

Mexican Americans Across Generations

IMMIGRANT FAMILIES, RACIAL REALITIES

Jessica M. Vasquez

Mexican Americans Across Generations Mexican Americans Across Generations

Martin Bulmer, John Solomos

Mexican Americans Across Generations Mexican Americans Across Generations:

Mexican Americans Across Generations Jessica M. Vasquez, 2011-04-18 Studies middle class Mexican American families across three generations and their experiences of racism and assimilation Mexican Americans Across Generations Jessica Vasquez-Tokos, 2011-04-18 Outstanding Academic Title from 2011 by Choice Magazine While newly arrived immigrants are often the focus of public concern and debate many Mexican immigrants and Mexican Americans have resided in the United States for generations Latinos are the largest and fastest growing ethnic group in the United States and their racial identities change with each generation While the attainment of education and middle class occupations signals a decline in cultural attachment for some socioeconomic mobility is not a cultural death knell as others are highly ethnically identified There are a variety of ways that middle class Mexican Americans relate to their ethnic heritage and racialization despite assimilation among a segment of the second and third generations reveals the continuing role of race even among the U S born Mexican Americans Across Generations investigates racial identity and assimilation in three generation Mexican American families living in California Through rich interviews with three generations of middle class Mexican American families Vasquez focuses on the family as a key site for racial and gender identity formation knowledge transmission and incorporation processes exploring how the racial identities of Mexican Americans both change and persist generationally in families She illustrates how gender physical appearance parental teaching historical era and discrimination influence Mexican Americans racial identity and incorporation patterns ultimately arguing that neither racial identity nor assimilation are straightforward progressions but instead develop unevenly and are influenced by family society and historical social movements

Mexican Americans and the U.S. Economy Arturo Gonzlez, 2002 As workers and consumers Mexican Americans are a viable and valuable part of the broad U S economy Despite that many are hindered by low education and consequently low wages and limited opportunities they have continuously struggled for and continue to seek better days and the opportunity to realize their share of the American dream This book examines the problems that Mexican Americans have experienced in attaining economic parity with non Hispanic whites It examines four major topics of particular concern to the economic status of the Mexican American community immigration reviewing the Bracero Program the Immigration Reform and Control Act of 1986 legislation from the 1990s and the problems faced by immigrants today education stressing the importance of economic incentives to invest in education wealth and poverty evaluating opportunities and roadblocks as Mexican Americans aspire to middle class standards of living the labor market covering such topics as employment income and discrimination Arturo Gonzlez has drawn on recent census data to present for the first time in one volume a detailed economic analysis of three generations of Mexican Americans These statistics reveal a people who are steadily improving economically and provide evidence that stereotypes of Mexican Americans are outdated or erroneous Mexican Americans and the U S Economy shows that economics is an important aspect of the Mexican American experience The book helps broaden

students understanding of the community's ongoing struggle putting the quest for *buenos días* in clearer perspective

Mestizo in America Thomas Macias, 2006-09-14 How much does ethnicity matter to Mexican Americans today when many marry outside their culture and some can't even stomach menudo This book addresses that question through a unique blend of quantitative data and firsthand interviews with third plus generation Mexican Americans Latinos are being woven into the fabric of American life to be sure but in a way quite distinct from ethnic groups that have come from other parts of the world By focusing on individuals' feelings regarding acculturation work experience and ethnic identity and incorporating Mexican Anglo intermarriage statistics Thomas Macias compares the successes and hardships of Mexican immigrants with those of previous European arrivals He describes how continual immigration the growth of the Latino population and the Chicano Movement have been important factors in shaping the experience of Mexican Americans and he argues that Mexican American identity is often not merely an ethnic option but a necessary response to stereotyping and interactions with Anglo society Talking with fifty third plus generation Mexican Americans from Phoenix and San Jose representative of the seven million nationally with at least one immigrant grandparent he shows how people utilize such cultural resources as religion spoken Spanish and cross national encounters to reinforce Mexican ethnicity in their daily lives He then demonstrates that although social integration for Mexican Americans shares many elements with that of European Americans forces related to ethnic concentration social inequality and identity politics combine to make ethnicity for Mexican Americans more fixed across generations Enhancing research already available on first and second generation Mexican Americans Macias's study also complements research done on other third plus generation ethnic groups and provides the empirical data needed to understand the commonalities and differences between them His work plumbs the changing meaning of *mestizaje* in the Americas over five centuries and has much to teach us about the long term assimilation and prospects of Mexican origin people in the United States Quality of Urban Life Dieter Frick, Hans W. Hofer, Heiner Legewie, Rainer Mackensen, Rainer K. Silbereisen, 2013-06-21 No detailed description available for Quality of Urban Life **Race, Migration and Identity** Martin Bulmer, John Solomos, 2017-10-02 The chapters in this collection cover diverse aspects of the changing meanings and boundaries of race migration and identity in the contemporary United States The situation in the USA has been the subject of intense policy and political debate over the past decades and the papers in this volume provide an important insight from a wide range of analytical perspectives They provide an insight into the changing dynamics of race and migration in the contemporary environment combining conceptual analysis with original empirical research The concerns of this volume address global questions of relevance as well as those specific to the USA This book was originally published as a special issue of Ethnic and Racial Studies Citizens But Not Americans Nilda Flores-González, 2017-10-03 Race and Belonging Among Latino Millennials Latinos and the Racial Politics of Place and Space Latinos as an *Ethnorace* Latinos as a Racial Middle Latinos as Real Americans Rethinking Race and Belonging among Latino Millennials **Mexican Immigration to**

