as an incredibly important site and source of spiritual rejuvenation, social organization, political education and cultural transformation, not simply for the non-violent civil rights soldiers of the 1950s and 1960s but for organic intellectual artist-activists deeply committed to continuing the core ideals and ethos of the Civil Rights Movement in the twenty-first century. *Civil Rights Music: The Soundtracks of the Civil Rights Movement* is primarily preoccupied with that liminal, in-between and often inexplicable place where black popular music and black popular movements meet and merge. Black popular movements are more than merely social and

political affairs Beyond social organization and political activism black popular movements provide much needed spaces for cultural development and artistic experimentation including the mixing of musical and other aesthetic traditions Movement music experimentation has historically led to musical innovation and musical innovation in turn has led to new music that has myriad meanings and messages some social some political some cultural some spiritual and indeed some sexual Just as black popular movements have a multiplicity of meanings this book argues that the music that emerges out of black popular movements has a multiplicity of meanings as well The End of the End of History Alex Hochuli, George Hoare, 2021-06-25

Nazmul Islam, 2023-10-30 In international politics states often strive to maintain their position through either cooperation or force Soft power theory has emerged as a non violent approach for states to achieve national interest by utilizing intangible resources China and India have both successfully employed soft power strategies to expand their influence and Pakistan is a relevant case study for examining the soft power of China and India as it neighbors of both countries The withdrawal of the United States from Afghanistan has raised questions about how India and China will engage and cooperate in dealing with Pakistan as well as how they will fill the regional gap left by the US Nazmul Islam considers Joseph S Nye's Soft Power theory and develops a new idea of Power of Bonding based on non Western perspectives to examine India and China's soft power strategy on Pakistan Additionally it evaluates their areas of influence and soft power strategy in three thematic areas political and diplomatic engagement cultural attributions and attraction for power bonding and economic partnerships To accomplish these objectives the study relies on various research methods including content analysis of articles published in Pakistan's Dawn newspaper and one on one interviews with participants from Pakistan India and China **Adivasi or Vanvasi** Kamal Nayan Choubey, 2025-05-16 An extremely important and timely book Nandini Sundar Professor Department of Sociology Delhi University Akhil Bhartiya Vanvasi Kalyan Ashram popularly known as Vanvasi Kalyan Ashram or VKA is the tribal wing of Rashtriya Swayamsevak Sangh RSS As the largest tribal organization in the country it works in many areas of Kerala Jharkhand and the North east of India Till the late 1970s VKA's work was limited to a few districts of Chhattisgarh then Madhya Pradesh Jharkhand then Bihar and Odisha but it has gradually and continuously expanded its footprint in different parts of the country It is noteworthy that from its inception VKA focused on spreading Hindu values by organizing religious rituals in tribal areas and working in the area of education and hostels It has tirelessly worked to provide medical help to the tribals from the mid 1960s However after the late 1970s it started to work in different aspects of tribal communities lives By the 1990s it also formally began to raise questions related to the rights of tribal communities over forest land and its resources Exploring its genesis historical journey the nature of ideological discourse and various functions of the VKA this book opens a window to the contribution of an organization which largely remained untold and therefore unknown Deeply researched and evocative Adivasi or Vanvasi would immensely interest anyone interested to understand modern India's history politics and changing landscape of Indian society **Narratives on Becoming** Emilie Clucas Leaderman, Jennifer S. Jefferson, Jo Ann Gammel, Sue L. Motulsky, Amy Rutstein-Riley, 2021-07-01 Learning and identity development are lifetime processes of becoming The construction of self of

interest to scholars and practitioners in adult development and adult learning is an ongoing process with the self both forming and being formed by lived experience in privileged and oppressive contexts. Intersecting identities and the power dynamics within them shape how learners define themselves and others and how they make meaning of their experiences in the world. The series *I Am What I Become: Constructing Identities as Lifelong Learners* is an insightful and diverse collection of empirical research and narrative essays in identity development, adult development, and adult learning. The purpose of this series is to publish contributions that highlight the intimate and intricate connections between learning and identity. The series aims to assist our readers to understand and nurture adults who are always in the process of becoming. We hope to promote reflection and research at the intersection of identity and adult learning at any point across the adult lifespan. The rich array of qualitative research designs as well as autobiographic and narrative essays transform and expand our understanding of the lived experience of people both like us and unlike us from the U.S. and beyond.

