Opa And Oma Together:

Opa & Oma Together Patrick Mader, 2005 Meet Opa and Oma grandparents who have shared a long life together on their farm Once they nurtured seven children a variety of farm animals and rolling fields with their love and hard work Now they teach their grandchildren about the wonderful ways you can grow not only on the farm but anywhere you live After fifty years on the same farm in the same home Opa and Oma are still growing in life together Cohesive Profiling Christian R. Hoffmann, 2012-04-16 Cohesive Profiling provides one of the first linguistic descriptions of blog discourse focusing on the cohesive relations which enable users to construe blogs as compatible meaningful wholes With a corpus based analysis of cohesive relations in personal blogs the study surprisingly reveals that there is only limited cohesive rapport between the textual contributions of blog authors and readers The book retraces blogs technological linguistic and generic evolution and describes how today's blog genres are structured and composed Additionally it is shown how cohesive interaction shared knowledge and technological expertise converge in blog readers trying to keep track of blog topics purposes and identities over time The book is of interest to researchers in discourse analysis corpus linguistics and pragmatics as well as to scholars working in the field of computer mediated communication **After The Bombs-My Berlin** Heidi Smith, 2016-08-25 This recollection begins with the life of a German family at the beginning of the First World War and continues with their struggles in the aftermath of the Second World War After the war Berlin was mostly rubble and the Cold War was heating up The Berlin Blockade and the construction of The Wall placed the city in the center of the Cold War After the Bombs reflects on the hardships and strict society of the first half of the 20th century in Germany Heidi Smith responds to these challenges with an adventurous spirit that reminds us all that we are stewards of our own destiny **German Boy** Wolfgang Samuel, 2001-10-16 I think German Boy has all the qualities of greatness I love the book from the Foreword by Stephen Ambrose As the Third Reich crumbled in 1945 scores of Germans scrambled to flee the advancing Russian troops Among them was a little boy named Wolfgang Samuel who left his home with his mother and sister and ended up in war torn Strasbourg before being forced farther west into a disease ridden refugee camp German Boy is the vivid true story of their fight for survival as the tables of power turned and for reasons Wolfgang was too young to understand his broken family suffered arbitrary arrest rape hunger and constant fear Because his father was off fighting the war as a Luftwaffe officer young Wolfgang was forced to become the head of his household scavenging for provisions and scraps with which to feed his family Despite his best efforts his mother still found herself forced to do the unthinkable to survive and her sacrifices became Wolfgang's worst nightmares Somehow with the resilience only children can muster he maintained his youth and innocence in little ways making friends with other young refugees playing games with shrapnel delighting in the planes flown by the Americans and the candies the GIs brought In the end the Samuels begin life anew in America and Wolfgang eventually goes on to a thirty year career in the U S Air Force Bringing fresh insight to the dark history of Nazi Germany and the horror left

in its wake German Boy records the valuable recollections of an innocent s incredible journey

The Missions Mildred Nidds,2010-10-26 Steffan Schmidt had a wonderful life As a travel writer he explored the exotic countries of the world San Francisco was his home base and the perfect city to live the life of a handsome bachelor His life would change when he began to receive visions and messages how from where and from whom he could not fathom The only thing he knew for sure is that they demanded that he follow through on their instructions and that a terrible price would be paid if he didn t Fearing for his sanity Stefan sought the sanctuary of his Sierra Foothills retreat only to find that he had no choice but to follow the path set for him by the mysterious sources of his maddening visions With his friends family and ultimately the entire human race depending on him could Stefan Schmidt face the consequences and summon the determination and courage to complete The Missions

