## **Perceforest The Prehistory Of King Arthurs Britain Arthurian Studies:**

**Perceforest**, 2011 A highly readable version of this remarkable and largely unexplored work Perceforest is one of the largest and certainly the most extraordinary of the late Arthurian romances Justly described as an encyclopaedia of 14th century chivalry and a mine of folkloric motifs it is the subject of rapidly increasing attention and research The author of Perceforest draws on Alexander romances Roman histories and medieval travel writing not to mention oral tradition as he gives for example the distinctly racy first written version of the Sleeping Beauty story to create a remarkable prehistory of King Arthur's Britain It begins with the arrival in Britain of Alexander the Great His follower Perceforest the first of Arthur's Greek ancestors is made king of the island and finds it infested by the evil clan of Darnant the Enchanter Magic plays a dominant part in the adventures which follow as Perceforest ousts Darnant's clan despite their supernatural powers He founds the knightly order of the Franc Palais an ideal of chivalric civilisation prefiguring the Round Table of Arthur and indeed that of Edward III But that civilisation is the author shows all too fragile The vast imaginative scope of Perceforest is matched by its variety of tone ranging from tales of love and enchantment to bawdy comedy from glamorous tournaments to unvarnished descriptions of the havoc wrought by war And the author's surprising view of pagan gods and the coming of Christianity is as fascinating as the prominence he gives to women and his understanding of how the world of chivalry should work Because of its enormous length it runs to over a million words Nigel Bryant has provided a version which gives a complete account of every episode linking extensive passages of translation to make a manageable and highly readable version including the previously unpublished Books Five and Six of this remarkable and largely unexplored work Nigel Bryant has worked as a producer for BBC Radio 3 and as head of drama at Marlborough College This is his fourth major translation of medieval Arthurian romance

*A Perceforest Reader* Nigel Bryant, 2011 Perceforest is one of the largest and certainly the most extraordinary of the late Arthurian romances and is almost completely unknown except to a handful of scholars But it is a work of exceptional richness and importance and has been justly described as an encyclopaedia of 14th century chivalry and a mine of folkloric motifs Its contents are drawn not only from earlier Arthurian material but also from romances about Alexander the Great from Roman histories and from medieval travel writing not to mention oral tradition including as it does the first and unexpurgated version of the story of the Sleeping Beauty Out of this the author creates a remarkable prehistory of King Arthur's Britain describing how Alexander the Great gives the island to Perceforest who has to purge the island of magic wielding knights descended from Darnant the Enchanter despite their supernatural powers Perceforest then founds the knightly order of the Franc Palais an ideal of chivalric civilisation which prefigures the Round Table of Arthur and indeed that of Edward III but that civilisation is as the author shows all too fragile The action all takes place in a pagan world of many gods but the temple of the Sovereign God discovered by Perceforest prefigures the Christian world and the coming of the Grail and Arthur Nigel Bryant has recently adapted this immense romance into English even in his version which gives

a complete account of the whole work but links extensive sections of full translation with compressed accounts of other passages it runs to nearly half a million words *A Perceforest Reader* is an ideal introduction to the remarkable world portrayed in this late flowering of the Arthurian imagination **Arthurian Literature XXX** Elizabeth Archibald, David F. Johnson, 2013-12 The influence and significance of the legend of Arthur are fully demonstrated by the subject matter and time span of articles here Topics include Perceforest in historical context a new source for Malory's *Morte Darthur* magic and the supernatural in early Welsh Arthurian narrative and ecology in *Sir Gawain and the Green Knight* Contributors Richard W. **Edward III and the Triumph of England** Richard Barber, 2013-08-29 A

