New York S Poop Scoop Law New York S Poop Scoop Law:

New York's Poop Scoop Law Michael Brandow,2008 The story of how New York City adopted laws to force pet owners to clean up after their pets Michael Brandow shows how a combination of science and politics fact and fear altruism and self interest led to the adoption and enforcement of legislation that became a shining and perhaps surprising success **Only in New York** Sam Roberts,2018-11-06 A street smart informative and occasionally hilarious look at the places personalities and history that make New York one of a kind Publishers Weekly Reporter Sam Roberts has covered the city in all its quirkiness both in print and in his popular New York Times podcasts In Only in New York now updated with new stories he writes about what makes this city tick and why things are the way they are in the greatest of all metropolises on earth These essays cover topics such as How New Yorkers react during disasters Maritime history the Hudson River Crowds space and population growth The pooper scooper revolution The Jewish Daily Forward What happens when a neighborhood loses its tony ZIP code and more Roberts has covered the city for 40 years So as we locals say he knows from and it shows in this fabulous collection of essays With wit and grace he tells stories of its citizens some illustrious others not some living others long dead But the story he s really telling is that of New York and he nails it Daily News New York **Unleashed Fury** Julie M. Walsh,2011 The question of whether dogs should be allowed off the leash in public places has become a major political issue in cities and suburbs across the United States In the last two decades leash law disputes have burst upon the political scene and have been debated with an intensity usually reserved for such hot button issues as abortion and gun rights This book investigates what has changed in American community life social mores and the relationship between humans and dogs to provoke such passionate responses At its heart the book details and evaluates the handling of three leash law disputes all of which were exceedingly divisive and emotionally intense This book is not only a revealing study of Americans conflicted attitudes toward animals and the difficult balance between individual rights and the public good in our communities it is also a useful source of information for both dog owners and local government officials Unleashed Fury Julie Walsh,2011-01-15 The question of whether dogs should be allowed off the leash in public places has become a major political issue in cities and suburbs across the United States In the last two decades leash law disputes have burst upon the political scene and have been debated with an intensity usually reserved for such hot button issues as abortion and gun rights This book investigates what has changed in American community life social mores and the relationship between humans and dogs to provoke such passionate responses At its heart the book details and evaluates the handling of three leash law disputes all of which were exceedingly divisive and emotionally intense Two of the cases took place in San Francisco a city with a reputation as one of the most dog friendly in the United States until 2001 2002 when officials curtailed off leash walking The other case study occurred in 1998 in Avon a wealthy suburb of Hartford Connecticut when town officials unilaterally imposed a leash law at a popular off leash park This book is not only a revealing study of Americans conflicted attitudes toward animals and the difficult balance

between individual rights and the public good in our communities It is also a useful source of information for both dog owners and local government officials who are faced with leash law disagreements

The Road Taken Henry Petroski,2017-02-21 A renowned historian and engineer explores the past present and future of America s crumbling infrastructure Acclaimed engineer and historian Henry Petroski explores our core infrastructure from both historical and contemporary perspectives explaining how essential their maintenance is to America s economic health Petroski reveals the genesis of the many parts of America s highway system our interstate numbering system the centerline that divides roads and such taken for granted objects as guardrails stop signs and traffic lights all crucial to our national and local infrastructure A compelling work of history *The Road Taken* is also an urgent clarion call aimed at American citizens politicians and anyone with a vested interest in our economic well being Physical infrastructure in the United States is crumbling and Petroski reveals the complex and challenging interplay between government and industry inherent in major infrastructure improvement The road we take in the next decade toward rebuilding our aging infrastructure will in large part determine our future national prosperity

What's a Dog For? John Homans,2013-10-29 As dogs take their place as coddled family members and their numbers balloon to over 77 million in the United States alone it s no surprise that canine culture is undergoing a massive transformation Now subject to many of the same questions of rights and ethics as people the politics of dogs are more tumultuous and public than ever with fierce moral battles raging over kill shelters puppy mills and breed standards Incorporating interviews and research from scientists activists breeders and trainers *What s a Dog For* investigates how dogs have reached this exalted status and why they hold such fascination for us humans

