#### **Grammar and Cognition**

Alexander Haselow, Gunther Kaltenböck, 2020-11-15 This volume brings together linguistic psychological and neurological research in a discussion of the Cognitive Dualism Hypothesis whose central idea is that human cognitive activity in general and linguistic cognition in particular cannot reasonably be reduced to a single monolithic system of mental processing but that they have a dualistic organization Drawing on a wide range of methodological approaches and theoretical frameworks that account for how language users mentally represent process and produce linguistic discourse the studies in this volume provide a critical examination of dualistic approaches to language and cognition and their impact on a number of fields The topics range from formulaic language the study of reasoning and linguistic discourse and the lexicon grammar distinction to studies of specific linguistic expressions and structures such as pragmatic markers and particles comment adverbs extra clausal elements in spoken discourse and the processing of syntactic groups

#### **The Cambridge Handbook of English Corpus Linguistics**

Douglas Biber, Randi Reppen, 2015-06-25 The Cambridge Handbook of English Corpus Linguistics CHECL surveys the breadth of corpus based linguistic research on English including chapters on collocations phraseology grammatical variation

historical change and the description of registers and dialects The most innovative aspects of the CHECL are its emphasis on critical discussion its explicit evaluation of the state of the art in each sub discipline and the inclusion of empirical case studies While each chapter includes a broad survey of previous research the primary focus is on a detailed description of the most important corpus based studies in this area with discussion of what those studies found and why they are important Each chapter also includes a critical discussion of the corpus based methods employed for research in this area as well as an explicit summary of new findings and discoveries

**Words: A User's Guide** Graham Pointon, Stewart Clark, 2014-06-03  
Words A User's Guide is an accessible and invaluable reference that is ideal for students business people and advanced learners of English The book is structured in groups of words that may be confused because they sound alike look alike or seem to have similar meanings and this approach makes it much more intuitive and easy to use than a dictionary Contrasting over 5000 words such as habitable and inhabitable precipitation and rainfall reigns and reins Words a User's Guide provides examples of usage adapted from large national databases of contemporary English and illustrates each headword in typical contexts and phrases This book gives you straightforward answers and helps with pronunciation spelling style and levels of formality For those working internationally it presents international standards and compares usage in Britain and the USA Words A User's Guide is an excellent resource for anyone who wants to communicate well in written and spoken English At last A book about the use of words that clarifies and demystifies in an eminently usable way I would recommend it to anyone who wants to write well It is a book to keep Sandy Gilkes Head of the Centre for Academic Practice University of Northampton Rigorous fresh intriguing and downright useful it deserves a place on every properly stocked reference shelf Brian Cathcart Professor of Journalism Kingston University From the pedantic to the permissive everyone who's interested in the English language and the way we speak and write it will want a copy of this practical entertaining book Wynford Hicks author of Quite Literally and The Basics of English Usage

*A Story of Perfume* Lidia Mihaela Necula, 2025-08-01 Scent is an ephemeral yet deeply evocative presence an invisible force shaping memory identity and artistic expression This is a groundbreaking interdisciplinary volume that redefines the role of olfaction in cultural and intellectual discourse Moving beyond conventional analyses this collection explores the historical poetic and philosophical dimensions of fragrance tracing its influence on literature anthropology psychology and marketing Structured into five interwoven sections the volume examines how scent functions as a literary motif a marker of personal and collective transformation and a dynamic agent in the construction of social and aesthetic meaning From the metaphorical power of fragrance in classical texts to its contemporary implications in branding and sensory design the contributors offer a nuanced exploration of olfactory culture across time and space By bringing together scholars from multiple disciplines this volume positions scent as a crucial element of human experience shedding new light on its presence in artistic creation identity formation and cultural narratives This volume is an invaluable resource for those interested in sensory studies literature cultural history and the

