Hollywood is Everywhere Melis Behlil, 2025-10-01 Hollywood has a long tradition of bringing in emigre directors from around the world dating back to the silent era Today as the film industry is ever more global the people who make blockbuster movies seemingly reflect this tradition hailing from many countries across the world But that fact hides a fundamental difference one that Melis Behlil examines in *Hollywood is Everywhere* today's Hollywood studios are themselves transnational with ownership structures and financial arrangements that stretch far beyond the borders of the United States Seen in that context today's international directors are less analogous to the emigre talent of the past than to ordinary transnational employees of other major global corporations

To Play the Game J. Bowyer Bell, Mark Antony and Popular Culture Rachael Kelly, 2014-06-12 Shakespeare called him The abstract of all faults That all men follow For Plutarch he was a bon vivant whose excessive appetites and poor judgement overwhelmed his potential for greatness History remembers him as the man who threw away an empire for love an imperfect romantic hero dashing but decadent whose tragic narrative is conveniently contained by his death by suicide in Cleopatra's arms Stemming from hostile Roman propaganda in the years leading up to his death Mark Antony is generally presented in popular culture as a deeply flawed character subject to emotional and physical excesses that are understood in gendered terms as defective feminised masculinity His notoriety for drunkenness debauchery decadence and profligacy have survived and flourished in

contemporary screen representations But who was Mark Antony Was he Richard Burton s Byronic dilettante the brooding soldier who allows his love for Cleopatra to dictate his political policy Was he James Purefoy s amoral impulsive bully boy loyal to no one but himself and dedicated to the relentless pursuit of bodily gratification Both or neither In this fascinating account of a classical figure and his reception in popular culture Rachael Kelly traces the Mark Antony myth in Hollywood historical epic film and television and examines the complex discourses of hegemonic masculinity that have shaped it Certain tropes occur time and again in constructing Mark Antony for the screen nurtured by the strong influence of Roman gendered social mores on Western society Kelly exposes and examines these tropes in order to look at how and why Mark Antony as pop culture icon differs so substantially and specifically from the actual historical figure Marcus Antonius once the most powerful man in the Roman world and the man who nearly led the Republic into empire **Hollywood's (m)Other**

Presidential Unrealities Sebastian M. Herrmann,2014-06-12 This book analyzes and historicizes an important and popular motif in contemporary US political discourse the notion that politics has become increasingly unreal At the turn of the millennium the simulated quality of politics in general and of the US presidency in particular has become a major object of concern across a broad range of venues and media publications in media studies and political science newspaper editorials novels films and TV shows alike worry over how much or how little we can actually know about the reality of the US president when all our knowledge is based on carefully staged media representations Rather than adding another voice to this concern Presidential Unrealities investigates the cultural work such discussions do Charting their histories and their cultural resonances the book argues that debating presidential unreality provides a crucial vocabulary by way of which the US public negotiates the postmodernization of American culture and society **Laughing Fit to Kill** Glenda Carpio,2008-07-01 Reassessing the meanings of black humor and dark satire Laughing Fit to Kill illustrates how black comedians writers and artists have deftly deployed various modes of comedic conjuring the absurd the grotesque and the

strategic expression of racial stereotypes to redress not only the past injustices of slavery and racism in America but also their legacy in the present. Focusing on representations of slavery in the post civil rights era, Carpio explores stereotypes in Richard Pryor's groundbreaking stand up act and the outrageous comedy of Chappelle's Show to demonstrate how deeply indebted they are to the sly social criticism embedded in the profoundly ironic nineteenth century fiction of William Wells Brown and Charles W. Chesnutt. Similarly, she reveals how the iconoclastic literary works of Ishmael Reed and Suzan Lori Parks use satire, hyperbole, and burlesque humor to represent a violent history and to take on issues of racial injustice. With an abundance of illustrations, Carpio also extends her discussion of radical black comedy to the visual arts as she reveals how the use of subversive appropriation by Kara Walker and Robert Colescott cleverly lampoons the iconography of slavery. Ultimately, *Laughing Fit to Kill* offers a unique look at the bold, complex, and just plain funny ways that African American artists have used laughter to critique slavery's dark legacy.

This edited collection is the first book to offer a wide ranging examination of the interface between American independent film and a converged television landscape that consists of terrestrial broadcasters, cable networks, and streaming providers in which independent film and television intersect in complex, multifaceted, and creative ways. The book covers the long history of continuities and connections between the two sectors as seen in the activities of PBS, HBO, or Sundance. It considers the movement of filmmakers between indie film and TV, such as Steven Soderbergh, Rian Johnson, the Duplass brothers, Joe Swanberg, Lynn Shelton, and Gregg Araki. Details the confluence of aesthetic and thematic elements seen in shows such as *Girls*, *Breaking Bad*, *Master of None*, or *Glow*, points to a shared interest in regional sensibilities evident in shows like *One Mississippi* or *Fargo*, and makes the case for documentaries and web series as significant entities in this domain.