Ed Koch and the Rebuilding of New York City Jonathan Soffer,2012-01-31 In 1978 Ed Koch assumed control of a city plagued by filth crime bankruptcy and racial tensions By the end of his mayoral run in 1989 and despite the Wall Street crash of 1987 his administration had begun rebuilding neighborhoods and infrastructure Unlike many American cities Koch s New York was growing not shrinking Gentrification brought new businesses to neglected corners and converted low end rental housing to

coops and condos Nevertheless not all the changes were positive AIDS crime homelessness and violent racial conflict increased marking a time of great if somewhat uneven transition For better or worse Koch s efforts convinced many New Yorkers to embrace a new political order subsidizing business particularly finance insurance and real estate and privatizing public space Each phase of the city s recovery required a difficult choice between moneyed interests and social services forcing Koch to be both a moderate and a pragmatist as he tried to mitigate growing economic inequality Throughout Koch s rough rhetoric attacking his opponents as crazy wackos and radicals prompted charges of being racially divisive The first book to recast Koch s legacy through personal and mayoral papers authorized interviews and oral histories this volume plots a history of New York City through two rarely studied yet crucial decades the bankruptcy of the 1970s and the recovery and crash of the 1980s

Transgressive Humor of American Women Writers Sabrina Fuchs Abrams,2017-11-09 This collection is the first to focus on the transgressive and transformative power of American female humorists It explores the work of authors and comediennes such as Carolyn Wells Lucille Clifton Mary McCarthy Lynne Tillman Constance Rourke Roz Chast Amy Schumer and Samantha Bee and the ways in which their humor challenges gendered norms and assumptions through the use of irony satire parody and wit The chapters draw from the experiences of women from a variety of racial class and gender identities and encompass a variety of genres and comedic forms including poetry fiction prose autobiography graphic memoir comedic performance and new media Transgressive Humor of American Women Writers will appeal to a general educated readership as well as to those interested in women s and gender studies humor studies urban studies American literature and cultural studies and media studies

Dogopolis Chris Pearson,2024-05-31 Dogopolis presents a surprising source for urban innovation in the history of three major cities human canine relationships Stroll through any American or European city today and you probably won t get far before seeing a dog being taken for a walk It s expected that these domesticated animals can easily navigate sidewalks streets and other foundational elements of our built environment But what if our cities were actually shaped in response to dogs more than we ever realized Chris Pearson s Dogopolis boldly and convincingly asserts that human canine relations were a crucial factor in the formation of modern urban living Focusing on New York London and Paris from the early nineteenth century into the 1930s Pearson shows that human reactions to dogs significantly remolded them and other contemporary western cities It s an unalterable fact that dogs often filthy bellicose and sometimes off putting run away spread rabies defecate and breed wherever they like so as dogs became a more and more common in nineteenth century middle class life cities had to respond to people s fear of them and revulsion at their least desirable traits The gradual integration of dogs into city life centered on disgust at dirt fear of crime and vagrancy and the promotion of humanitarian sentiments On the other hand dogs are some people s most beloved animal companions and human compassion and affection for pets and strays were equally powerful forces in shaping urban modernity Dogopolis details the complex interrelations among emotions sentiment and the ways we manifest our feelings toward what we love

showing that together they can actually reshape society Collared Chris Pearson,2024-11-07 Essential reading John Bradshaw author of *In Defence of Dogs* Fascinating Telegraph Funny irreverent and enthusiastic Pearson parades his love for all things canine The Times Thought provoking and often surprising Country Life Dogs are our constant companions models of loyalty and unconditional love for millions around the world But these beloved animals are much more than just our pets and our shared history is far richer and more complex than you might assume Here historian and dog lover Chris Pearson reveals how the shifting fortunes of dogs hold a mirror to our changing society from the evolution of breeding standards to the fight for animal rights Wherever humans have gone dogs have followed changing size appearance and even jobs along the way from the forests of medieval Europe where greyhounds chased down game for royalty to the frontlines of twentieth century conflicts where dogs carried messages and hauled gun carriages Despite vast social change however the power of the human canine bond has never diminished By turns charming thought provoking and surprising Collared reveals the fascinating tale of how we made the modern dog **The Encyclopedia of New York** The Editors of New York Magazine,2020-10-20 The must have guide to pop culture history and world changing ideas that started in New York City from the magazine at the center of it all Since its founding in 1624 New York City has been a place that creates things What began as a trading post for beaver pelts soon transformed into a hub of technological social and cultural innovation but beyond fostering literal inventions like the elevator inside Cooper Union in 1853 Q tips by Polish immigrant Leo Gerstenzang in 1923 General Tso s chicken reimaged for American tastes in the 1970s by one of its Hunanese creators the singles bar 1965 on the Upper East Side and Scrabble 1931 in Jackson Heights the city has given birth to or perfected idioms forms and ways of thinking that have changed the world from Abstract Expressionism to Broadway baseball to hip hop news blogs to neoconservatism to the concept of downtown Those creations and more are all collected in *The Encyclopedia of New York* an A to Z compendium of unexpected origin stories hidden histories and useful guides to the greatest city in the world compiled by the editors of New York Magazine a city invention itself since 1968 and featuring contributions from Rebecca Traister Jerry Saltz Frank Rich Jonathan Chait Rhonda Garelick Kathryn VanArendonk Christopher Bonanos and more Here you will find something fascinating and uniquely New York on every page a history of the city s skyline accompanied by a tour guide s list of the best things about every observation deck the development of positive thinking and punk music appreciations of seltzer and alternate side of the street parking the oddest object to be found at Ripley s Believe It or Not musical theater next to muckracking and mugging and the unbelievable revelation that English muffins were created on West Twentieth Street Whether you are a lifelong resident a curious newcomer or an armchair traveler this is the guidebook you ll need straight from the people who know New York best *A History of New York in 101 Objects* Sam Roberts,2016-08-30 The story of America s great metropolis told through 101 distinctive objects that span the history of New York all reproduced in full color Modeled on the best selling *A history of the world in 100 objects* this is the story of America s great metropolis told through

