Perfect Dark Initial Vector:

Perfect Dark: Initial Vector Greg Rucka, 2005-10 Ex bounty hunter Joanna Dark joins the fight against dataDyne a corporation that she had an altercation with in the past

Perfect Dark: Initial Vector Greg Rucka, 2006-05-30 The year is 2020 Corporations control everything In the name of domination these sprawling organizations have recruited their own military forces to fight clandestine battles against one another a war fought in the boardrooms and won in the shadows with the public none the wiser Ex bounty hunter Joanna Dark has unwillingly seen the front lines of this war Her run in with dataDyne the world s most powerful hypercorporation has left her with a wound that only vengeance can heal Daniel Carrington the charismatic founder of the Carrington Institute has been locked in an ongoing war with dataDyne for years and sees Joanna s deadly skills as the key to victory over their mutual enemy But Joanna is young and lost unable to accept her abilities as virtues or fully trust Carrington s intentions But when an explosive secret is unearthed one that could finally bring down the threat of dataDyne once and for all Joanna finds herself thrust back into the fight one that brings her face to face with her past and the forces shaping her future At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied

Science Fiction Video Games Neal Roger Tringham, 2014-09-10 Understand Video Games as Works of Science Fiction and Interactive Stories Science Fiction Video Games focuses on games that are part of the science fiction genre rather than set in magical milieux or exaggerated versions of our own world Unlike many existing books and websites that cover some of the same material this book emphasizes critical analysis especially the analysis of narrative The author analyzes narrative via an original categorization of story forms in games He also discusses video games as works of science fiction including their characteristic themes and the links between them and other forms of science fiction Delve into a Collection of Science Fiction Games The beginning chapters explore game design and the history of science fictional video games The majority of the text deals with individual science fictional games and the histories and natures of their various forms such as the puzzle based adventure and the more exploratory and immediate computer role playing game RPG

Perfect Dark: Second Front Greg Rucka, 2007-05-29 The war between dataDyne and the Carrington Institute is heating up Carrington offices around the globe are being systematically targeted and destroyed by unknown forces and the casualties are mounting and more importantly profits are dwindling Joanna Dark fresh from her first mission Codenamed INITIAL VECTOR and now operating as a full fledged secret agent for the Carrington Institute is assigned to hunt down and destroy those responsible for the attacks But her search for the faceless enemy leads her not just into another bloody battle with hypercorp dataDyne but headlong into a global conspiracy that s been shaping the world for decades At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied

Beyond Cyberpunk Graham J. Murphy, Sherryl Vint, 2010-06-10 This book is a collection of essays that considers the continuing cultural relevance of the cyberpunk genre into the new millennium Cyberpunk is no longer an emergent phenomenon but in

our digital age of CGI driven entertainment the information economy and globalized capital we have never more been in need of a fiction capable of engaging with a world shaped by information technology The essays in explore our cyberpunk realities to soberly reconsider Eighties era cyberpunk while also mapping contemporary cyberpunk The contributors seek to move beyond the narrow strictures of cyberpunk as defined in the Eighties and contribute to an ongoing discussion of how to negotiate exchanges among information technologies global capitalism and human social existence The essays offer a variety of perspectives on cyberpunk s diversity and how this sub genre remains relevant amidst its transformation from a print fiction genre into a more generalized set of cultural practices tackling the question of what it is that cyberpunk narratives continue to offer us in those intersections of literary cultural theoretical academic and technocultural environments