the United States George J. Borjas, 2007-11-01 From debates on Capitol Hill to the popular media Mexican immigrants are the subject of widespread controversy By 2003 their growing numbers accounted for 28.3 percent of all foreign born inhabitants of the United States Mexican Immigration to the United States analyzes the astonishing economic impact of this historically unprecedented exodus Why do Mexican immigrants gain citizenship and employment at a slower rate than non Mexicans Does their migration to the U S adversely affect the working conditions of lower skilled workers already residing there And how rapid is the intergenerational mobility among Mexican immigrant families This authoritative volume provides a historical context for Mexican immigration to the U S and reports new findings on an immigrant influx whose size and character will force us to rethink economic policy for decades to come Mexican Immigration to the United States will be necessary reading for anyone concerned about social conditions and economic opportunities in both countries

Generations of Exclusion Edward E. Telles, Vilma Ortiz, 2008-03-21 Foreword by Joan W Moore When boxes of original files from a 1965 survey of Mexican Americans were discovered behind a dusty bookshelf at UCLA sociologists Edward Telles and Vilma Ortiz recognized a unique opportunity to examine how the Mexican American experience has evolved over the past four decades Telles and Ortiz located and re-interviewed most of the original respondents and many of their children Then they combined the findings of both studies to construct a thirty-five year analysis of Mexican American integration into American society Generations of Exclusion is the result of this extraordinary project Generations of Exclusion measures Mexican American integration across a wide number of dimensions education English and Spanish language use socioeconomic status intermarriage residential segregation ethnic identity and political participation The study contains some encouraging findings but many more that are troubling Linguistically Mexican Americans assimilate into mainstream America quite well by the second generation nearly all Mexican Americans achieve English proficiency In many domains however the Mexican American story doesn't fit with traditional models of assimilation The majority of fourth generation Mexican Americans continue to live in Hispanic neighborhoods marry other Hispanics and think of themselves as Mexican And while Mexican Americans make financial strides from the first to the second generation economic progress halts at the second generation and poverty rates remain high for later generations Similarly educational attainment peaks among second generation children of immigrants but declines for the third and fourth generations Telles and Ortiz identify institutional barriers as a major source of Mexican American disadvantage Chronic underfunding in school systems predominately serving Mexican Americans severely restrains progress Persistent discrimination punitive immigration policies and reliance on cheap Mexican labor in the southwestern states all make integration more difficult The authors call for providing Mexican American children with the educational opportunities that European immigrants in previous generations enjoyed The Mexican American trajectory is distinct but so is the extent to which this group has been excluded from the American mainstream Most immigration literature today focuses either on the immediate impact of immigration or what is happening

to the children of newcomers to this country Generations of Exclusion shows what has happened to Mexican Americans over four decades In opening this window onto the past and linking it to recent outcomes Telles and Ortiz provide a troubling glimpse of what other new immigrant groups may experience in the future *Multicultural America* Carlos E. Cortés,2013-08-15 This comprehensive title is among the first to extensively use newly released 2010 U S Census data to examine multiculturalism today and tomorrow in America This distinction is important considering the following NPR report by Eyder Peralta Based on the first national numbers released by the Census Bureau the AP reports that minorities account for 90 percent of the total U S growth since 2000 due to immigration and higher birth rates for Latinos According to John Logan a Brown University sociologist who has analyzed most of the census figures The futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations Both non Hispanic whites and blacks are getting older as a group These groups are tending to fade out he added Another demographer William H Frey with the Brookings Institution told The Washington Post that this has been a pivotal decade We re pivoting from a white black dominated American population to one that is multiracial and multicultural Multicultural America A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today Pedagogical elements include an introduction a thematic reader s guide a chronology of multicultural milestones a glossary a resource guide to key books journals and Internet sites and an appendix of 2010 U S Census Data Finally the electronic version will be the only reference work on this topic to augment written entries with multimedia for today s students with 100 videos with transcripts from Getty Images and Video Vault the Agence France Press and Sky News as reviewed by the media librarian of the Rutgers University Libraries working in concert with the title s editors **Mexican American Youth** Antonio J. Polo,2002 **Assimilation in Mexican American Life? Integration and Hesitation Beyond the Second Generation** Thomas Macias,2002 **Why Do Mexican-Americans Earn Low Wages?** Stephen J. Trejo,1997 Generations of Exclusion Edward E. Telles,Vilma Ortiz,2008-03-21 Measures Mexican American integration across a wide number of dimensions education English and Spanish language use socioeconomic status intermarriage residential segregation ethnic identity and political participation **Acculturative Stress in Immigrant Students** ,1985 **Cultural Identification and Self-esteem in Migrant and Non-migrant Mexican-American Youth** Marta Isabel Gallego,1995 *The Maintenance of Spanish Over Three Generations in the United States* David E. Lopez,1982 Mexican Americans and Alcohol M. Jean Gilbert,1987 *Obstacles to the Labor Market Progress of California's Mexican-origin Workers* Stephen J. Trejo,1996 *Hispanic Journal of Behavioral Sciences* ,2010-11
