

VEHICLE OVERVIEW

- 1991 Nissan Figaro -

Figaro is a very attractive vehicle especially in appearance with its chic retro-styling exterior and interior. The main feature is the full open type retractable vehicle roof, which disappears completely when it is stored in the housing.

Although you may come across pink and black Figaros on the road, the original colours are just four, which are pale aqua, emerald, topaz mist, and lapis gray, which go well with off-white colour of the roof and shiny chrome trimmings of the vehicle body.

The interior of the vehicle is colour coordinated in off-white and beige. Vehicle seats comes standard in leather, the horn and white-backed meters have metallic trimmings, and also has metallic lever switches and air conditioner's control panel. These features give the instrument panel slightly more characteristic.

The base model of Figaro, Be-1 and Pao is Nissan March K10 model, which was released in October, 1982. It was fitted with

straight-4 engine, which could be considered lavish for such a small engine in this period. The driving performance gained popularity and as a result, Nissan sold a total of around 1.6 million of this original March in 9 years and 3 months.

It has been seven years since the Figaro has been produced and therefore finding one in good condition is getting difficult. If you are considering buying one, it is
