despite numerous setbacks and challenges Construction did not begin until 1898 and when completed in 1954 the cathedral became New Jersey's largest church and the most expensive Catholic church ever built in America During Pope John Paul II's visit to the United States in 1995 he celebrated evening prayer at the Cathedral On that occasion the Cathedral of the Sacred Heart was elevated to a basilica to become the Cathedral Basilica of the Sacred Heart Meticulously researched Gothic Pride brings to life the people who built contributed to and worshipped in Sacred Heart recalling such remarkable personalities as George Hobart Doane Jeremiah O'Rourke Gonippo Raggi and Archbishop Thomas Walsh In many ways the cathedral's story is a lens that lets us look at the history of Newark itself its rise as an industrial city and its urban culture in the nineteenth century its transformation in the twentieth century its immigrants and the profound effects of their cultures especially their religion on American life and the power of architecture to serve as a symbol of community values and pride