Narratives on Becoming: Identity and Lifelong Learning, Volume Three of the series, explores a myriad of ways that authors' personal and professional growth has influenced identity development. These chapters provide insights into the intersectional identities and learning of writers. Drawing from the multiple paths that comprise the journey of lifelong learning, these authors present powerful stories that identify the ways relationships, environments, culture, travel, and values shape their identities, use literacy teaching and learning as vehicles for experimenting with new identities, negotiate multiple identities, contexts, and transitions involved in becoming, and construct meaning. Through their narrative essays and ethnographic autobiographical accounts, the authors in this volume illuminate the power of transformational learning during life-changing events and transitions.

Praise for *Narratives on Becoming: Identity and Lifelong Learning*: The third volume in the *I Am What I Become* series, *Narratives on Becoming: Identity and Lifelong Learning*, invites readers into the lives of educators from around the world. This book includes important narratives from students, secondary educators, and post-secondary educators alike, highlighting how race, class, gender, and a wide range of other intersectional identities shape the diverse lived experiences of educators and their students. This volume also serves as an important reminder for all of us that the learning process continues across a lifetime and transcends the limits of the traditional classroom.

Brian Bicknell, President, Manchester Community College: We all pay lip service to the importance of lifelong learning, but what is it exactly, and how does it come about? The connections between identity and learning are intriguing and complex, especially when it comes to adult learners. In this very thoughtfully organized collection, researchers present qualitative and narrative studies along with personal narratives to explore identity development in formal and informal learning environments. Contributions from varied cultural contexts, most with powerful and moving stories to tell, provide insight into how identity, meaning-making, and adult learning and development intersect and influence each other. Psychologists, scholars, and educators interested in identity development and meaning-making will find inspiration and fresh understanding in this innovative and enlightening series.

established musical culture Even the events of his death are shrouded in mystery and lack a sense of closure As long ago as 1967 Morton Feldman cited Cardew as an influential figure central to the future of modern music making The extent to which Cardew has been a central figure and a force for new ideas in music forms the backbone to this book Harris demonstrates that Cardew was an original thinker a charismatic leader an able facilitator and a committed activist He argues that Cardew exerted considerable influence on numerous individuals and groups but also demonstrates how the composer's significance has been variously underestimated undermined and misrepresented Cardew's diverse body of work and activity is here given coherence by its sharing in the values and principles that underpinned the composer's world view The apparently disparate and contradictory episodes of Cardew's career are shown to be fused by a cohesive Cardew aesthetic that permeates the man his politics and his music

Global Marxism Simin Fadaee,2024-09-10 A cutting edge exploration of how Marx s ideas have been adopted and

adapted by revolutionary thinkers in the Global South For much of the twentieth century the ideas of Karl Marx provided the backbone for social justice around the world But today the legacy of Marxism is contested with some seeing it as Eurocentric and irrelevant to the wider global struggle In *Global Marxism* Simin Fadaee argues that Marxism remains a living tradition and the cornerstone of revolutionary theory and practice in the Global South She explores the lives ideas and legacies of a group of revolutionaries who played an exceptional role in contributing to counter hegemonic change Figures such as Ho Chi Minh Kwame Nkrumah Ali Shariati and Subcomandante Marcos did not simply accept the version of Marxism that was given to them they adapted it to local conditions and contexts In doing this they demonstrated that Marxism is not a rigid set of propositions but an evolving force whose transformative potential remains enormous This global Marxism has much to teach us in the never ending task of grasping the changing historical conditions of capitalism and the complex world in which we live
