## **Nixons Gamble How A Presidents Own Secret Government Destroyed His Administration:**

Nixon's Gamble Ray Locker, 2015-10-01 After being sworn in as president Richard Nixon told the assembled crowd that government will listen Those who have been left out we will try to bring in But that same day he obliterated those pledges of greater citizen control of government by signing National Security Decision Memorandum 2 a document that made sweeping changes to the national security power structure Nixon's signature erased the influence that the departments of State and Defense as well as the CIA had over Vietnam and the course of the Cold War The new structure put Nixon at the center surrounded by loyal aides and a new national security adviser Henry Kissinger who coordinated policy through the National Security Council under Nixon's command Using years of research and revelations from newly released documents USA Today reporter Ray Locker upends much of the conventional wisdom about the Nixon administration and its impact and shows how the creation of this secret unprecedented extra constitutional government undermined U S policy and values In doing so Nixon sowed the seeds of his own destruction by creating a climate of secrecy paranoia and reprisal that still affects Washington today

*Secret Wars* Austin Carson, 2020-06-09 *Secret Wars* is the first book to systematically analyze the ways powerful states covertly participate in foreign wars showing a recurring pattern of such behavior stretching from World War I to U S occupied Iraq Investigating what governments keep secret during wars and why Austin Carson argues that leaders maintain the secrecy of state involvement as a response to the persistent concern of limiting war Keeping interventions backstage helps control escalation dynamics insulating leaders from domestic pressures while communicating their interest in keeping a war contained Carson shows that covert interventions can help control escalation but they are almost always detected by other major powers However the shared value of limiting war can lead adversaries to keep secret the interventions they detect as when American leaders concealed clashes with Soviet pilots during the Korean War Escalation concerns can also cause leaders to ignore covert interventions that have become an open secret From Nazi Germany's role in the Spanish Civil War to American covert operations during the Vietnam War Carson presents new insights about some of the most influential conflicts of the twentieth century Parting the curtain on the secret side of modern war *Secret Wars* provides important lessons about how rival state powers collude and compete and the ways in which they avoid outright military confrontations

G-Man (Pulitzer Prize Winner) Beverly Gage, 2022-11-22 Winner of the 2023 Pulitzer Prize in Biography Winner of the 2022 National Book Critics Circle Award in Biography the 2023 Bancroft Prize in American History and Diplomacy and the 43rd LA Times Book Prize in Biography Finalist for the 2023 PEN Jacqueline Bograd Weld Award for Biography Named a Best Book of 2022 by The Atlantic The Washington Post and Smithsonian Magazine and a New York Times Top 100 Notable Books of 2022 Masterful This book is an enduring formidable accomplishment a monument to the power of biography that now becomes the definitive work The Washington Post A nuanced portrait in a league with the best of Ron Chernow and David McCullough The Wall Street Journal A major new biography of J Edgar Hoover that draws from

never before seen sources to create a groundbreaking portrait of a colossus who dominated half a century of American history and planted the seeds for much of today's conservative political landscape. We remember him as a bulldog, squat frame, bulging wide-set eyes, fearsome jowls, but in 1924 when he became director of the FBI, he had been the trim, dazzling wunderkind of the administrative state, buzzing with energy and big ideas for reform. He transformed a failing law enforcement backwater riddled with scandal into a modern machine. He believed in the power of the federal government to do great things for the nation and its citizens. He also believed that certain people, many of them communists or racial minorities or both, did not deserve to be included in that American project. Hoover rose to power and then stayed there, decade after decade, using the tools of state to create a personal fiefdom unrivaled in U.S. history. Beverly Gage's monumental work explores the full sweep of Hoover's life and career, from his birth in 1895 to a modest Washington civil service family through his death in 1972. In her nuanced and definitive portrait, Gage shows how Hoover was more than a one-dimensional tyrant and schemer who strong-armed the rest of the country into submission. As FBI director from 1924 through his death in 1972, he was a confidant, counselor, and adversary to eight U.S. presidents, four Republicans and four Democrats: Franklin Roosevelt and Lyndon Johnson did the most to empower him, yet his closest friend among the eight was fellow anticommunist warrior Richard Nixon. Hoover was not above blackmail and intimidation, but he also embodied conservative values ranging from anticommunism to white supremacy to a crusading and politicized interpretation of Christianity. This garnered him the admiration of millions of Americans. He stayed in office for so long because many people, from the highest reaches of government down to the grassroots, wanted him there and supported what he was doing, thus creating the template that the political right has followed to transform its party. G. Man places Hoover back where he once stood in American political history, not at the fringes but at the center, and uses his story to explain the trajectories of governance, policing, race ideology, political culture, and federal power as they evolved over the course of the 20th century. *The Last Brahmin* Luke A. Nichter, 2020-09-22