ever evolving dialogue between perception and storytelling      *Innovative Technologies and Learning* Ting-Ting Wu, Yueh-Min Huang, Rustam Shadiev, Lin Lin, Andreja Istenič Starčič, 2018-08-24 This book constitutes the refereed proceedings of the First International Conference on Innovative Technologies and Learning ICITL 2018 held in Portoroz Slovenia in August 2018 The 66 revised full papers presented together with 4 short papers were carefully reviewed and selected from 160 submissions The papers are organized in the following topical sections Augmented and Virtual Reality in Education Collaborative Learning Design and Framework of Learning Systems Instructional Strategies Learning Analytics and Education Data Mining Mind Brain and Education Pedagogies to Innovative Technologies Personalized and Adaptive Learning Social Media and Online Learning Technologies Enhanced Language Learning Application and Design of Innovative Learning Software Educational Data Analytics Techniques and Adaptive Learning Applications and Innovative Thinking Education and Future Trend Development      Applied Construction Grammar Sabine De Knop, Gaëtanelle Gilquin, 2016-04-25 Current research within the framework of Construction Grammar CxG has mainly adopted a theoretical or descriptive approach neglecting the more applied perspective and especially the question of how language acquisition and pedagogy can benefit from a CxG based approach The present volume explores various aspects of Applied Construction Grammar through a collection of studies that apply CxG and CxG inspired approaches to relevant issues in L2 acquisition and teaching Relying on empirical data and covering a wide range of constructions and languages the chapters show how the cross fertilization of CxG and L2 acquisition teaching can improve the description of learners use of constructions provide theoretical insights into the processes underlying their acquisition e g with reference to inheritance links or transfer from the L1 or lead to novel teaching practices and resources aimed to help learners make the generalizations that native speakers make naturally from the input they receive      **Light verbs** Anna Riccio, Jens Fleischhauer, 2025-04-21 Light verbs are semantically reduced verbs that simultaneously exhibit a heavy verb usage The papers collected in this volume examine light verbs from different perspectives in various languages including several Romance and Germanic languages such as Italian Spanish Catalan German and English as well as Mandarin Chinese and Japanese The questions addressed in this volume include What meaning does a light verb contribute to a light verb construction What restrictions regarding nominal elements do light verbs exhibit What influence do light verbs have on the argument structure of light verb constructions The analyses draw on different frameworks including Generative Syntax and Construction Grammar and combine corpus linguistic investigations with theoretical modeling      Usage-Based Approaches to Language Acquisition and Language Teaching Jacqueline Evers-Vermeul, Elena Tribushinina, 2017-03-06 Although usage based approaches have been successfully applied to the study of both first and second language acquisition to monolingual and bilingual development and to naturalistic and instructed settings it is not common to consider these different kinds of acquisition in tandem The present volume takes an integrative approach and shows that usage based theories provide a much needed unified framework for the study of first second and

foreign language acquisition in monolingual and bilingual contexts The contributions target the acquisition of a wide range of linguistic phenomena and critically assess the applicability and explanatory power of the usage based paradigm The book also systematically examines a range of cognitive and linguistic factors involved in the process of language development and relates relevant findings to language teaching Finally this volume contributes to the assessment and refinement of empirical methods currently employed in usage based acquisition research This book is of interest to scholars of language acquisition language pedagogy developmental psychology as well as Cognitive Linguistics and Construction Grammar     *Computational and Corpus-Based Phraseology* Gloria Corpas Pastor, Ruslan Mitkov, 2019-09-18 This book constitutes the refereed proceedings of the Third International Conference on Computational and Corpus Based Phraseology Europhras 2019 held in Malaga Spain in September 2019 The 31 full papers presented in this book were carefully reviewed and selected from 116 submissions The papers in this volume cover a number of topics including general corpus based approaches to phraseology phraseology in translation and cross linguistic studies phraseology in language teaching and learning phraseology in specialized languages phraseology in lexicography cognitive approaches to phraseology the computational treatment of multiword expressions and the development annotation and exploitation of corpora for phraseological studies
