Freedom in Congo Square Carole Boston Weatherford, 2017-01-17 Chosen as a New York Times Best Illustrated Book of 2016 this poetic nonfiction story about a little known piece of African American history captures a human's capacity to find hope and joy in difficult circumstances and demonstrates how New Orleans Congo Square was truly freedom's heart. Mondays there were hogs to slop, mules to train and logs to chop. Slavery was no way fair. Six more days to Congo Square. As slaves relentlessly toiled in an unjust system in 19th century Louisiana they all counted down the days until Sunday when at least for half a day they were briefly able to congregate in Congo Square in New Orleans. Here they were free to set up an open market, sing, dance and play music. They were free to forget their cares, their struggles and their oppression. This story chronicles slaves' duties each day from chopping logs on Mondays to baking bread on Wednesdays to plucking hens on Saturday and builds to the freedom of Sundays and the special experience of an afternoon spent in Congo Square. This book will have a forward from Freddi Williams Evans, freddievans.com, a historian and Congo Square expert as well as a glossary of terms with pronunciations and definitions. AWARDS: A Kirkus Reviews Best Book of 2016, A School Library Journal Best Book of 2016, Nonfiction Starred reviews from School Library Journal, Booklist, Kirkus Reviews and The Horn Book Magazine.

traits as common language How to address challenges students may face within the different modes of writing narrative expository and persuasive Strategic lessons to teach the writer that scaffold students towards making their own craft decisions A chapter on mentor texts which can be used to model traits and key qualities for your students Teach Writing Well pulls best practices together and shows writing with fresh eyes The Passive Programming Playbook Paula Willey, Andria L. Amaral, 2021-05-11 This book offers 101 passive programming ideas that are extendable adaptable customizable and above all stealable so your passive programming never runs dry Passive programming is a cheap quick fun way to make all library customers feel like part of the community It can support reading initiatives foster family engagement encourage visit frequency and coax interaction out of library lurkers while barely making a dent in your programming budget Passive programming can be targeted at children teens adults or seniors used to augment existing programs and executed in places where staff led programming can't reach It can be light footed spontaneous and easily deployed to reflect and respond to current news media library events and even the weather But even passive programming pros run out of ideas sometimes and when that happens they want a fresh funny source of inspiration Thinking and Learning through Children's Literature Miriam G. Martinez, Junko Yokota, Charles Temple, 2017-04-18 Much of teachers attention these days is focused on having students read closely to ferret out the author's intended meaning and the devices used to convey that meaning But we cannot forget to guide students to have moving engagements with literature because they need to make strong personal connections to books of merit if they are to become the next generation of readers literate people with awareness of and concern for the diversity of human beings around them and in different times and places Fortunately guiding both students personal engagement with literature and their close reading to appreciate the author's message and craft are not incompatible goals This book enthusiastically and intelligently addresses both imperatives first surveying what is gained when students are immersed in literature then celebrating and explicating the main features of literature students need to understand to broaden their tastes and deepen their engagement at the same time they meet external standards then presenting a host of active methods for exploring all major genres of children's books and finally presenting suggestions for interdisciplinary teaching units grounded in literature Created by noted leaders in the fields of children's literature and literacy the book is enlivened by recurring features such as suggested reading lists issues for discussion links to technology and annotations of exemplary books You Can Fly Carole Boston Weatherford, 2016 This history in verse celebrates the story of the Tuskegee Army's pioneering African American pilots who triumphed in the skies and past the color barrier during World War II Illustrations **Tending to the Past** Karen Michele Chandler, 2024-01-18 In many popular depictions of Black resistance to slavery stereotypes around victimization and the heroic efforts of a small number of individuals abound These ideas ignore the powers of ordinary families and obscure the systematic working of racism Tending to the Past Selfhood and Culture in Children's Narratives about Slavery and Freedom examines Black authored historical novels and films for children that

counter this distortion and depict creative means by which ordinary African Americans survived slavery and racism in early America Tending to the Past argues that this important understudied historical writing freedom narratives calls on young readers to be active critical thinkers about the past and its legacies within the present The book examines how narratives by children s book authors such as Joyce Hansen Julius Lester Marilyn Nelson and Patricia McKissack and the filmmakers Charles Burnett and Zeinabu irene Davis were influenced by Black cultural imperatives such as the Black Arts Movement to foster an engaged culturally aware public Through careful analysis of this rich body of work Tending to the Past thus contributes to ongoing efforts to construct a history of Black children s literature and film attuned to its range specificity and depths Tending to the Past provides illuminating interpretations that will help scholars and educators see the significance of the freedom narratives reconstructions in a neoliberal era a time of shrinking opportunities for many African Americans It offers models for understanding the powers and continuing relevance of the Black child s creative agency and the Black cultural practices that have fostered it
