and beginning scholars with key concepts and methodological resources guiding contemporary inquiry into children's literature. Describes the major media formats and genres for texts expressly addressing children. Considers the production, distribution, and valuing of children's books from an assortment of historical and contemporary perspectives, highlighting context as a driver of content. Maps how children's texts have historically presumed and prescribed certain identities on the part of their readers, sometimes addressing readers who share some part of the author's identity, sometimes seeking to educate the reader about a presumed other, and in recent decades increasingly foregrounding identities once lacking visibility and voice. Explores the historical evolutions and trans-regional contacts and inter-connections in the long process of the formation of global children's literature, highlighting issues such as retranslation, transnationalism, transculturality, and new digital formats for considering cultural crossings and renegotiations in the production of children's literature. Methodically presented and contextualized, this volume is an engaging introduction to this expanding and multifaceted field.

The Publishers Weekly, 1879 *The Literary Digest International Book Review* Clifford Smyth, 1924 **American Loser** Phillip Roberts, 2011-06-29 A story about the will. Doesn't sound particularly exciting or extraordinary. Maybe not. Depends on what a person goes through to discover their will. I see. You mean a will to live. Yes. And that's what American Loser is about. Primarily, yes. About discovering how powerful a person's will can be. That's certainly more interesting. Who might read such a story? Someone who's been in pain, who's questioned their own existence, and considered maybe not being around tomorrow. Anyone else who might like this story? People amused by extreme behavior, sexual oddity, and odysseys, drug use, and other absurdities that arise from passionate living. **From Abba to Zoom** David Mansour, 2005-06 American pop culture aficionado. Mansour offers this wide-ranging volume of Boomer and Generation X treasures. In page after page, more than 3,000 references make this a true trip through the Boom Times. Reality Bites Back Jennifer L. Pozner, 2010-10-19 Nearly every night on every major network, unscripted but carefully crafted reality TV shows routinely glorify retrograde stereotypes that most people would assume got left behind 35 years ago. In *Reality Bites Back*, media critic Jennifer L. Pozner aims a critical analytical lens at a trend most people dismiss as harmless fluff. She deconstructs reality TV's twisted fairytales to demonstrate that far from being simple guilty pleasures, these programs are actually guilty of fomenting gender war ideology and significantly affecting the intellectual and political development of this generation's young viewers. She lays out the cultural biases promoted by reality TV about gender, race, class, sexuality, and consumerism, and explores how those biases shape and reflect our cultural perceptions of who we are, what we're valued for, and what we should view as our place in society. Smart and informative, *Reality Bites Back* arms readers with the tools they need to understand and challenge the stereotypes reality TV reinforces and ultimately to demand accountability from the corporations responsible for this contemporary cultural attack on three decades of feminist progress. **Beautiful Music** Michael Zadoorian, 2018-05-01 An eight-track flashback of a novel set in 1970s Detroit from the international bestselling author of *The Narcissism of Small*