The first biography of a man who was at the center of American foreign policy for a generation. Few have ever enjoyed the degree of foreign policy influence and versatility that Henry Cabot Lodge Jr. did in the postwar era, perhaps only George Marshall, Henry Kissinger, and James Baker. Lodge, however, had the distinction of wielding that influence under presidents of both parties. For three decades, he was at the center of American foreign policy, serving as advisor to five presidents, from Dwight Eisenhower to Gerald Ford, and as ambassador to the United Nations, Vietnam, West Germany, and the Vatican. Lodge's political influence was immense. He was the first person in 1943 to see Eisenhower as a potential president; he entered Eisenhower in the 1952 New Hampshire primary without the candidate's knowledge, crafted his political positions, and managed his campaign. As UN ambassador in the 1950s, Lodge was effectively a second secretary of state. In the 1960s, he was called twice by John F. Kennedy and by Lyndon Johnson to serve in the toughest position in the State Department's portfolio as ambassador to Vietnam. In the 1970s, he paved the way for permanent American ties with the Holy See. Over his

career beginning with his arrival in the U S Senate at age thirty four in 1937 when there were just seventeen Republican senators he did more than anyone else to transform the Republican Party from a regional isolationist party into the nation s dominant force in foreign policy a position it held from Eisenhower s time until the twenty first century In this book historian Luke A Nichter gives us a compelling narrative of Lodge s extraordinary and consequential life Lodge was among the last of the well heeled Eastern Establishment Republicans who put duty over partisanship and saw themselves as the hereditary captains of the American state Unlike many who reach his position Lodge took his secrets to the grave including some that revealed here for the first time will force historians to rethink their understanding of America s involvement in the Vietnam War

**Being There** Douglas Caddy,2018-06-08 Douglas Caddy was the attorney for E Howard Hunt one of the key persons involved in both the JFK assassination and Watergate Being There Eye Witness to History is his autobiographical account of these events by accidentally being in the right place at the right time or the wrong place at the wrong time Episodes include being with Lee Harvey Oswald and Guy Banister in New Orleans investigating the founding of the modern conservative movement and where it went wrong looking inside the JFK assassination and the Watergate Conspiracy uncovering JFK s secret son and why he came to fear for his life analyzing LBJ s murder victims and his rise to the presidency interpreting the Moody Foundation Scandal Russia s involvement in Trump s election and more

**Being Nixon** Evan Thomas,2015-06-16 The landmark New York Times bestselling biography of Richard M Nixon a political savant whose gaping character flaws would drive him from the presidency and forever taint his legacy A biography of eloquence and breadth No single volume about Nixon s long and interesting life could be so comprehensive Chicago Tribune One of Time s Top 10 Nonfiction Books of the Year In this revelatory biography Evan Thomas delivers a radical unique portrait of America s thirty seventh president Richard Nixon a contradictory figure who was both determinedly optimistic and tragically flawed One of the principal architects of the modern Republican Party and its silent majority of disaffected whites and conservative ex Dixiecrats Nixon was also deemed a liberal in some quarters for his efforts to desegregate Southern schools create the Environmental Protection Agency and end the draft The son of devout Quakers Richard Nixon not unlike his rival John F Kennedy grew up in the shadow of an older favored brother and thrived on conflict and opposition Through high school and college in the navy and in politics Nixon was constantly leading crusades and fighting off enemies real and imagined He possessed the plainspoken eloquence to reduce American television audiences to tears with his career saving Checkers speech meanwhile Nixon s darker half hatched schemes designed to take down his political foes earning him the notorious nickname Tricky Dick Drawing on a wide range of historical accounts Thomas s biography reveals the contradictions of a leader whose vision and foresight led him to achieve d tente with the Soviet Union and reestablish relations with communist China but whose underhanded political tactics tainted his reputation long before the Watergate scandal A deeply insightful character study as well as a brilliant political biography Being Nixon offers a surprising look at a man capable of great bravery and

