Microeconomic Evaluation Of Labour Market Policies Microeconomic Evaluation Of Labour Market Policies:

Microeconomic Evaluation of Labour Market Policies Marco Caliendo, 2006-01-23 The evaluation of labour market and other public policies has become increasingly important in recent years In an era of tight government budgets a thorough analysis of these measures is imperative This book provides a comprehensive overview and assessment of the most relevant microeconomic evaluation methods It focuses on the popular propensity score matching method and gives extensive guidance for its implementation In the second part of the book this method is used to evaluate the employment effects of job creation schemes on the participating individuals in Germany Based on a large administrative dataset of over 11 000 participants the study allows to draw policy relevant conclusions for the first time *Evaluating Active Labour Market*

Policies Patrick A. Puhani, 2012-12-06 Most governments in today's market economies spend significant sums of money on labour market programmes The declared aims of these programmes are to increase the re-employment chances of the unemployed This book investigates which active labour market programmes in Poland are value for money and which are not To this end modern statistical methods are applied to both macro and microeconomic data It is shown that training programmes increase whereas job subsidies and public works decrease the re-employment opportunities of the unemployed In general all active labour market policy effects are larger in absolute size for men than for women By surveying previous studies in the field and outlining the major statistical approaches that are employed in the evaluation literature the book can be of help to any student interested in programme evaluation irrespective of the particular programme or country concerned

Microeconomic Evaluation of Active Labour Market Policies Michael Lechner, 2003 Many European countries entertain considerable active labour market policies ALMP to increase the reemployment chances of the unemployed Since policies are very costly the pressure for scientific evaluations of the single programmes that are part of the ALMP increases This paper surveys recent developments in the methodology of microeconomic evaluation that emphasises the issue of nonparametric identification of causal effects as a pre requisite for reliable estimation and policy conclusions The paper concludes with some brief remarks about recent empirical evaluations of the Swiss ALMP *Econometric Evaluation of Labour Market*

Policies Michael Lechner, Friedhelm Pfeiffer, 2012-12-06 Empirical measurement of impacts of active labour market programmes has started to become a central task of economic researchers New improved econometric methods have been developed that will probably influence future empirical work in various other fields of economics as well This volume contains a selection of original papers from leading experts among them James J Heckman Noble Prize Winner 2000 in economics addressing these econometric issues at the theoretical and empirical level The theoretical part contains papers on tight bounds of average treatment effects instrumental variables estimators impact measurement with multiple programme options and statistical profiling The empirical part provides the reader with econometric evaluations of active labour market programmes in Canada Germany France Italy Slovak Republic and Sweden *A Microeconomic Evaluation of Active*

Labour Market Policy in Switzerland Michael Gerfin, Michael Lechner, 2001 *Manual on Evaluation of Labour Market Policies in Transition Economies* Christopher O'Leary, Alena Nesporova, Alexander Samorodov, 2001 In response to high levels of open unemployment accompanying the profound transformation of their national labour markets in the 1990 s the transition countries of Central and Eastern Europe launched a number of labour market policies and programmes with the aim of promoting the new employment of workers who were without a job The manual responds to this urgent need It is directed to a wide range of readers some of whom are directly engaged in formulating and implementing labour market programmes while others are benefiting in one way or another from these programmes *The European Labour Market* Floro Ernesto Caroleo, Sergio Destefanis, 2006-03-14 This book brings together up to date findings on the regional dimensions of European labour markets It provides a conceptual and empirical study of the interactions between the European economy and its regions paying particular attention to the issue of the transition of Central and Eastern European countries to a market economy The topics analysed include the structure of the shocks affecting employment regional industrial national the relationships between labour market efficiency and the regional distribution of unemployment wage flexibility in EU member countries or in their regions and the role of active labour market policies in affecting the regional distribution of employment and unemployment Programme Evaluation and Treatment Choice Markus Frölich, 2012-12-06 Policy evaluation and programme choice are important tools for informed decision making for the administration of active labour market programmes training programmes tuition subsidies rehabilitation programmes etc Whereas the evaluation of programmes and policies is mainly concerned with an overall assessment of impact benefits and costs programme choice considers an optimal allocation of individuals to the programmes This book surveys potential evaluation strategies for policies with multiple programmes and discusses evaluation and treatment choice in a coherent framework Recommendations for choosing appropriate evaluation estimators are derived Furthermore a semiparametric estimator of optimal treatment choice is developed to assist in the optimal allocation of participants Evaluation of Active Labour Market Policy Reinhard Hujer, Marco Caliendo, 2000 **The Third Dimension of Labor Markets** Francisco Galvão Carneiro, Indermit Singh Gill, Ricardo Paes de Barros, 2006 Focuses on the relationship between labour market institutions its functioning and outcomes **Microeconomic Evaluation of Labor Market Policies Using Administrative Data** Stephan Wiehler, 2007 *Public Policy Evaluation and Analysis* Samir Amine, 2024-10-15 This edited volume examines how some OECD countries have adapted to new challenges in the labor market by evaluating and analyzing public programs implemented before during and after Covid 19 To gain a comprehensive understanding the volume adopts a multidisciplinary approach with chapters contributed by authors from diverse disciplines and academic and professional backgrounds *Beyond Rhetoric Adult Learning Policies and Practices* OECD, 2003-02-05 This publication aims to identify what works in the policy and practice of adult learning drawing on the experience of nine OECD countries The Impact of Active Labour

