Ministry By Teenagers Developing Leaders From Within:

Ministry by Teenagers Jonathan McKee, David R. Smith, 2010-12-28 If you're searching for passionate committed creative leaders for your youth ministry you could be sitting on a gold mine. Ministry by Teenagers is jam packed with ideas, resources, and practical strategies to help identify teens with leadership potential, foster their missional spirits, and give them opportunities to discover and use their gifts in ministry.

Ministry by Teenagers Jonathan McKee, David R. Smith, 2011-01-04 What would happen if we gave teenagers opportunities to serve and use their gifts in ministry prior to high school graduation? What if we poured into these young leaders, discipling them and doing ministry alongside of them, helping them grow spiritually, seeing and experiencing God working through them? What if we eased back on our ministry to students, supplementing it with ministry by students? These compelling questions are at the heart of Ministry by Teenagers, and once authors McKee and Smith lay out the what-ifs, they combine their collective experience in youth ministry to provide a practical and detailed guide for how to. The book is jam packed with ideas, advice, and resources for: Fostering discipleship, Building student leadership teams, Identifying student talent, Helping students discover and use their spiritual gifts, Creating service teams, Equipping students to reach their friends. It's a must-have tool for youth workers who want to tap the gold mine of talent, passion, and leadership potential they see every day in young Christians.

Growing Young Leaders Donald Smith, 2025-02-14 This book fills in gaps in research on leadership development programs for youth through taking the opportunity to research a long-standing leadership development program for young men that has evidenced some success. The research question was: What factors contribute to the apparent success of the Boys Brigade leadership program? Using a grounded theory methodology, the program was examined through the lenses of communitas, liminality, servant leadership, masculine spirituality, rites of passage, and wilderness. Research findings are that the program is characterized by its uniqueness, and the final theory that emerged identified the importance for youth ministry of acceptance, imperfection, and freedom, and empowerment within an overarching spiritual dimension evidenced throughout the study, most remarkably through the positive response to worship. Staff factors were also critical, including the description of the staff team as being multi-generational, non-hierarchical, and servant-led, not placing a high value on differentiation of status, and allowing a seamless transition of course graduates into staff roles.
