Sparing Civilians Seth Lazar, 2015 Killing civilians is worse than killing soldiers Few moral principles have been more widely and viscerally affirmed But in recent years it has faced a rising tide of dissent Seth Lazar aims to turn this tide and to vindicate international law He develops new insights into the morality of harm relevant to everyone interested in the debate

Self-Defense, Necessity, and Punishment Uwe Steinhoff, 2019-10-08 This book offers a philosophical analysis of the moral and legal justifications for the use of force While the book focuses on the ethics self defense it also explores its relation to lesser evil justifications public authority the justification of punishment and the ethics of war Steinhoff's account of the moral use of force covers a wide range of topics including the nature of justification in general the precise elements of different justifications the logic of claim and liberty rights and of rights forfeiture the value of human life and its limits and the principles of reciprocity and precaution While the author's analysis is primarily philosophical it is informed by a metaethical stance that also places heavy emphasis on existing law and legal scholarship In doing so the book appeals to widely shared moral intuitions precepts and concepts grounded in criminal law Self Defense Necessity and Punishment offers the most comprehensive and systematic account of the ethics of self defense It will be of interest to scholars and graduate students working in applied ethics and moral philosophy philosophy of law and political philosophy

**Moral Victories** Andrew R. Horn, Cian O'Driscoll, Kurt Mills, 2017 Moral Victories is the first book length treatment of the ethical dimensions of victory in war

**The Oxford Handbook of Ethics of War** Seth Lazar, Helen Frowe, 2018 Recent years have seen a resurgence of interest among both philosophers legal scholars and military experts on the ethics of war Due in part due to post 9 11 events this resurgence is also due to a growing theoretical sophistication among scholars in this area Recently there has been very influential work published on the justification of killing in self defense and war and the topic of the ethics of war is now more important than ever as a discrete field The 28 commissioned chapters in this Handbook will present a comprehensive overview of the field as well as make significant and novel contributions and collectively they will set the terms of the debate for the next decade Lazar and Frowe will invite the leading scholars in the field to write on topics that are new to them making the volume a compilation of fresh ideas rather than a rehash of earlier work The volume will be divided into five sections Method History Resort Conduct and Aftermath The contributors will be a mix of junior and senior figures and will include well known scholars like Michael Walzer Jeff McMahan and David Rodin

**War Crimes Trials and Investigations** Jonathan Waterlow, Jacques Schuhmacher, 2018-01-31 This book represents the first multi disciplinary introduction to the study of war crimes trials and investigations It introduces readers to the numerous disciplines engaged with this complex subject including Forensic Anthropology Economics and Anthropometrics Legal History Violence Studies International Criminal Justice International Relations and Moral Philosophy The contributors are experts in their respective fields and the chapters highlight each discipline's major trends debates methods and approaches to mass atrocity genocide and crimes

against humanity as well as their interactions with adjacent disciplines Case studies illustrate how the respective disciplines work in practice including examples from the Allied Hunger Blockade WWII the Guatemalan and Spanish Civil Wars the Former Yugoslavia and Uganda Including bibliographical essays to offer readers crucial orientation when approaching the specialist literature in each case this edited collection equips readers with what they need to know in order to navigate a complex and until now deeply fragmented field A diverse and interdisciplinary body of research this book will be indispensable reading for scholars of war crimes