Market Policies and Benefit Entitlement Rules on the Duration of Unemployment Rafael Lalive, Jan C. van Ours, Josef Zweimüller, 2000 Advantage Through Training? Patrick A. Puhani, 1998 *East Asian Labor Markets and the Economic Crisis* Gordon Betcherman, Rizwanul Islam, 2001 This book looks at the impacts of the Asian economic crisis on the labor market examining how various countries responded. It identifies the labour policy reforms needed in areas of unemployment benefit, active labour market programs, support for vulnerable groups and social dialogue **IBSS: Economics: 2002**

Vol. 51 Compiled by the British Library of Political and Economic Science, 2013-05-13 First published in 1952 the International Bibliography of the Social Sciences (anthropology, economics, political science and sociology) is well established as a major bibliographic reference for students, researchers and librarians in the social sciences worldwide. Key features: Authority: Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced. Articles and books are selected on merit by some of the world's most expert librarians and academics. Breadth: today the IBSS covers over 2000 journals, more than any other comparable resource. The latest monograph publications are also included. International Coverage: the IBSS reviews scholarship published in over 30 languages, including publications from Eastern Europe and the developing world. User friendly organization: all non-English titles are word-sectioned. Extensive author, subject and place name indexes are provided in both English and French. Place your standing order now for the 2003 volumes of the IBSS: Anthropology 2002 Vol 48 December 2003 234x156 Hb 0 415 32634 6 195 00 Economics 2002 Vol 51 December 2003 234x156 Hb 0 415 32635 4 195 00 Political Science 2002 Vol 51 December 2003 234x156 Hb 0 415 32636 2 195 00 Sociology 2002 Vol 52 December 2003 234x156 Hb 0 415 32637 0 195 00 **International Bibliography of Economics**

, 2003 IBSS is the essential tool for librarians, university departments, research institutions and any public or private institution whose work requires access to up-to-date and comprehensive knowledge of the social sciences **Greenland's Economy and Labour Markets** Laust Høgedahl, 2021-08-05 This book explores structural changes in Greenland's economy and labour markets due to the transformative effects of climatic changes and growing international attention. It offers multidisciplinary perspectives from economists, sociologists and political scientists to demonstrate how the Greenlandic economy works. Due to an increasing focus on the Arctic area and Greenland in particular, the book seeks to understand the functioning and dynamics of Greenland's labour economy as well as the challenges that arise from the melting ice and internationalisation. It fills a substantive gap in the existing literature by compiling research on these critical subjects and exploring current and future opportunities for labourers. Today Greenland is reliant on large financial subsidies from Denmark to provide for a large share of its national budget. This fuels Greenland's political ambition to gain greater independence from Denmark, which requires more private sector growth to develop a sustainable economy. This book thus contains an exhaustive introduction to important business development themes such as macroeconomics, markets, labour supply, labour market policies and institutions, and considers Greenland's colonial past, great Inuit heritage and unique

geography and nature to re shape its economy and labour markets Informed by a lucid writing style each chapter casts light on different economic and social issues of Greenland This is the first international book on Greenland s economy which discusses its geopolitical importance and prospects for the Arctic region It will be a valuable point of reference for students and academics of economics Arctic research and political economy

Labour Market Policy and Unemployment Jaap Koning, Hugh Mosley, 2001-01-01 This book examines the effectiveness of active labour market policies and their contribution to the prevention of social exclusion The evaluation studies reported in this volume focus on two aspects of active labour market policies that have been relatively neglected in previous research and merit special attention The first part of the book deals with aggregate impact analysis Using examples from France Germany The Netherlands and Spain the contributors attempt to estimate the impact of active labour market policies on the transition from unemployment to employment using aggregate data at the regional level Although quantitative in nature these contributions take into account qualitative aspects such as the socio economic context of the countries concerned and the structure of active labour market policies The book then focuses on implementation issues and includes implementation studies carried out in Germany The Netherlands and Sweden The qualitative element plays a far more important role in these contributions which rely on case studies and surveys in addition to statistical data
