A BRAND New You Austin E. Thompson, Jr., MBA, MPM,2010-02-19 I took personal pride in composing this book on personal branding with a purpose of reaching entrepreneurs who are interested in enhancing their personal self image in parallel with the image of their businesses for working professionals who are on the fast track up the corporate ladder and may wish to gain an edge on the competition and for college students who are preparing for a professional life after their academic journey Personal branding is not new but has become increasingly important for many professionals in recent years who seek a competitive advantage over their counterparts to stand out and be noticed among a plethora of talented candidates This is even more imperative now than a few years ago as we are faced with 10% national unemployment with over 7 million workers laid off since the recession began back in December 2007 In some U S cities unemployment is over 50% with the unemployment rate in some states exceeding the national rate With so

many professionals out of work fighting to get re employed in a job and career commensurate with their skills and education the task has become increasingly challenging leaving many unemployed individuals hopeless while confronted with life changing decisions Trying to stand out and be recognized in a dense pool of qualified candidates is not as easy as it may have been in the past with companies directing millions of candidates to their websites on which to post resumes and create lengthy and time intensive profiles The job search has become a faceless and mundane process with very little success and with increased frustration to many who continue to sink into an abyss of debt and personal despair With this situation looming those out of work professionals will have to think outside the box on how to get noticed be recognized and make a positive impression on recruiters and hiring managers constantly searching for suitable talent Candidates will have to market and promote themselves as a BRAND a successful personal image that translates quality success integrity impressiveness reliability and bringing value to the company of their interest Personal branding will ensure that companies identify you with the strength and true worth in what they look for when considering candidates For those who are fortunate to still be employed personal branding is just as important to achieving success in the work place Companies are constantly looking for ways to trim the fat and become lean in their operations Hence operational efficiency is their ultimate goal Akin to this effort of process improvement is doing more with less which often influences the elimination of human labor This occurs when companies experience a reduction in profits have less retained earnings to expand operations and invest in growing the business and realizing diminishing returned value to their shareholders Oftentimes workers must be let go if they are determined to be part of non producing or non revenue generating functions of the organization or if they themselves are perceived to be adding little value to the organization If a company believes it can do without you it will let you go in a layoff or downsizing It is not a personal matter but a business decision that companies large or small are confronted with on a constant basis It is all about the bottom line and keeping the doors open Working professionals have to determine how they are identified by their companies How strong is your personal BRAND and how valuable are you to your employer What differentiates you from your peers that make you stand out What type of impression are you making on your company Are there any weaknesses that you have to strengthen These are some of the questions that you must honestly ask yourself and answer Performing an honest assessment on your personal BRAND will capture the things that make you valuable to your employer while at the

Media Dictatorship Cedrick Ngalande,2022-07-18 Media Dictatorship How Schools and Educators Can Defend Freedom of Speech outlines how the American media amasses enormous power and uses it to control every aspect of the people's lives including schools elections science and freedom of thought Even religious institutions supposedly answerable to God only are now being influenced and controlled by media This book discusses the devastating consequences of such control on democracy and our civilization and then offers suggestions on what can be done to identify media propaganda and defend freedom of speech The school system has always been the first line of defense for patriotism and democracy It is important for teachers to understand the consequences of a powerful media that does not tolerate diversity of thought This book will encourage teachers to cultivate independence of thought among students School administrators too have a responsibility to ensure that school campuses are sanctuaries of freedom of thought where leaders of tomorrow are taught to be tolerant of opposing views In the larger public outside the school campus Media Dictatorship will spur a robust debate about the kind of media that can help nurture our democracy and civilization

President Barack Obama John K. Wilson,2019-11-11 Barack Obama's improbable quest has become a fact of American life and a benchmark in American history Striving now toward a more perfect union Obama and the nation confront obstacles unforeseen at the outset of the 2008 electoral campaign John K

Wilson tracks the sweep of this progress from the beginning of Obama's political career through his move into the White House. With his critical journalistic eye and his sympathetic native son perspective, Wilson shows us a side of Obama we haven't seen as well as a view of the media we need to understand even more now as the Obama administration begins to govern. The paperback edition of this popular book includes a new introduction, updates throughout, and two new chapters on the electoral victory and the transition from campaigning into governing. New photos and new insights include a focus on the continued importance of race in American politics.

