The Mobile Revolution Dan Steinbock,2007 In The Mobile Revolution senior executives of the world s leading mobile vendors operators service providers software giants chip kings media and entertainment conglomerates publishers music moguls and brand marketers reveal their secrets and strategies Nokia Motorola Sony Ericsson Qualcomm Vodafone Microsoft Intel Yahoo New York Times EMI CNN ABC Disney Warner Music and Universal are just a few of the names that feature As a result the book abounds with inside stories of great industry successes and equally great flops as the narrative shifts constantly between the major cities of several continents from Helsinki and Stockholm London and Frankfurt Tokyo and Seoul Beijing and Singapore New York City and Los Angeles to Bangalore and Moscow The Mobile Revolution is about the making of mobile markets and services worldwide with a firm emphasis on innovation Not just another account of technology innovation it examines the rise of mobile services in the context of maturing and emerging mobile markets

Successful Management in the Digital Age John Harte,2017-07-05 Successful Management in the Digital Age examines key factors for success in today s business environment finding markets being vigilant for new trends and changes exploiting opportunities and overcoming obstacles While acknowledging the benefits of technological advances in some areas John Harte shows how artificial intelligence is limited and often imperfect Becoming thoughtlessly dependent on it may replace the far more rewarding benefits of human ingenuity creativity and innovation For Harte organizational complacency is one of the prime causes of business inertia It often results from past successes that create an illusion of wisdom and invulnerability which blinds leaders to warning signs De industrialization is just one example of a movement that led to the present market stagnation Harte reminds executives and entrepreneurs of the basic formula for success in any business producing a product or service that people want and providing it at the right time for the right price in order to make a suitable profit He warns us to resist temptations of the digital era such as automation that results in over production and market saturation outsourcing that risks losing customers and losing control of brands and markets by needless offshoring