extraordinary deviousness a balanced portrait of a president too often reduced to caricature Praise for Being Nixon  
Terrifically engaging a fair insightful and highly entertaining portrait The Wall Street Journal Thomas has a fine eye for the telling quote and the funny vignette and his style is eminently readable The New York Times Book Review *Dirty Tricks*  
Shane O'Sullivan,2018-10-09 The victory of Richard Nixon in the US presidential election of 1968 swung on an October Surprise a treasonous plot engineered by key figures in the Republican Party to keep the South Vietnamese government away from peace talks in Paris costing thousands of American lives There is growing evidence that the CIA was deeply involved in illegal domestic operations targeting Daniel Ellsberg and in the Watergate break ins during Nixon s 1972 campaign which ultimately led to his downfall CIA Director Richard Helms relationship with Watergate burglar E Howard Hunt was much closer than previously disclosed and the CIA agent inside the plot was sent on a double agent mission by American intelligence after he got out of prison Drawing on newly declassified files and previously unpublished documents *Dirty Tricks* debunks the myths around Watergate and deepens our understanding of the dirty tricks that undermined democracy during the Nixon years and destroyed public trust in politics during the seventies These scandals turn on the covert action of two powerful interest groups the senior CIA officers around Helms and the key advisers around Nixon in this chilling story of political espionage and deception **The Truth About Watergate** Nick Bryant,2024-02-22 A delusion is a strong belief or conviction despite superior evidence to the contrary The Watergate delusion embraced by millions is that swashbuckling Bob Woodward and the left confronted the malevolent Nixon administration as it cast a sinister pall over America and slayed it with the lance of truth thereby saving democracy But the actual evidence demonstrates that Watergate was not a shining example of democracy and Bob Woodward s place among the pantheon of journalistic immortals is a grift One of the grand deceptions of Watergate is that Nixon s enemies on the left razed his presidency but it was actually his enemies on the right the far right who initially had the means motive and opportunity And although Bob Woodward and Carl Bernstein told numerous lies throughout their Watergate reporting Woodward s Big Lie was that he didn t meet Alexander Haig until 1973 As *The Truth About Watergate* takes the reader on a guided tour of the extraordinary lies and liars of Watergate it demonstrates that Woodward s fabrication about Haig has seismic implications If Woodward s Big Lie about Haig had been exposed then the synergistic mythologies of Bob Woodward and Deep Throat would have been shattered and swept away by gusts of veracity The Washington Post has scorned prior Watergate revisionist books like *Silent Coup* The Removal of a President as a conspiracy theory but *The Truth About Watergate* shows The Washington Post has fervent utilitarian motives for banishing *Silent Coup* to the conspiracy theory ghetto *Haig's Coup* Ray Locker,2019-05-01 When General Alexander M Haig Jr returned to the White House on May 3 1973 he found the Nixon administration in worse shape than he had imagined President Richard Nixon reelected in an overwhelming landslide just six months earlier had accepted the resignations of his top aides the chief of staff H R Haldeman and the domestic policy chief John Ehrlichman just three

days earlier Haldeman and Ehrlichman had enforced the president's will and protected him from his rivals and his worst instincts for four years Without them Nixon stood alone backed by a staff that lacked gravitas and confidence as the Watergate scandal snowballed Nixon needed a savior someone who would lift his fortunes while keeping his White House from blowing apart He hoped that savior would be his deputy national security adviser Alexander Haig whom he appointed chief of staff But Haig's goal was not to keep Nixon in office it was to remove him In Haig's Coup Ray Locker uses recently declassified documents to tell the true story of how Haig orchestrated Nixon's demise resignation and subsequent pardon A story of intrigues cover ups and treachery this incisive history shows how Haig engineered the soft coup that ended our long national nightmare and brought Watergate to an end

**U.S. Presidents and Foreign Policy** Carl C. Hodge, Cathal J. Nolan, 2006-12-13 This work is a unique single source for information on the foreign policy wars treaties initiatives and doctrines of all 43 presidents of the United States From George Washington's isolationism to the Monroe Doctrine of hemispheric right to domination to Teddy Roosevelt's imperialism through George W Bush's global war against terror U S foreign policy has charted a varied course As the area where the president has the most freedom of action foreign policy can and often does change precipitously according to the incumbent's view of the world No other branch of government rivals the president's role in America's rise from liberal republic to global superpower This work brings together the scholarship of leading historians and political scientists to present in depth examination of the foreign policy of each president of the United States This thorough presentation covers all aspects of international relations although the work is not primarily interpretive it does not shy from pointing out both notable successes and failures The book's 43 essays present quick access to the whole of the history of American foreign policy

**Congressional Record** United States.
