New Testament Theology And Ethics:

Covenant of Peace Willard M. Swartley, 2006 One would think that peace a term that occurs as many as one hundred times in the New Testament would enjoy a prominent place in theology and ethics textbooks Yet it is surprisingly absent Willard Swartley's *Covenant of Peace* remedies this deficiency restoring to New Testament theology and ethics the peace that many works have missed In this comprehensive yet accessible book Swartley explicates virtually all of the New Testament relating peace and the associated emphases of love for enemies and reconciliation to core theological themes such as salvation christology and the reign of God No other work in English makes such a contribution Swartley concludes by considering specific practices that lead to peacemaking and their place in our contemporary world Retrieving a historically neglected element in the Christian message *Covenant of Peace* confronts readers anew with the compelling New Testament witness to peace

Crucifixion-Resurrection Edwyn C. Hoskyns, Francis N. Davey, 2004-10-05 Crucifixion Resurrection is the posthumous work of one of the great theological partnerships Sir Edwyn Hoskyns the pioneer of biblical theology in England and Noel Davey his student in whom he found the ideal literary collaborator It was conceived as the theological sequel to their first joint work The Riddle of the New Testament whose

influence on generations of students has been incalculable

Crucifixion Resurrection is concerned with the theology and ethics of the New Testament. It offers a detailed exposition of the various New Testament interpretations of Christ's death penetrating to the heart of the message Christianity has to offer the world and plumbing spiritual depths which the Church rarely sounds today. Present New Testament scholarship may have a more extensive technical equipment but does not necessarily come to better theological conclusions indeed the authentic Christian humanism of Hoskyns and Davey may speak to our time even more forcibly than to their own.

Crucifixion Resurrection has been edited by Gordon S Wakefield who completed the manuscript with the help of lectures left by Noel Davey. Wakefield has also provided a substantial biographical account of the two authors.

An Introduction to Christian Ethics Alberto de Mingo Kaminouchi, 2020-10-15

What does it mean to live and build up the Kingdom of God? In this book professor and priest Alberto de Mingo Kaminouchi introduces the contemporary reader to Christian ethics by examining the New Testament through the three key concepts of Aristotle's ethics: happiness, virtue, and love. In turn the three affirmations orient this reflection through the Gospel. First when the triune God appears on the horizon it becomes easier to understand that existence has a purpose namely participating with the entire human family in this project of happiness called the Kingdom of God. Second happiness is not something outside of us it consists in the practice of the virtues that bring about a personal transformation. Third the project of the Kingdom leads us to live in love with others. De Mingo Kaminouchi shows the reader a real model of this in the community we call the church the field hospital for all those in need of hope. This book is accessibly written for readers not already well versed in Christian ethics.

Jesus and Virtue Ethics Daniel Harrington, SJ, James F. Keenan, 2002-10-16

Jesuits Daniel Harrington and James Keenan have successfully team taught the content of this landmark study to the delight of students for years. In this book they take the fruits of their own experiences as theologians, writers, teachers, mentors, and friends to propose virtue ethics as a bridge between the fields of New Testament Studies and Moral Theology. Answering the call of the Second Vatican Council for moral theology to draw more fully on the teaching of Holy Scripture the authors examine the virtues that both flow from Scripture and provide a lens by which to interpret Scripture. By remaining true to both the New Testament's emphasis on the human response to God's gracious activity in Jesus Christ and to the ethical needs and desires of Christians in the twenty-first century the authors address key topics such as discipleship, the Sermon on the Mount, love, sin, politics, justice, sexuality, marriage, divorce, bioethics, and ecology. Covering the entire sweep of ethical teaching from its foundations in Scripture and especially in Jesus' life, death, and resurrection to its goal or end with the full coming of God's kingdom the authors invite readers more deeply into an appreciation of the central biblical themes and how based on the themes Catholic Christian moral theology bears on general ethical issues in culture. Complete with reflection questions and suggestions for further reading this book is essential reading for professors, students, pastors, preachers, and interested Catholics.

BEN. WITHERINGTON,2016 **The Great Reversal** Allen Verhey,1984 Christians today are called to discern the shape and style of a life worthy of the gospel of Christ Even in the face of changing situations and new moral problems to address the contemporary church stands self consciously in a tradition of which the New Testament is a normative part In this major study of New Testament ethics Verhey examines the ethic of Jesus for it is there that the New Testament tradition begins He then analyzes the different forms in which the early church handed down the memory of Jesus s words and deeds in the development of a moral tradition Next he deals with that tradition as it came to canonical expression in the New Testament writings In the last part of the book Verhey focuses on the use of the New Testament in the continuing moral tradition of the church surveying proposals for the use of Scripture identifying the critical methodological questions and defending a modest proposal for the use of Scripture Copyright Libri GmbH All rights reserved
