The Gravity of Us Phil Stamper, 2020-02-04 I'm so starry-eyed for this wise romantic gem of a book. Becky Albertalli, bestselling author of *Simon vs the Homo Sapiens Agenda*. In this smart heart-warming YA debut, perfect for fans of Becky Albertalli and Adam Silvera, two teens find love when their lives are uprooted for their parents' involvement in a NASA mission to Mars. Cal wants to be a journalist and he's already well underway with almost half a million followers on his FlashFame app and an upcoming internship at BuzzFeed. But his plans are derailed when his pilot father is selected for a highly publicized NASA mission to Mars. Within days, Cal and his parents leave Brooklyn for hot and humid Houston. With the entire nation desperate for any new information about the astronauts, Cal finds himself thrust in the middle of a media circus. Suddenly, his life is more like a reality TV show with his constantly bickering parents struggling with their roles as the perfect American family. And then Cal meets Leon, whose mother is another astronaut on the mission, and he finds himself falling head over heels and fast. They become an oasis for each other amid the craziness of this whole experience. As their relationship grows, so does the frenzy surrounding the Mars mission, and when secrets are revealed about ulterior motives of the program, Cal must find a way to get to the truth without hurting the people who have become most important to him. Dressed in Black Lisa MacKinney, 2025-03-18 The first full-length history of the Shangri Las, one of the most significant and most misunderstood pop groups of the 1960s. Sisters Mary and Betty Weiss, together with twins Mary Ann and Marguerite Ganser, were schoolgirls when they formed the Shangri Las in 1963 and had a meteoric rise to fame with songs like "Leader of the Pack" and "Remember Walking in the Sand." Their career was cut short for reasons largely beyond their control, derailed by the machinations of Mafia-linked record executives and heartbreak and tragedy followed. Historian Lisa MacKinney marshals an impressive array of new evidence to tell the Shangri Las story, dispelling many myths and long-standing mysteries along the way. Equally importantly, *Dressed in Black* radically rewrites the accepted narrative of the Shangri Las' place in rock history. As young women, they were permitted little agency within a male-dominated industry that viewed teenagers as fodder to be manipulated and exploited by producers, songwriters,

and label owners For decades this has served as an excuse for critics to deny the musical input of the group members to trivialize the Shangri Las as a girl group and to assign their work a lesser rank in the canon of authentic rock and roll MacKinney s great achievement here is to foreground the Shangri Las considerable abilities and musicality and establish the centrality of their performance of their songs to the group s underappreciated artistic achievement This is not to deny the critical role in the group s success of professional songwriters including Ellie Greenwich and Jeff Barry and writer producer George Shadow Morton a pioneering and eccentric figure whose self mythologizing has generated a level of obfuscation that rivals that of the Shangri Las themselves MacKinney s clear sighted account reveals Morton in a completely new light and as part of a complex ecosystem of musical relationships Morton wrote and produced highly emotional material specifically for the Shangri Las because he knew they had the skills to make his mini operas not only believable but enthralling The group members particularly Mary Weiss channeled personal anguish into their extraordinary performances which are central to the songs impact no less so than for such classic singers as Ella Fitzgerald and Elvis Presley who also relied on producers and songwriters for their body of work The Shangri Las impassioned delivery elicited a massive response from their audience of fellow teenagers at the time and has continued to connect profoundly with audiences ever since MacKinney backs up these arguments with in depth analysis of key Shangri Las recordings and makes a powerful case that their achievements warrant a far more prominent place for the Shangri Las in the history of popular music *The Color of Life* Cara

Getting Married Theresa Alan, 2013-10-08 You are not the first and you are definitely not the last And probably you are not the best It's never a good idea to take messages scrawled in bar bathrooms personally Eva Lockart knows this really she does Still such things tend to take on a weird sort of significance when one is in the throes of a panic attack prompted by irrational jealousy of one's boyfriend's ex wife Something that's been happening lately a lot Not that Eva has anything to worry about really X she has a name but why dwell on details is long gone and Will loves Eva now loves her enough in fact to want to move in and get married So she's got a guy she's crazy about a thriving business and fun wedding plans to make including finding an affordable reception site that doesn't have dead animal heads hanging from the walls a non poofy dress that adequately corrals her cleavage and a cake that isn't orange inside Still what's a little stress in exchange for wedded

bliss When Eva thinks of all the married people she knows she's positive that this may turn out to be the biggest mistake of her life because all those married people are now either acrimoniously divorced or seemingly on the brink But once the bridal ball is rolling downhill it's damn near impossible to stop it without getting crushed And now the fact that Will's done this once before has Eva running that much faster to make things perfect and getting herself into more trouble than she ever dreamed possible