Hidden Beneath the Thorns Gabriele M. Quinn,2009-11-18 In the compelling memoir Hidden Beneath the Thorns Ingeborg Tismer shares her fascinating journey of what it was like to be an ordinary German citizen during the Nazi regime As told to her daughter Gabriele Quinn Ingeborg provides a glimpse into the world of a young woman who grew up during the reign of the Third Reich on her grandparents farm with a pacifist mother and rigidly strict father a father who in order to put bread on the table was coerced into joining Hitler s private army the SA Interposed with historical chronicles Ingeborg relays how at the age of ten she joined the branch of Hitler youth for girls thrilled to march to the beat of Nazi drums But Ingeborg s grandparents resisted the Nazis whenever possible and hid Jewish families in a simple hillside dugout aided by Russian laborers placed on their farm As the Russians advanced upon Germany in January 1945 Inge s family farm was seized by the Soviets and turned into a Kommandantura or Field Command Post A fascinating relationship developed and Inge s family were protected from Russian abuse Despite this Ingeborg and the remainder of her family were forced to live within dusty piles of broken bricks sickly smells and hungry survivors in the remnants of post war Berlin when all Germans had to leave the area east of the Oder River Throughout the book Ingeborg s story chronicles how Adolf Hitler was able to seize and mold an entire people into a machine of madness and how the sanity of the outside world finally brought it all to an end

The Power of Two Isabel Stenzel Byrnes, Anabel Stenzel, 2014-10-14 For most people a diagnosis of cystic fibrosis means the certainty of a life ended too soon But for Isabel Stenzel Byrnes and Anabel Stenzel twin girls with the disease what began as a family's stubborn determination grew into a miracle The tragedy of CF has been touchingly recounted in such books as Frank Deford's *Alex The Life of a Child* but *The Power of Two* is the first book to portray the symbiotic relationship of twins who share this life threatening disease through adulthood Isabel and Anabel tell of their lifelong struggle to pursue normal lives with cystic fibrosis while grappling with the realization that they will die young Their story reflects the physical and emotional challenges of a particularly aggressive form of CF and is an honest and gripping portrayal of the daily struggle associated with long term hospitalization the impact of chronic illness on marriage and family and the importance of a support network to continuing survival Born in 1972 seventeen years before scientists discovered the genetic mutation that causes CF the Stenzel twins endured the daily regimen of chest percussion frequent doctor visits and lengthy hospitalizations But in the face of innumerable setbacks their deep seated dependence on each other allowed them to survive long enough to reap the benefits of the miraculous lung transplants that marked a turning point in their lives We have an old life one of growing up with chronic illness and anew life one of opportunities and gifts we have never imagined before In this memoir they pay tribute to the people who shaped their experience These two remarkable sisters have much to teach about the power of perseverance and about the ultimate power of hope

Looking Back Rolf J. Wysock, 2019-10-11 It is a fascinating exciting and highly extraordinary story that is intertwined with personal experiences

Numerous intriguing historical references are made to expose the hypocrisy of justice exaggerated or deliberately distorted and conveniently forgotten facts that victors are loath to have unearthed and explores the prevailing mind set of people before the war and afterwards It portrays a young German boy who personally witnessed the horrible tragedy of war listened to veteran soldiers and civilians describe their ordeal of inhumane suffering Thanks to the capable guidance of loving paternal grandparents who were there for him in his desperate hours they had instilled in him a solid foundation for life After a poignant departure from Germany and a harrowing sea voyage filled with humor and suspense Rudie arrived safely in his new home and quickly realized the absolute necessity of learning a new language His hopes for a new life and an unexpected short residency in Canada were shattered by the death of his father Vati Only after his birth mother had been coerced to take care of him was it possible for him to immigrate to the United States Rudie developed more fondness for his stepfather than he ever had for his mother who denied him her estate when she died Tragic circumstances forced him to assume an adult posture before he was twelve years old It is a plethora of human emotions ranging from grief to hilarious humor and eventual success despite often seemingly insurmountable odds *Heritage of Hope* Hannah Willems,2002-11 Here is proof that the lives of ordinary people can have an extraordinary impact This book is compiled as a literary photo album the theme is my grandparents Nick and Ineke Willems Come and be a part of the Willems family for a short while and allow yourself to be challenged by what you read Nick and Ineke have literally influenced thousands of people both directly and indirectly I hope that as you read you become the next person whose life they touch
