

Review Essay assignment

Purpose: Evaluate the relative significance of the effects of various programs for international and domestic strategies between 1945 and 1975

Instructions: [Read](#) using relevant evidence/observations that could be used for either direction

Assignment	Describe the main topic, question, or issue	Analysis: How can you explain the main line of thought?
1. <u>Domestic Development in Japan</u>	In the late 1940s, the Japanese government and business leaders had strong support for the government and were advocating that the best thing to do was to rebuild the country. They argued that the government should not be too involved in the economy, but should focus on the private sector.	I can explain the domestic development in Japan by looking at the government's role in the economy. The government was very active in the economy, and this helped to build the country's infrastructure and industry. The government also provided financial support to the private sector, which helped to create jobs and increase production.
2. <u>International Development in Japan</u>	The US had been the main provider of aid to Japan since 1945, and the Japanese government had been able to use this aid to rebuild the country. However, the US had also been the main provider of aid to other countries, and this had helped to build their economies.	I can explain international development in Japan by looking at the government's role in the economy. The government was very active in the economy, and this helped to build the country's infrastructure and industry. The government also provided financial support to the private sector, which helped to create jobs and increase production.
3. <u>Domestic Development in Japan</u>	During the war, the Japanese government had been able to use the aid from the US to rebuild the country. However, the US had also been the main provider of aid to other countries, and this had helped to build their economies.	I can explain domestic development in Japan by looking at the government's role in the economy. The government was very active in the economy, and this helped to build the country's infrastructure and industry. The government also provided financial support to the private sector, which helped to create jobs and increase production.
4. <u>Domestic Development in Japan</u>	The US had been the main provider of aid to Japan since 1945, and the Japanese government had been able to use this aid to rebuild the country.