fascinating recreation of the world of one of England's most charismatic monarchs from award winning author and historian Richard Barber The destruction of the French army at Cr cy in 1346 and the subsequent siege and capture of Calais marked a new era in European history The most powerful glamorous and respected of all western monarchies had been completely humiliated by England a country long viewed either as a chaotic backwater or a mere French satellite The young Edward III's triumph would launch both countries as we now know into a grim cycle of some 90 years of further fighting ending with English defeat but after Cr cy anything seemed possible Edward's claim to be King of France could be pressed home and in any event enormous rewards of land treasure and prestige were available both to the king and to the close companions who had made the victory possible It was to enshrine this moment that Edward created one of the most famous of all knightly orders the Company of the Garter Barber writes about both the great campaigns and the individuals who formed the original membership of the Company and through their biographies makes the period tangible and fascinating This is a book about knighthood battle tactics and grand strategy but it is also about fashion literature and the private lives of everyone from queens to freebooters Barber's book is a remarkable achievement but also an extremely enjoyable one Reviews Barber has an infectious passion for and deep knowledge of his subject matter elegant prose and rigorous historical analysis a valuable and thorough addition to the body of work on this most impressive of English monarchs Sunday Times In **Edward III and the Triumph of England** Barber has written the kind of book that the king would have enjoyed full of battles glitter and ceremony he has an original eye and an elegant pen Jonathan Sumption Literary Review Barber shares his hero's love of chivalry The book sparkles with some of Edward's own glitz Telegraph This absorbing book is layered rather than linear sifting with uncommon sensitivity through challenging sources to test the boundaries of what we can and cannot know We discover the complexity of the world in which Edward and his commanders lived Helen Castor The Times About the author Richard Barber

*The Continuations of Chrétien's Perceval* Leah Tether,2012 The Continuations of Chrétien de Troyes Perceval are here examined as constituting a discrete genre of medieval literature The notion of Continuation in medieval literature is a familiar one but difficult to define precisely Despite the existence of important texts which are commonly referred to as Continuations such as *Le Roman de la Rose* *Le Chevalier de la Charrette* and of course the Perceval Continuations the mechanics and processes involved in actually producing a Continuation have found themselves indistinguishable from those associated with other forms of medieval r critique The Perceval Continuations composed c 1200 1230 constitute a vast body of material which incorporates four separately authored Continuations each of which seeks to further in some way the unfinished Perceval of Chr tien de Troyes though they are not merely responses to his work Chronologically they were composed one after the other and the next in line picks up where the previous one left off they thus respond intertextually to each other as well as to Chr tien and only one actually furnishes the story as a whole with an ending Here these fascinating texts are used as a lens for examining defining and distinguishing the whole concept of a Continuation the author also employs theories as to what constitutes an end and what is unfinished alongside scrutiny of other medieval ends and Continuations Dr Leah Tether isa Postdoctoral Research Fellow at the Cultures of the Digital Economy Institute Anglia Ruskin University

*The Complete Story of the Grail* Chrétien (de Troyes),2015 The mysterious and haunting Grail makes its first appearance in literature in Chr tien de Troyes Perceval at the end of the twelfth century But Chr tien never finished his poem leaving an unresolved story and an incomplete picture of the Grail It was however far too attractive an idea to leave Not only did it inspire quite separate works his own unfinished poem was continued and finally completed by no fewer than four other writers The Complete Story of the Grail is the first ever translation of the whole of the rich and compelling body of tales contained in Chr tien s poem and its four Continuations which are finally attracting the scholarly attention they deserve Besides Chr tien s original text there are the anonymous First Continuation translated here in its fullest version the Second Continuation attributed to Wauchier de Denain and the intriguing Third and Fourth Continuations probably written simultaneously with no knowledge of each other s work by Manessier and Gerbert de Montreuil Two other poets were drawn to create preludes explaining the background to Chr tien s story and translated here also are their works *The Elucidation* *Prologue* and *Bliocadran* Only in this *The Story of the Grail* s complete form can the reader appreciate the narrative skill and invention of the medieval poets and their surprising responses to Chr tien s theme not least their crucial focus on the knight as a crusader Equally Chr tien s original poem was almost always copied in

material and Christian meaning in Arthurian romance the rule of convergent idealism in hagiographic romance and the double edged sword in parody Medieval Crossover explores a wealth of case studies in French English and Latin texts that concentrate on instances of paradox collision and convergence Newman convincingly and with great clarity demonstrates the widespread applicability of the crossover concept as an analytical tool examining some very disparate works These include French and English romances about Lancelot and the Grail the mystical writing of Marguerite Porete placed in the context of lay spirituality lyric traditions and the Romance of the Rose multiple examples of parody sexually obscene shockingly anti Semitic or cleverly litigious and Ren of Anjou s two allegorical dream visions Some of these texts are scarcely known to medievalists others are rarely studied together Newman s originality in her choice of these primary works will inspire new questions and set in motion new fields of exploration for medievalists working in a large variety of disciplines including literature religious studies history and cultural studies