101 significant objects that span the history of New York

Dog's Best Friend? John Sorenson, Atsuko

Matsuoka, 2019-11-14 In almost 40 per cent of households in North America dogs are kept as companion animals. Dogs may be man's best friends, but what are humans to dogs? If these animals' loyalty and unconditional love have won our hearts, why do we so often view closely related wild canids such as foxes, wolves, and coyotes as pests, predatory killers, and demons? Re-examining the complexity and contradictions of human attitudes towards these animals, *Dog's Best Friend* looks at how our relationships with canids have shaped and also been transformed by different political and economic contexts. Journeying from ancient Greek and Roman societies to Japan's Edo period to eighteenth-century England, essays explore how dogs are welcomed as family, consumed in Asian food markets, and used in Western laboratories. Contributors provide glimpses of the lives of street dogs and humans in Bali, India, Taiwan, and Turkey, and illuminate historical and current interactions in Western societies. The book delves into the fantasies and fears that play out in stereotypes of coyotes and wolves, while also acknowledging that events such as the Wolf Howl in Canada's Algonquin Park indicate the emergence of new popular perspectives on canids. Questioning where canids belong, how they should be treated, and what rights they should have, *Dog's Best Friend* reconsiders the concept of justice and whether it can be extended beyond the limit of the human species. *Pet Politics* Susan Hunter, Richard A. Brisbin, 2016-02-15 Although scholars in the disciplines of law, psychology, philosophy, and sociology have published a considerable number of prescriptive, normative, and theoretical studies of animals in society, *Pet Politics* presents the first study of the development of companion animal or pet law and policy in Canada and the United States by political scientists. The authors examine how people and governments classify three species of pets or companion animals: cats, dogs, and horses, for various degrees of legal protection. They then detail how interest groups shape the agenda for companion animal legislation and regulation and the legislative and administrative formulation of anticruelty, kennel licensing, horse slaughter, feral and roaming cat, and breed ban policies. Finally, they examine the enforcement of these laws and policies by agencies and the courts. Using an eclectic mix of original empirical data, original case studies, and interviews, and relying on general theories and research about the policy process and the sociopolitical function of legality, the authors illustrate that pet policy is a unique field of political struggle, a conflict that originates from differing perspectives about whether pets are property or autonomous beings and clashing norms about the care of animals. The result of the political struggle, the authors argue, is difficulty in the enactment of policies and especially in the implementation and enforcement of laws that might improve the welfare of companion animals. *Dogs, Zoonoses and Public Health* Calum N. L. Macpherson, Francois-X. Meslin, Alexander I. Wandeler, 2013 Zoonotic diseases constitute a public health problem throughout the world. Addressing a little-studied area of veterinary and medical science, this book covers the viruses, bacteria, and protozoan and helminth parasites that are transmitted between man and dogs, discussing population management, control, disease agents, and human-dog relationships. Fully updated throughout, this new edition also includes two new chapters on

benefits of the human dog relationship and non infectious disease issues with dogs It is a valuable resource for researchers and students of veterinary and human medicine microbiology parasitology and public health **Relevance and Irrelevance**

Jan Strassheim, Hisashi Nasu, 2018-09-24 Relevance drives our actions and channels our attention it shapes how we make sense of the world and communicate with each other Irrelevance spreads a twilight which blurs the line between information we do not want to access and information we cannot access In disciplines as diverse as philosophy sociology the information sciences and linguistics relevance has been proposed as a key concept This book is the first to bring together the often unrelated traditions Researchers from different fields discuss relevance and relate it to the challenges of irrelevance which have so far been neglected despite their significance for our chances of making well informed decisions and understanding others The contributions focus on theoretical and conceptual questions on specific factors and fields and on practical and political implications of relevance and irrelevance as forces which are even stronger when they remain in the background

