Engaging Millennials in Missions

Annell James,2024-08-13 The millennial members of the church have shown a lack of interest in participating in the local church s mission ministry This lack of interest has caused the missions department and the church concern because fulfilling the mission of God is the mission of the church The mission statement of the church is the focus of the ministry programs

Suppose the mission department creates a missions training program designed to focus on a technological learning style in which millennials thrive Could it attract involve and engage millennials in future mission trips while educating them It is this question that the research seeks to answer Arriving at the answer is achieved by posing questions to millennials at the church via interviews and a focus group and searching books for authorial insight into their characteristics This research will determine if conflicts within the church influenced the millennial s decision to participate The findings from this research will be instrumental in informing and assisting churches in identifying potential problems and solutions relative to a generational group within the church

Missional Life in Practice and Theory Christopher L. Flanders,Greg

McKinzie,2024-01-19 Few missiologists have impacted mission theory and practice among Churches of Christ as significantly as has Dr Gailyn Van Rheenen yet his global missiological influence has extended far beyond the boundaries of his denominational heritage This Festschrift in honor of Gailyn Van Rheenen contains original missiological contributions from colleagues and former students Most chapters were presentations at the inaugural Gailyn Van Rheenen Sessions in Mission

and World Christianity at the 2021 Christian Scholars Conference in Nashville Tennessee The volume is organized to parallel the phases of Van Rhee's career Africa academic missiology and Mission Alive a North American church planting organization His legacy is one that wonderfully embodies critical theory and robust practice **Missiological**

Hermeneutics Shawn B. Redford, 2012-10-18 How have those engaged in the mission of God been challenged to reinterpret Scripture through their experience In what ways were the missionaries in the Bible challenged to reevaluate Scripture in their own time Redford attempts to give shape to the nature of missional hermeneutics by examining Scripture present day cultural values historical struggles and the experience of those who are engaged in the mission of God In order for missionaries to overcome the scientific polarization in Western hermeneutics they must be able to perceive and learn from the overarching missional and spiritual hermeneutics found throughout Scripture so that they can balance missional spiritual historical critical and even unforeseen hermeneutical paths providing increased confidence in biblical interpretation

Growing Missionaries Biblically R. Zarwulugbo Liberty, 2012 For missionaries in the twenty first century change is necessary in order for them to continue to be strong and viable Growing Missionaries Biblically takes a fresh look at Christian missions and proposes a comprehensive biblical missionary training program for short and longterm missions Its objective is to produce an effective cross cultural ministry for Africa and with some modifications globally The goal is to provide a postimperial post colonial model for training missionaries by looking to biblical guidance on the subject Author Dr R Zarwulugbo Liberty is a native of Liberia Africa with biblical theological and practical insights for prospective and seasoned missionaries and their supporters The information he provides can successfully launch and sustain these missionaries in the course of their mission work In order to accomplish his goals he proposes the use of bicultural missionaries A bicultural missionary is one who has studied both his own culture and the culture of the people to be served This missionary will not equate his or her culture with Christianity and will know and understand the practices of the culture he or she serves that can easily be incorporated and assimilated into Christianity Growing Missionaries Biblically proposes a vital curriculum for missionary preparation for cross cultural missionary service *The Portable Seminary* David Horton, 2018-08-21 Take Your Theological Education to the Next Level Deepen your biblical and theological knowledge without the time expense and formality of seminary In this extensively updated book discover all the major topics in a typical seminary master's program authoritatively taught by respected professors authors and leaders This introduction to a biblical studies degree is ideal for the layperson or anyone in vocational ministry who lacks the time or finances to attend classes who lives where formal training is unavailable or whose previous education is primarily secular Study what you want when you want Subjects include systematic theology surveys of the Old and New Testaments apologetics world religions church history homiletics leadership Christian education and more *Evaluating the Church Growth Movement* Zondervan, 2010-06-01 What exactly is the Church Growth movement This timely volume in the Counterpoints series addresses the history of the

movement that has become such an enormous shaping force on the Western church today and it explores in a roundtable forum of leading voices five main perspectives on the classic Church Growth movement Effective Evangelism View presented by Elmer Towns Gospel in Our Culture View presented by Craig Van Gelder Centrist View presented by Charles Van Engen Reformist View presented by Gailyn Van Rheen Renewal View presented by Howard Snyder Each view is first presented by its proponent then critiqued by the co contributors The interactive and fair minded format allows the reader to consider the strengths and weaknesses of each view and draw informed personal conclusions Evaluating the Church Growth Movement concludes with reflections by three seasoned pastors who have grappled with the practical implications of Church Growth The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

