Revealing the Skin I'm In Dr Sanjay Parashar,2013-10-08 Being in the field of medicine and plastic surgery I have realised just having knowledge and skills are not enough to be a successful plastic surgeon you need to be a general surgeon a doctor and most importantly a compassionate human being to be successful You also need to be a good administrator leader businessman and politician You need to be a good teacher to continue the legacy This is what I am striving to accomplish My wish is that I will be able to follow my profession with dignity sincerity ethically and legally and to teach the youngsters to do the same This book is about a great discipline that is called plastic surgery It is an intensely personal subject that causes a great deal of debate often very emotional More than any other branch of medicine it is also surrounded by a dense almost impenetrable fog of rumor myths and misconceptions This book will educate you to understand what goes behind the scene Not only that but everything you need to know about the plastic and cosmetic surgery from choosing the right surgeon to avoiding disasters and getting the treatment you really need is here in the book *A Little Work* Z. Paul Lorenc, F.A.C.S., M.D., Trish Hall,2004-10-11 If walls could talk Beyond TV's Extreme Makeover and Nip Tuck this no holds barred account of what goes on in the most private of plastic surgery practices gives the inside story in a way we've never heard before Who are the serial surgery seekers What really happens in a consultation What is the difference between a tummy tuck and liposuction and who is more suited for which What mistakes have doctors made and can they be corrected Dr Paul Lorenc not only supplies answers but analyzes what drives people women and men alike to increasingly request his services Dr Lorenc also describes Why never to have plastic surgery on a Friday What post surgical recovery really involves The truth about Botox and other injectibles Why expensive skin care products don't work The myth of lunch hour procedures and quick recovery Now at the top of his game this well established dynamic surgeon is perfectly positioned to tell it all

Do I Need It? (And What if I Do?) francesca camp,2014-06-10 Even if you're just thinking about plastic surgery you'll benefit from this book which tells you exactly what you want to know starting with the key question Do I need it If your answer is yes you'll welcome the insider advice from a plastic surgery consultant who has observed hundreds of procedures and formerly counseled thousands of pre and post surgery patients for one of New York's premier plastic surgeons Among the topics she covers Where do I find a surgeon What should I ask How much will it cost What are the risks Will I scar Is there pain How long does healing take Will I still look like me Should I tell With simple language a reassuring attitude and a touch of humor Francesca Camp makes the process less intimidating and offers practical advice you won't find anywhere else from estimating a truly realistic timetable to choosing the right bedding for your recuperation Reading this book may be your first step toward a life changing transformation www.francescacamp.com **Behind the Cosmetic and Plastic Surgeon's Mask** Troi Martin,2005-05 Some interviewers are calling the slim hardback a tell all but to Troi Martin it's just the facts And

while Martin encourages people to have plastic surgery her book is loaded with cautionary tales out of control egos and anecdotes that while humorous might make a person interested in pursuing plastic surgery think twice The book itself doesn't talk about procedures specifically rather it focuses on the characteristics of the professionals who work in the field It's easy to understand how plastic surgeons fall prey to greed she said In this day and age where movie star good looks and youth are glorified people line up for a nip and a tuck The ever increasing demand for their services allows successful surgeons to make enormous amounts of money and there is a temptation to sacrifice a patient's well being in pursuit of the almighty dollar Martin said it is common for surgeons to perform up to eight procedures in a day with patients toward the end of the day unaware of the doctor's caseload As a result doctors may be hurried and tired This over scheduling can contribute to a doctor being rougher with patients or even more prone to make mistakes as he tires A Little Nip, a Little Tuck Stephen Greenberg,2007-05-31 It doesn't take a million bucks or a Park Avenue address to get the kind of fabulous looks that great cosmetic surgery can offer A Little Nip A Little Tuck is the beauty bible for the discriminating man or woman who will not settle for less than the best when it comes to image enhancement With a finger on the pulse of the hottest technologies and procedures one of the nation's leading plastic surgeons radio talk show host and now author Dr Stephen T Greenberg empowers you with the knowledge it takes to go from blah to babe His humor and great anecdotes will have readers smiling as he dispels the myths surrounding cosmetic surgery and gives you his best honest advice in a refreshing shoot from the hip style A Little Nip A Little Tuck is truly a great read When it comes to choosing the right doctor there is only one choice for me Because my beauty is my calling card I trust no aesthetic doctor more than Dr Greenberg Oksana Lada Model and Actress Dr Stephen Greenberg is a true expert in helping men and women go from average to amazing His knowledge and skill is unparalleled Dana DiDonato WBLI FM radio show personality This is an exciting time in plastic surgery Brimming with intimate accounts from happy patients news about what's hot and what's not and updates on age defying procedures that really work Dr Greenberg's new book is a real image enhancement Bible *Nip and Tuck* Paul Z.