New York, New York, New York Thomas Dyja, 2021-03-16 A New York Times Notable Book A lively immersive history by an award winning urbanist of New York City's transformation and the lessons it offers for the city's future Dangerous filthy and falling apart garbage piled on its streets and entire neighborhoods reduced to rubble New York's terrifying if liberating state of nature in 1978 also made it the capital of American culture Over the next thirty plus years though it became a different place kinder and meaner richer and poorer more like America and less like what it had always been New York New York New York Thomas Dyja's sweeping account of this metamorphosis shows it wasn't the work of a single policy mastermind or economic theory nor was it a morality tale of gentrification or crime Instead three New Yorks evolved in turn After brutal retrenchment came the dazzling Koch Renaissance and the Dinkins years that left the city's liberal traditions battered but laid the foundation for the safe streets and dotcom excess of Giuliani's Reformation in the 90s Then the planes hit on 9/11 The shaky city handed itself over to Bloomberg who merged City Hall into his personal empire launching its Reimagination From Hip Hop crews to Wall Street bankers D V to Jay Z Dyja weaves New Yorkers famous infamous and unknown Yuppies hipsters tech nerds and artists community organizers and the immigrants who made this a truly global place into a narrative of a city creating ways of life that would ultimately change cities everywhere With great success though came grave mistakes The urbanism that reclaimed public space became a means of control the police who made streets safe became an occupying army technology went from a means to the end Now as anxiety fills New Yorker's hearts and empties its public spaces it's clear that what brought the city back proximity density and human exchange are what sent Covid 19 burning through its streets and the price of order has come due A fourth evolution is happening and we must understand that the greatest challenge ahead is the one New York failed in the first three The cures must not be worse than the disease Exhaustively researched passionately told New York New York New York is a colorful inspiring guide to not just rebuilding but reimagining a great city *The Encyclopedia of New York City* Kenneth T. Jackson, Lisa Keller, Nancy

Flood,2010-12-01 Covering an exhaustive range of information about the five boroughs the first edition of The Encyclopedia of New York City was a success by every measure earning worldwide acclaim and several awards for reference excellence and selling out its first printing before it was officially published But much has changed since the volume first appeared in 1995 the World Trade Center no longer dominates the skyline a billionaire businessman has become an unlikely three term mayor and urban regeneration Chelsea Piers the High Line DUMBO Williamsburg the South Bronx the Lower East Side has become commonplace To reflect such innovation and change this definitive one volume resource on the city has been completely revised and expanded The revised edition includes 800 new entries that help complete the story of New York from Air Train to E ZPass from September 11 to public order The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations Virtually all existing entries spanning architecture politics business sports the arts and more have been updated to reflect the impact of the past two decades The more than 5 000 alphabetical entries and 700 illustrations of the second edition of The Encyclopedia of New York City convey the richness and diversity of its subject in great breadth and detail and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis

Orderly Britain Tim Newburn,Andrew Ward,2022-08-04 How do British pavements remain free of dog mess Why are paths not littered with cigarette butts or roads not lined with abandoned cars What does the decline of the public lavatory say about us and is the national reputation for queuing still deserved today *Orderly Britain* takes a topical look at modern society examining how it is governed and how it organises itself It considers the rules of daily life where they come from and why they exist It asks whether citizens are generally compliant and uncomplaining or rebellious and defiant This quirky social history takes a close look at shifting customs and practices people s expectations of each other and how rule makers seek to shape everyone s lives even when ignoring some of those rules themselves Taking the reader on a journey that covers a range of topics dog mess smoking drinking parking queuing toilets *Orderly Britain* examines the rapidly changing patterns of everyday life from post war to present day and concludes with an extended look at the unparalleled shifts in social routines that resulted from the global COVID 19 pandemic Asking whether it is the proliferation of rules and regulations in the UK or something else that keeps people in line authors Tim Newburn and Andrew Ward offer a unique insight into what creates orderly Britons

Embracing the Beat of Expression: An Mental Symphony within **New York S Poop Scoop Law New York S Poop Scoop Law**

In a world eaten by displays and the ceaseless chatter of instantaneous connection, the melodic elegance and emotional symphony created by the prepared word often fade in to the back ground, eclipsed by the persistent sound and interruptions that permeate our lives. However, located within the pages of **New York S Poop Scoop Law New York S Poop Scoop Law** a stunning literary value full of raw emotions, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, that charming masterpiece conducts readers on a mental trip, skillfully unraveling the concealed tunes and profound influence resonating within each carefully crafted phrase. Within the depths with this emotional examination, we will explore the book is central harmonies, analyze their enthralling writing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
