Culinary Colonialism, Caribbean Cookbooks, and Recipes for National Independence Keja L. Valens, 2024-02-16

Women across the Caribbean have been writing reading and exchanging cookbooks since at least the turn of the nineteenth century These cookbooks are about much more than cooking Through cookbooks Caribbean women and a few men have shaped embedded and contested colonial and domestic orders delineated the contours of independent national cultures and transformed tastes for independence into flavors of domestic autonomy Culinary Colonialism Caribbean Cookbooks and Recipes for National Independence integrates new documents into the Caribbean archive and presents them in a rare pan Caribbean perspective The first book length consideration of Caribbean cookbooks Culinary Colonialism joins a growing body of work in Caribbean studies and food studies that considers the intersections of food writing race class gender and nationality A selection of recipes culled from the archive that Culinary Colonialism assembles allows readers to savor the confluence of culinary traditions and local specifications that connect and distinguish national cuisines in the Caribbean

Caribbean Food Cultures Wiebke Beushausen, Anne Brüske, Ana-Sofia Commichau, Patrick Helber, Sinah Kloß, 2014-06-15

Caribbean Food Cultures approaches the matter of food from the perspectives of anthropology sociology cultural and literary studies Its strong interdisciplinary focus provides new insights into symbolic and material food practices beyond eating drinking cooking or etiquette The contributors discuss culinary aesthetics and neo colonial gazes on the Caribbean in literary documents audiovisual media and popular images They investigate the negotiation of communities and identities through the preparation consumption and commodification of authentic food Furthermore the authors emphasize the influence of underlying socioeconomic power relations for the reinvention of Caribbean and Western identities in the wake of migration and transnationalism The anthology features contributions by renowned scholars such as Rita De Maeseneer and Fabio Parasecoli who read Hispano Caribbean literatures and popular culture through the lens of food studies The Jewish

Rebellious Cooks and Recipe Writing in Communist Bulgaria Albena Shkodrova, 2021-01-28 How did people exist and resist in their daily lives under Soviet control in the Cold War period Shkodrova s monograph shows how in communist Bulgaria many women passionately exchanged recipes with friends and strangers to build substantial and impressive private collections of recipes This activity was borderline contraband in going against the general disapproval of home cooking that formed part of the ideology of communism in which home cooking was considered household slavery and an agent of patriarchalism Private recipe collections were by far the preferred written source of culinary information more popular than the state approved commercial cookbooks Shkodrova shows how these recipe collections held many different meanings for the women who collected them from helping to navigate the communist economy to enabling new friendships to be developed while engaging safely in power relations and cultivating a sense of individual identity in a society where collective existence was prioritised and exalted Drawing on primary sources including scrapbook cookbooks and working from the establishment of cookery classes before communism and their obliteration thereafter Shkodrova presents a structured outline of the meanings of recipes exchange and home cooking for Bulgarian women under communism

A BOUQUET OF MEMORIES FOR AN AMERICAN DAUGHTER
Gisela Norat, 2023-05-30 In this memoir childhood recollections become the springboard for depicting the challenges of a Latina an immigrant and a bicultural mother in the United States The vignettes of life under communist rule in her native Cuba help readers glean a harsh contrast with the civil liberties Americans enjoy Infused with humor and candid introspection the writing tackles the pitfalls the contradictions and the cultural scrimmages that emerge after marriage to an Anglo man and during the upbringing of their bicultural daughter When her enthusiasm for Spanish language immersion at home meets with the child s resistance the author is forced to question the visceral attachment she feels for her birth language Stumbling through motherhood she ponders how to live an authentic sense of self while mothering in English She resolves not to push the daughter to speak Spanish and risk damaging their mother daughter bond Instead the author begins to write and crafts this family legacy as an invitation for her daughter to embrace her Cuban Spanish lineage This Latina mother s journey of self reflection dredges memories of her birthplace family exile cultural adaptation and social integration Through the narrative lens of a child refugee daughter wife mother professor and an acculturated Cuban American the