Missiology Reimagined Kent Michael Shaw, 2024-03-11 In this compelling research Kent Michael Shaw I reveals a concise and comprehensive work on the development of Missions Theology informed by the perspectives from early African American missionaries *Missiology Reimagined* unveils the hidden and ignored missions history of enslaved and free African Americans during the antebellum period of the United States This book helps the student of missiology decipher how the events of the 1800s shaped the missions theology of Black Americans The enslaved of that day constructed a hermeneutic and interpreted the sacred text through a lens that contradicted their enslaver s version of Christianity Through these constructs they critically engaged in scripture and formulated a theology of mission contextualized for their lived experience This insight compelled them to risk death and re enslavement to pursue a global mandate from God These pioneering missionaries would emerge as experts in the field of global evangelism heralding them as both missionaries and missiologists Since they were practitioners and students of Scripture an applied mission s theology would materialize The reader will observe how this theological formation influenced the black church in the nineteenth century and their missiology reimagined These men and women held two titles missionary and missiologist These pioneer missionaries would emerge as early experts in the field of global evangelism As practitioners and students of scripture an applied mission s theology evolved The reader will observe how this theological formation would shape the black church in the nineteenth century and a reimagined missiology

Safari Based Theology Dr. Enos Lwamba,2012-12-21 In Safari based Theology Dr Enos Lwamba has developed an approach to theology and mission based on his proposed safari motif for the development of theology and mission Based on his Ph D

dissertation *The Safari Motif in the Development of Theology in Africa* Dr Lwamba argues that God has used a series of divine redemptive safaris in the Bible to reveal Himself progressively to people The author develops his proposed motif around a tri dimensional conception of reality and time and explores a threefold aspect of the safari mwanzo sasa and mwisho which provide keys to the African mindset He explores the various meanings and uses of the safari idea from both a biblical and theological perspective In addition to the literal safaris journey is an analogy of the church and believers are on a divine safari individually and collectively The safari model highlights the absolute necessity of the biblical message and the contextual situation to help Christians live effective and fruitful lives in society now and in future Inspired by both John Mbitis *The African Concept of Time* and Paul Hieberts *The Flaw of the Excluded Middle* the author utilizes biblical theological historical and contextual sources to make his point In the philosophical aspect of the safari the author develops his notion of an African conception of time modeled on the cultural safari idea which he relates to development of theology and mission He refutes the western influenced or commercially based notion that safari refers to a game hunting or tourist expedition to Africa Dr Lwamba promotes the argument that the philosophical framework and methodology drawn from the safari approach provides a more effective way of doing theology and mission in Africa and other contextual situations He also draws parallels to the safari concept from such sources as Augustines *City of God* John Bunyans *The Pilgrims Progress* and others in a refreshing and original style that the reader will find engaging The motif provides interpretational and practical application tools as it harmonizes the unity of the biblical message Its practical appeal makes *Safari Based Theology* a must read for Christians and others interested in their daily journey of faith The author contends that just as the idea of logos described the mindset conception of divine truth and aspirations of the Greek mind the concept of safari does the same for the African This book is highly recommended for pastors missionaries and teachers as well as students of Bible and theology culture and missions and other related disciplines

Scattering Seed in Teaching Brian G. Pickerd, 2016-02-02 Jesus calls each of us to live in a way that gives the Father glory shares his love with everyone around us and reflects the life of Jesus He invites us to scatter seed Scattering seed can be a challenge though especially in our public lives our professional lives and volunteer lives Those of us called to teach in some way feel the challenge deeply We seek to share knowledge experiences and life lessons with a broad and varied group of people and do it in a way that shares Christ s love Often life curriculum challenges and student chemistry threaten to derail our best laid plans When this happens it s easy to be distracted from our purpose or even to forget that our life calling is the same as our calling to teach *Scattering Seed in Teaching* is about returning to that call or perhaps connecting with it for the first time It shares stories interviews and observations of teachers and students learning about scattering seed It connects with biblical reminders and encourages us as teachers to reflect on and remember that underlying our professional call to teach is our life call they are one and the same to scatter seed

Pursuing an Elusive Unity Rhodian Munyenembe, 2019-09-30 Since its founding in 1924 the Church of Central Africa

Presbyterian CCAP has grown to span five synods across Central Eastern and Southern Africa Dr Rhodian Munyenyebe traces the history of these synods back to their shared roots in the Reformation and individual roots in three separate Presbyterian missions Dr Munyenyebe skillfully explores both historic and contemporary challenges to the unity of the CCAP and raises the question of whether the CCAP truly functions as a single denomination or could better be understood as a loose federation of five distinct churches His in depth explanation provides a critical look that goes beyond a surface understanding of what it means to unite churches from different cultural traditions and brings honest answers to disputes and conflicts among the CCAP synods Through this analysis and exploration Dr Munyenyebe also sheds light on the political and socio economic aspects of life in relation to the influence of religious denominations In this objective yet astute account Munyenyebe gives voice to the CCAP s complex history present reality and future potential

Mission in the Way of Paul Christopher R. Little, 2005 What relevance does the Apostle Paul have for the mission of the church in the twenty first century By investigating his socioeconomic background examining his doxological orientation in mission delineating how and why he shared resources in the first century and then relating all this to what has been called the contemporary International Partnership Movement this book demonstrates that when the church engages in cross cultural mission and ignores Pauline orthopraxy it places unnecessary obstacles in the path of the missio Dei Therefore *Mission in the Way of Paul* Biblical Mission for the Church in the Twenty First Century is pertinent for any course devoted to learning from and implementing biblical models of mission today
