Miami Heat Schedule 2015:

Focus On: 100 Most Popular United States Men's National Basketball Team Players Wikipedia contributors, **Focus On: 100 Most Popular National Basketball Association All-Stars** Wikipedia contributors, **Focus On: 100 Most Popular Centers (Basketball)** Wikipedia contributors, *Focus On: 100 Most Popular 21st-century American Musicians* Wikipedia contributors, *Defining Sport Communication* Andrew C. Billings, 2016-10-14 *Defining Sport Communication* is a comprehensive resource addressing core topics and issues including humanistic organizational relational and mediated approaches to the study of sport communication. It provides foundational work in sport communication for students and scholars reflecting the abundance of research published in recent years and the ever increasing interest in this area of study. Bringing together scholars from various epistemological viewpoints within communication, this volume provides a unique opportunity for defining the breadth and depth of sport communication research. It will serve as a seminal reference for existing scholarship while also providing an agenda for future research. **National Basketball Association Franchises** Frank P. Jozsa Jr., 2017-02-09 This book examines the development and organization of the NBA and its clubs, how each club has performed in seasons and postseasons, and to what extent each has prospered and succeeded as a business enterprise despite competition for market share from other types of entertainment. Each chapter contains two core themes: Team Performance and Franchise Business. The former highlights how teams won division and conference titles and NBA championships, while the latter analyzes and compares financial data including revenue, gate receipts, and operating income. The book also explores such things as when each franchise organized and why it joined the NBA, a brief profile of its current majority owner or ownership group, records of teams' special coaches and players' attendances at home games, and how their arenas rank as venues for fans. This book explains why particular teams located in very large, large, mid-sized, or small markets win more games and titles than others, and when and how frequently this occurs. In addition, it provides ways to individually and by division or conference compare basketball franchises from a financial perspective. *Focus On: 100 Most Popular Shooting Guards* Wikipedia contributors, *The Revolt of the Black Athlete* Harry Edwards, 2017-05-02 *The Revolt of the Black Athlete* hit sport and society like an Ali combination. This Fiftieth Anniversary edition of Harry Edwards's classic of activist scholarship arrives even as a new generation engages with the issues he explored. Edwards's new introduction and afterword revisit the revolts by athletes like Muhammad Ali, Kareem Abdul Jabbar, Tommie Smith, and John Carlos. At the same time, he engages with the struggles of a present still rife with racism, double standards, and economic injustice. Again relating the rebellion of black athletes to a larger spirit of revolt among black citizens, Edwards moves his story forward to our era of protests, boycotts, and the dramatic politicization of athletes by Black Lives Matter. Incisive yet ultimately hopeful, *The Revolt of the Black Athlete* is the still essential study of the conflicts at the interface of sport, race, and society. *The Oxford Handbook of American Sports Law* Michael A. McCann, 2018 *The Oxford Handbook of American Sports Law* is a timely and

engaging compilation of commentaries by leading experts on the most significant issues in US sports law The book blends analysis of historical and contemporary controversies with prescriptions for how courts and lawmakers can reconcile the competing interests of leagues owners and players The Handbook also establishes a foundation for future research on sports law issues As technology and social media alter the ways fans athletes and team officials interact legal doctrine will be challenged to adapt and the Handbook both forecasts these debates and outlines where the law may be headed
