Law in the Time of Oxymora Rostam J. Neuwirth, 2018-05-16 What do different concepts like true lie bad luck honest thief old news spacetime globalization symplexity sustainable development constant change soft law substantive due process pure law bureaucratic efficiency and global justice have in common What connections do they share with innumerable paradoxes like the ones of happiness time globalization sex and of free will and fate *Law in the Time of Oxymora* provides answers to these conundrums by critically comparing the apparent rise in recent years of the use of rhetorical figures called essentially oxymoronic concepts i e oxymoron enantiosis and paradoxes in the areas of art science and law Albeit to varying degrees these concepts share the quality of giving expression

to apparent contradictions Through this quality they also challenge the scientific paradigm rooted in the dualistic thinking and binary logic that is traditionally used in the West as opposed to the East where a paradoxical mode of thinking and fuzzy logic is said to have been cultivated Following a review of oxymora and paradoxes in art and various scientific writings hundreds of hard cases featuring oxymora and a comprehensive review of the legal literature are discussed revealing evidence suggesting that the present scientific paradigm of dualism alone will no longer be able to tackle the challenges arising from increasing diversity and complexity coupled with an apparent acceleration of change Law in the Time of Oxymora reaches the surprising conclusion that essentially oxymoronic concepts may inaugurate a new era of cognition involving the ways the senses interact and how we reason think and make decisions in law and in life *Bumped Into the Wall* Aryn Lajli, 2005 Bumped into the Wall is a tool for anyone who is on the road to explore creativity but has somehow got stuck in the pursuit Whether you are taken over by your left brain stuck with rules or ambiguities lost in uncharted waters or simply not getting any ideas BUMPED INTO THE WALL will provide you with an in time resource to identify your mind blocks holding your creative spirit and will prepare you to move forward Through 33 unconventional exercises and interactive elements presented as milestones Aryn shows you how to rekindle your creative energies and put them into work right now BUMPED INTO THE WALL will show you The walls that prevent you from realizing your full creative potential Small yet crucial steps that can instantly put you on the road to a creative pursuit This book will provide you with a space to play have fun and get creative Good to be a child again *Kafka and the Universal* Arthur Cools, Vivian Liska, 2016-07-25 Kafka's work has been attributed a universal significance and is often regarded as the ultimate witness of the human condition in the twentieth century Yet his work is also considered paradigmatic for the expression of the singular that cannot be subsumed under any generalization This paradox engenders questions not only concerning the meaning of the universal as it manifests itself in and is transformed by Kafka's writings but also about the expression of the singular in literary fiction as it challenges the opposition between the universal and the singular The contributions in this volume approach these questions from a variety of perspectives They are structured according to the following issues ambiguity as a tool of deconstructing the pre established philosophical meanings of the universal the concept of the law as a major symbol for the universal meaning of Kafka's writings the presence of animals in Kafka's texts the modernist mode of writing as challenge of philosophical concepts of the universal and the meaning and relevance of the universal in contemporary Kafka reception This volume examines central aspects of the interplay between philosophy and literature *Crimes of the Future* Jean-Michel Rabat, 2014-04-24 Crimes of the Future sees one of the world's leading literary theorists exploring the past present and potential future of Theory *Tyrannosaurus Lex* Rod L.
