

New Testament Economics

Peter Oakes

New Testament Economics:

God's New Testament Economy Witness Lee.1986 **Engaging New Institutional Economics with New Testament** Studies Alex Hon Ho Ip, 2024-12-15 In Engaging New Institutional Economics with New Testament Studies Methods and Case Studies on Wealth Poverty Economic Relationships and Material Culture the intersection of economics and biblical scholarship takes center stage offering a groundbreaking approach to understanding the economic underpinnings of the New Testament This book explores how the vast economic landscape of the Roman Empire shaped early Christian communities delving into themes of wealth poverty and material culture through the lens of New Institutional Economics NIE The book also conducts a thorough literature review addressing a common misunderstanding rooted in the confusing use of the term economics Many scholars have narrowly assumed that economics refers exclusively to neo classical economics However this work deliberately advocates for the merits of NIE demonstrating how it offers a more nuanced framework for analyzing the economic realities of the ancient world and their impact on New Testament narratives Through detailed case studies including an analysis of wealth possession in the Gospel of Luke the book illustrates how NIE can unlock new insights into the New Testament's engagement with economic structures Far from being merely an academic exercise this book argues that the New Testament offers profound wisdom for navigating the ethical and moral complexities of economic behavior in the modern world Scholars and readers alike will find a valuable resource for exploring the rich yet often overlooked **Engaging Economics** Bruce W. Longenecker, Kelly D. economic dimensions of the New Testament Liebengood, 2009-10-23 Emerging Economics reveals the economic dimentisons of the theology of the early Jesus movement explains how this is reflected in the texts of the New Testament the reception of those texts within the patristic era

Empire, Economics, and the New Testament Peter Oakes,2020-11-12 Peter Oakes has long been recognized for his illuminating use of Greco Roman material culture and social scientific criticism to interpret the New Testament This volume brings together his best work and introduces a substantial new essay that challenges current scholarly approaches to paradoxical teachings of the New Testament Of special interest to Oakes throughout this book is the concrete impact of economic realities and Roman imperialism on first century Christian communities meeting in house churches To address this Oakes considers an array of textual and archaeological resources from first century non elite life including extensive archaeological evidence available from Pompeii Readers will find here a deep trove of wisdom for understanding the New Testament in the context of the Greco Roman world

New Testament Economics John Hedley Higginson,1938

Theories of Poverty in the World of the New Testament David J. Armitage, 2016-09-05 How was poverty interpreted in the New Testament David J Armitage explores key ways in which poverty was understood in the Greco Roman and Jewish milieux of the New Testament and considers how approaches to poverty found in the texts of the New Testament itself relate to these wider contexts back of the book Biblical Economic Ethics Albino Barrera, 2013-08-31 Written in non technical language

accessible to non specialist readers this book is a theological synthesis of the findings of scripture scholars and ethicists on what the Bible teaches about economic life It proposes a biblical theology of economic life that addresses three questions namely What do the individual books of Sacred Scripture say about proper economic conduct How do these teachings fit within the larger theology and ethics of the books in which they are found Are there recurring themes underlying patterns or issues running across these different sections of the Bible when read together as a single canon The economic norms of the Old and New Testament exhibit both continuity and change Despite their diverse social settings and theological visions the books of the Bible nonetheless share recurring themes care for the poor generosity wariness over the idolatry of wealth the inseparability of genuine worship and upright moral conduct and the acknowledgment of an underlying divine order in economic life Contrary to most people s first impression that the Bible offers merely random economic teachings without rhyme or reason there is in fact a specific vision undergirding these scriptural norms Moreover far from being burdensome impositions of do s and don to this book finds that the Bible s economic norms are in fact an invitation to participate in God s providence To this end we have been granted a threefold benefaction the gift of divine friendship the gift of one another and the gift of the earth Thus biblical economic ethics is best characterized as a chronicle of how God provides for humanity through people's mutual solicitude and hard work The economic ordinances aphorisms and admonitions of the Old and New Testament turn out to be an unmerited divine invitation to participate in God's governance of the world Our economic conduct provides us with a unique opportunity to shine forth in our creation in the image and likeness of God Often extremely demanding hard and even fraught with temptations and distractions economic life nevertheless is at its core an occasion for humans to grow in holiness charity and perfection Mercer Dictionary of the Bible Watson E. Mills, Roger Aubrey Bullard, 1990 Jesus Christ in History and Scripture highlights two related bases for the current revolution in Jesus studies 1 a critically chastened world view that is satisfied with provisional results and 2 a creative or poetic use of the sources of study Dictionary of New Testament Background CRAIG A EVANS, STANLEY E PORTER, 2020-05-21 The Dictionary of of Jesus New Testament Background joins the Dictionary of Jesus and the Gospels the Dictionary of Paul and his Letters and the Dictionary of the Later New Testament and its Developments as the fourth in a landmark series of reference works on the Bible In a time when our knowledge of the ancient Mediterranean world has grown this volume sets out for readers the wealth of Jewish and Greco Roman background that should inform our reading and understanding of the New Testament and early Christianity The Dictionary of New Testament Background takes full advantage of the flourishing study of the Dead Sea Scrolls and offers individual articles focused on the most important scrolls In addition the Dictionary encompasses the fullness of second temple Jewish writings whether pseudepigraphic rabbinic parables proverbs histories or inscriptions Articles abound on aspects of Jewish life and thought including family purity liturgy and messianism The full scope of Greco Roman culture is displayed in articles ranging across language and rhetoric literacy and book benefactors travel and trade

