*To Know God* Anthony DAugustine,2020-05-14 Does God exist Can we know God These questions are but two of many that represent the mysteries of life The greatest minds in the fields of philosophy theology and science have wrestled with these questions over the millennia looking for definitive answers Their responses to these two questions have been profound and persuasive Yet in spite of the proofs presented doubt continues to exist In the end as the saying goes It all comes down to faith It always does and always will In full recognition of that fact To Know God is a journey of faith It is an apologetic that seeks knowledge of God first through love then through revelation and reason to offer proof beyond reasonable doubt that God does exist and as far as humanly possible is knowable It looks to areas where Divine manifestations metaphysics and the laws of science find common ground It is through this unification of spiritual enlightenment and transcendence with science that the existence of God becomes apparent What is more the common underpinnings of this union help us as far as our limited capacities will take us to understand the substance and essence of God In other words take us to a point where we can begin To Know God
