in order to search for the happy equilibrium she yearns for She makes a plan but questions how far is she willing to go balancing the emotional material and physical costs to achieve happiness and fulfilment Will new adventures bring satisfaction or will the past catch up to destroy Petra s efforts to build a new life Trespassing Through Life offers a glimpse into contrasting cultures illustrated within the exotic and titillating world of equestrianism thoroughbred racing and international travel

Muslim Societies in the Age of Mass Consumption Johanna Pink,2020-07-13 In the course of the 20th century hardly a region in the world has escaped the triumph of global consumerism Muslim societies are no exception Globalized brands are pervasive and the landscapes of consumption are changing at a breathtaking pace Yet Muslim consumers are not passive victims of the homogenizing forces of globalization They actively appropriate and adapt the new commodities and spaces of consumption to their own needs and integrate them into their culture Simultaneously this culture is reshaped and reinvented to comply with the mechanisms of conspicuous consumption It is these processes that this volume seeks to address from an interdisciplinary perspective The papers in this anthology present innovative approaches to a wide range of issues that have so far barely received scholarly attention The topics range from the changing spaces of consumption to Islamic branding from the marketing of religious music to the consumption patterns of Muslim minority groups This anthology uses consumption as a prism through which to view and better understand the enormous transformations that Muslim societies Middle Eastern South East Asian as well as diasporic ones have undergone in the past few decades
