### **Nice Book Power Play Rise Modern Sinn:**

**Power Play** Deaglán de Bréadún, 2015-10-05 This is the first comprehensive analysis of how Sinn Féin has transformed itself from political wing of the Republican movement to a mainstream force in Irish politics In this book by one of Ireland's leading political journalists Deaglán de Bréadún provides an incisive account of how the party has arrived at a position in the space of one generation where it is in power north of the border and knocking on the door of government in the south Despite recent controversies and scandals arising from alleged sexual abuse by republican activists and the violent legacies of the Troubles the party has maintained its popularity The outsiders have now become insiders in the political game How did this dramatic transformation come about Based on detailed research as well as interviews with a wide range of figures inside Sinn Féin and across the Irish political spectrum Deaglán de Bréadún unveils a fascinating and indispensable analysis of a party that has come in from the cold The book also draws on the author's experiences covering the Northern Ireland peace process as well as politics in the Republic for many years to reveal the most fascinating and unmissable political story of 2015

**The Long Game** Aoife Moore, 2023-09-07 Inside the rise of the political party once subordinate to the IRA that is on the brink of taking power in Ireland Sinn Féin long widely regarded as the political wing of the Provisional IRA is the most popular political party in both Northern Ireland and the Republic A movement once synonymous with a paramilitary campaign is on the brink of taking real power through purely democratic means But if Sinn Féin has mastered the art of electoral politics it remains strangely opaque Who really runs the party How is it funded And what can we expect of it as a party of government Aoife Moore Irish Journalist of the Year 2021 explores these and other burning questions in The Long Game Drawing on exclusive interviews with current and former members of Sinn Féin she builds up a picture of a party undergoing a profound and still incomplete transformation She looks at the key individuals and moments that put the party on its present course and she explores tensions within the party and the wider republican movement Packed with revelatory details The Long Game is a groundbreaking telling of contemporary Ireland's biggest and most elusive political story

Nationalism in Internationalism Michael Holmes, Kathryn Simpson, 2023-01-01 This book interprets the relationship between Ireland and the European Union EU We are coming up to 50 years since Ireland acceded to the EU 2023 and the links between the two are unique and distinctive The volume presents an original interpretation of Irish EU relations and this in turn has implications for a wider understanding of the EU Its aim is to analyse the Irish EU relationship from the idea of two apparently contradictory political ideas internationalism as represented by European integration in this particular instance and nationalism long the dominant value in Irish politics The authors argue that to date the contradictions have been managed with considerable ease leading us to characterise the Irish EU relationship as nationalism within internationalism

**Lullabies and Battle Cries** Jaime Rollins, 2018-08-17 Set against a volatile political landscape Irish republican culture has struggled to maintain continuity with the past affirm legitimacy in the present and generate a sense of

community for the future Lullabies and Battle Cries explores the relationship between music emotion memory and identity in republican parading bands with a focus on how this music continues to be utilized in a post conflict climate As author Jaime Rollins shows rebel parade music provides a foundational idiom of national and republican expression acting as a critical medium for shaping new political identities within continually shifting dynamics of republican culture **Rebels in government** Agnès Maillot,2022-02-01 The February 2020 general election in the Republic of Ireland sent shockwaves through the country s political system Sinn F in ahead of all other parties in terms of first preference votes secured its place as a potential coalition partner a role it has been playing in Northern Ireland since the start of the century This result not only disrupted the two party system it also questioned a narrative that had cast Sinn F in as an outlier in the political mainstream However the prospect of this all Ireland radical left and former Provisional IRA associate being in government raises many questions what does the success of this all Ireland party say about the prospect of reunification Can a party over which the shadow of paramilitaries still lingers be fully trusted And are the radical changes that the party advocates in areas such as housing public health and taxation a compelling alternative These are the questions that this book sets out to address

*A Treatise on Northern Ireland, Volume III* Brendan O'Leary,2019-04-04 The third volume of the definitive political history of Northern Ireland The Good Friday Agreement deserved the attention the world gave it even if it was not always accurately understood After its ratification in two referendums for the first time in history political institutions throughout the island of Ireland rested upon the freely given assent of majorities of all the peoples on the island It marked it was hoped the full political decolonization of Ireland Whether Ireland would reunify or whether Northern Ireland remain in union with Great Britain now rested on the will of the people of Ireland North and South respectively a complex mode of power sharing addressed the self determination dispute The concluding volume of Brendan O Leary s *A Treatise on Northern Ireland* explains the making of this settlement and the many failed initiatives that preceded it under British direct rule Long term structural and institutional changes and short term political maneuvers are given their due in this lively but comprehensive assessment The Anglo Irish Agreement is identified as the political tipping point itself partially the outcome of the hunger strikes of 1980 81 that had prevented the criminalization of republicanism Until 2016 the prudent judgment seemed to be that the Good Friday Agreement had broadly worked eventually enabling Sinn F in and the DUP to share power with intermittent attention from the sovereign governments Cultural Catholics appeared content if not in love with the Union with Great Britain But the decision to hold a referendum on the UK s membership of the European Union has collaterally damaged and destabilized the Good Friday Agreement That in turn has shaped the UK s tortured exit negotiations with the European Union In appraising these recent events and assessing possible futures readers will find O Leary s distinctive angle of vision clear sharp unsentimental and unsparing of reputations in keeping with the mastery of the historical panoramas displayed throughout this treatise **A Treatise on Northern Ireland** Brendan O'Leary,2019 The third volume of the definitive