The 2012 Presidential Campaign Robert E. Denton Jr., 2013-07-29
 Presidential campaigns are our national conversations; the widespread and complex communication of issues, images, social reality, and personas. Political communication specialists break down the 2012 presidential campaign and go beyond the quantitative facts, electoral counts, and poll results of the election to make sense of the political bits of communication that comprise our voting choices. The contributors look at the early campaign period, the nomination process, and conventions; the social and political contexts; the debates; the role of candidate spouses; candidate strategies; political strategies; and the use of the Internet and other technologies.

Lethal Injustice Juan B. Botero, 2021-05-27
 A decade before Candidate Donald Trump announced his newly acquired obsession with building a wall on the US-Mexico border, investigative journalist Juan B. Botero denounced Colorado Congressman Tom Tancredo to the House Ethics Committee because of his bizarre obsession with building a wall paid for by the Mexican government. In the summer of 2006, he warned members of Congress and Colorado voters that if Tancredo's localization of World War II German-Italian fascism into American politics wasn't derailed, it would trigger a national crisis in a decade. In spite of severe childhood traumas involving Mexicans, the self-appointed Chairman of the Immigration Reform Caucus refused to recuse himself from shaping US immigration policy, and the Ethics Committee did nothing. In June of 2015, Donald Trump announced his Presidential ambitions, channeling Tancredo's anger issues by denigrating Sephardic Jews, Hispanics, Latinos as murderers and rapists in hardline, offensive tones. Tancredo's poisonous mix of vendetta against Mexicans eventually spread from Congress to the Executive Branch through Steve Bannon and Stephen Miller as the moral blueprint for the Trump Administration. *Lethal Injustice* exposes the corrupt, Americanized fascism that hijacked the Party of Lincoln in 2015: atrocities against immigrants by white supremacist vigilantes on the US-Mexico border and the unprecedented friendliness of conservative anti-immigrant influencers towards Russia. After 6 years of studying Trump's astonishing deference towards Vladimir Putin, the shocking conclusion is that he married not one but two honeytraps loyal to Eastern European intelligence: agent of influence Ivana Zelniková, Trump's mistress from Czechoslovakia, and agent of influence Melania Trump from Slovenia. Trump's marriage to Melania Trump was the result of a highly sophisticated kompromat operation set up by Jeffrey Epstein and Ghislaine Maxwell. Upon taking the Oath of Office on January 20th of 2017, Donald Trump committed treason by aiding

abetting and advancing a Russian owned honeytrap to the rank of First Lady of the United States Unlike her Red Sparrow comrades Anna Chapman Kushchynko and Maria Valeryevna Butina Melania Knave remains at large as the most beautiful dangerous and strategically placed human intelligence HUMINT asset of the former KGB and the greatest failure of American intelligence Lethal Injustice presents evidence for a criminal investigation of former President Trump for treason Hiding behind his justification of violence against immigrants his incitement of violence at the US Capitol on January 6 of 2021 and his steady undermining of America's global prestige are the mission objectives of sexpionage agent Melania Knave the superbly trained communist ex prostitute from the former Socialist Federal Republic of Yugoslavia The only way a supermodel pornographic film actress and commercial sex worker can become First Lady of the United States only 10 years after becoming a US citizen is with the backing of a well planned and highly orchestrated foreign intelligence operation Russian President Vladimir Putin summed it up when he boasted that Russian prostitutes are the best in the world Former President Donald Trump must be held accountable for aiding and abetting domestic terrorism for violating the Foreign Agents Registration Act FARA with his family and for misprision of treason against the United States of America by marrying two honeytraps loyal to the interests of the Russian Federation To review the evidence and perspectives derived from 18 years of research the documents and exhibits related to the lawsuit filed in Federal District Court and to understand why their publication has been subjected to massive cyberattacks go to [www Lethalinjustice com](http://www.Lethalinjustice.com) [Cincinnati Magazine](#) ,2009-01 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region
