**How to Be an Atheist (Foreword by J. P. Moreland)** Mitch Stokes, 2016-02-12 Atheists love to challenge the beliefs of Christians emphasizing the importance of skepticism for all truly free thinking people However more often than not atheists actually aren't skeptical enough In this book philosopher Mitch Stokes demonstrates that atheists confidence in the supposed God killing facts of science math and their own reason all too often lulls them into a mind set that leaves their own worldview largely unquestioned Making the case for a more complete skepticism that questions the assumptions of Christians and non Christians this book winsomely shows how Christianity offers the best explanation for the world humanity and morality

Why I Became an Atheist John W. Loftus, 2012-10-10 For about two decades John W Loftus was a devout evangelical Christian an ordained minister of the Church of Christ and an ardent apologist for Christianity With three degrees in philosophy theology and philosophy of religion he was adept at using rational argumentation to defend the faith But over the years doubts about the credibility of key Christian tenets began to creep into his thinking By the late 1990s he experienced a full blown crisis of faith In this honest appraisal of his journey from believer to atheist the author carefully explains the experiences and the reasoning process that led him to reject religious belief The original edition of this book was published in 2006 and reissued in 2008 Since that time Loftus has

received a good deal of critical feedback from Christians and skeptics alike In this revised and expanded edition the author addresses criticisms of the original adds new argumentation and references and refines his presentation For every issue he succinctly summarizes the various points of view and provides references for further reading In conclusion he describes the implications of life without belief in God some liberating some sobering This frank critique of Christian belief from a former insider will interest freethinkers as well as anyone with doubts about the claims of religion