author depicts the culture clashing complexities of her biculturalism. It is while examining the precariousness of family relationships that the author arrives at a deeper understanding of the nuances of ethnic identity. Through this writing she achieves a genuine embrace of the extraordinary adoptive country that irrevocably ties her to her beloved American daughter. May you reader be inspired to collect and stitch for posterity your tapestry of family stories. *The Miracle of Saint Lazarus* Uva de Aragón, 2019-10-15. When a young girl presumed dead for decades is spotted in Miami, long buried secrets begin to emerge in a thriller by the acclaimed Cuban American author. In 1992, a few weeks after Hurricane Andrew wreaks havoc across South Florida, a father and his infant daughter crash their car into a canal in Miami. The man's body is recovered but his baby girl is never found. Then twenty-three years later, reported sightings of the girl begin to emerge. And the impossibly cold case is reopened. Detective Maria Duquesne has been assigned to the case but she has very little in the way of clues. Is it really possible that the girl is still alive? Or is this simply the persistence of a desperate mother who will not accept the death of her daughter? To get answers, she will have to dig deep into the Latino communities of Miami and Hialeah as she confronts an increasingly tangled and dangerous mystery. **Cortadito** Enrique Fernández, 2018-11-15. The Miami Herald food columnist explores the culinary traditions of Cuba and their strange new life in America in this memoir of an exiled gourmand. In the sprawling *Cortadito*, Enrique Fernández explores contemporary Cuban cuisine through personal memories of growing up on the pre-revolutionary island. In his sensual journey through the origin and evolution of Cuban food staples, Fernández wonders what shapes flavor: is it the soil or the community, whether at home or abroad? As an exile, he affirms, "I will continue to sample the crumbs that fall from Cuba's table and be thankful and resentful at the same time." **Caribeños at the Table** Melissa Fuster, 2021-09-15. Melissa Fuster thinks expansively about the multiple meanings of *comida* (food) from something as simple as a meal to something as complex as one's identity. She listens intently to the voices of New York City residents with Cuban, Dominican, or Puerto Rican backgrounds as well as to those of the nutritionists and health professionals who serve them. She argues with sensitivity that the migrants' health depends not only on food culture but also on important structural factors that underlie their access to food, employment, and high-quality healthcare. People in Hispanic Caribbean communities in the United States present high rates of obesity, diabetes, and other diet-related diseases, conditions painfully highlighted during the COVID-19 pandemic. Both eaters and dietitians may blame these diseases on the shedding of traditional diets in favor of highly processed foods. Or conversely, they may blame these on the traditional diets of fatty meat, starchy root vegetables, and rice. Applying a much-needed intersectional approach, Fuster shows that nutritionists and eaters often misrepresent and even racialize or pathologize a cuisine's healthfulness or unhealthfulness if they overlook the kinds of economic and racial inequities that exist within the global migration experience. **Dad's Cuban Kitchen** Eugenio Perez, 2022-06-23. What a pleasure it is to be able to find all these foods and much more here in the United States in any grocery store or already prepared in any of the abundant Cuban restaurants. I often wonder why it took so long for Cuban

cuisine to be embraced although I realized that there were obstacles to overcome Today Americans have begun to understand that the cooking of Cuba is not as over spicy or greasy as some imagine it to be I have researched most of the recipes to find out the history and origin of the dishes and the traditions and customs related to Cuban food

Food in Time and Place Paul Freedman, Joyce E. Chaplin, Ken Albala, 2014-10-31 Food and cuisine are important subjects for historians across many areas of study Food after all is one of the most basic human needs and a foundational part of social and cultural histories Such topics as famines food supply nutrition and public health are addressed by historians specializing in every era and every nation Food in Time and Place delivers an unprecedented review of the state of historical research on food endorsed by the American Historical Association providing readers with a geographically chronologically and topically broad understanding of food cultures from ancient Mediterranean and medieval societies to France and its domination of haute cuisine Teachers students and scholars in food history will appreciate coverage of different thematic concerns such as transfers of crops conquest colonization immigration and modern forms of globalization