intellectual movements and ideas and ancient geographical perspectives No other reference work presents so much in one place for students of the New Testament Here an entire library of scholarship is made available in summary form The Dictionary of New Testament Background can stand alone or work in concert with one or more of its companion volumes in the series Written by acknowledged experts in their fields this wealth of knowledge of the New Testament era is carefully aimed at the needs of contemporary students of the New Testament In addition its full bibliographies and cross references to other volumes in the series will make it the first book to reach for in any investigation of the New Testament in its ancient Economics and the New Testament Samuel John DeYoung, 1944 **Economics and Empire in the Roman World** Matthew J. M. Coomber, 2025-01-16 Over the past few decades the study of biblical economics has developed into an important subfield of biblical studies This subfield uses textual and archaeological evidence to uncover the economic realities behind biblical literature resulting in greater understandings of the lives and possible intentions of those individuals and communities that composed these religious texts and also of their potential relevance or lack thereof to the communities that continue to receive them Economics and Empire in the Roman World has brought together eight scholars of biblical economics to create a repository of what is understood about the socioeconomic realities of those who penned and first received what were to become the Christian scriptures In addition to serving the research and teaching interests of biblical scholars this volume has also been created for the benefit of economic historians anthropologists and sociologists **Economic Background of the New Testament** Frederick Clifton Grant, 195? **The World of the New Testament** Joel B. Green, Lee Martin McDonald, 2013-08-15 This volume addresses the most important issues related to the study of New Testament writings Two respected senior scholars have brought together a team of distinguished specialists to introduce the Jewish Hellenistic and Roman backgrounds necessary for understanding the New Testament and the early church Contributors include renowned scholars such as Lynn H Cohick David A deSilva James D G Dunn and Ben Witherington III The book includes seventy five photographs fifteen maps numerous tables and charts illustrations and bibliographies All students of the New Testament will value this reliable up to date comprehensive textbook and reference volume on the New Economics, Ethics and Religion R. Wilson, 1997-02-24 There is a revival of interest by economists in Testament world ethical issues and beliefs and by moral philosophers and theologians in economics This book is intended to make a contribution to this cross fertilisation of ideas Rodney Wilson has undertaken an extensive survey of Jewish Christian and Muslim views on economics and reviewed the rapidly expanding business ethics literature from a religious perspective The juxtaposition of the work of theologians and moral philosophers with that of economists results in some interesting Renaissance New Testament Yeager, Dr. Randolph, The Economics of Neighborly Love Tom comparisons Nelson, 2017-09-05 What does the good news of Jesus mean for economics Marrying biblical study economic theory and practical advice pastor Tom Nelson presents a vision for church ministry that works toward the flourishing of the local

community beginning with its poorest and most marginalized members and pushing us toward more nuanced understandings of wealth and poverty The Oxford Handbook of Christianity and Economics Paul Oslington, 2014 The new interdisciplinary field of Christianity and economics deals with the important and difficult questions that cluster at the boundary of these disciplines drawing on contemporary theory and empirical findings in both fields with roots in older discourses This landmark volume surveys the field and advances the discussion It deploys historical economic and theological analysis to search for answers The Renaissance New Testament Yeager, Dr. Randolph, Paul and Economics Thomas R. Blanton IV, Raymond Pickett, 2017-06-15 The social context of Paul's mission and congregations has been the study of intense investigation for decades but only in recent years have questions of economic realities and the relationship between rich and poor come to the forefront In Paul and Economics leading scholars address a variety of topics in contemporary discussion including an overview of the Roman economy the economic profile of Paul and of his communities and stratification within them architectural considerations regarding where they met food and drink idol meat and the Lord s Supper material conditions of urban poverty patronage slavery travel gender and status the collection for Jerusalem and the role of Marxist theory and the question of political economy in Paul scholarship **Economics of Good and Evil Tomas** Sedlacek, 2011-07-01 In The Economics of Good and Evil Sedlacek challenges widely held beliefs about economics and culture by tracing the study and themes of economics throughout history
