

A large, weathered stone cross stands prominently on a rocky, grassy hill. The scene is set at sunset or sunrise, with a warm, golden light illuminating the landscape. The sky is filled with soft, orange and yellow clouds, and the sun is visible on the horizon behind the cross. The foreground shows the rough, uneven surface of the rocks.

Aquino,Matthew Levering,2025-04-01 John Henry Newman s Essay in Aid of a Grammar of Assent is a masterpiece of religious epistemology providing astute descriptive analysis of how the human mind actually works in addressing itself to reality as well as a novel prescriptive vocabulary for fruitfully considering the assent involved in Christian belief While it is rightly numbered among the most important of Newman s writings the Grammar is a difficult and complex work combining rigorous theoretical argumentation with deeply personal reflection In this Critical Guide to Newman s Grammar editors Frederick D Aquino and Matthew Levering have assembled ten original essays on the work s historical background and key themes and ideas Topics discussed include Newman s distinctions of real and notional apprehension and real and notional assent his treatment of the role of conscience and dogmatic propositions in religious reasoning his understanding of faith and rationality his notions of the illative sense and the role of inference in intellectual inquiry and his view of the relation between natural and revealed religion The contributing authors are an international array

of noteworthy Newman scholars including Frederick D Aquino Christopher Cimorelli John F Crosby Logan Paul Gage Stephen Grimm Thomas S Hibbs Lorraine Keller Andrew Meszaros Francesca Aran Murphy Cyril O Regan and Geertjan Zuijdwegt This collection of essays presents the riches of the Grammar in conversation with contemporary philosophical and theological concerns guiding readers into its central topics while also advancing its scholarly reception *Conscience in the Parochial and Plain Sermons of John Henry Newman* Fabio Attard, 2008 A theme rightly associated with the personality of John Henry Newman is that of conscience To the general reader Newman s life story comes across as a witness of someone who followed the light of his conscience wherever it lead him Yet for those who decide to enter into a more familiar knowledge of the man it will soon become clear that the meaning of conscience in his life goes much deeper than was originally thought The main aim of this book is to discover what Newman understands by the term conscience in a particular period of his life that which stretches from 1816 to 1843 his Anglican period Within this particular period we find two sources that are intimately linked with one another They are his sermons the Parochial and Plain Sermons and the varied biographical events as they come across to us through his Letters and Diaries This book aims to find in these two sources the answers to the question How is Newman s own understanding of conscience within the Parochial and Plain Sermons related to his personal life story This question is dealt with from the standpoint of the biographical events and that of the written word For this reason this volume is divided into two parts The first examines the whole domain of the events aiming to highlight the importance they hold for the theme of conscience The second is directly concerned with Newman s writing on conscience within the Parochial and Plain Sermons Contents The discovery of Conscience 1816 1825 Advocacy of Conscience 1825 1832 Advocacy of Conscience 1833 1843 The reason behind the sermon Analysis of the term Conscience Conclusion *The writing of the "Apologia" (1864)* Wilfrid Philip Ward, 1912 Publishers' Circular and Booksellers' Record of British and Foreign Literature , 1897
