Performing The Faith Bonhoeffer And The Practice Of Nonviolence:

Performing the Faith Stanley Hauerwas, 2015-03-11 Folksy eclectic disarmingly humble and astonishingly wide ranging Hauerwas offers us a provocative reading of Bonhoeffer that not surprisingly assimilates him closely to John Howard Yoder At the same time Hauerwas replies to recent criticisms of his work by Jeffrey Stout Contending that truth depends on performance far more than on theory Hauerwas steps forward as a pacifist gadfly for a more truly faithful church and a more recognizably democratic society George Hunsinger Princeton Theological Seminary This book shows how lively and fecund Hauerwas's thought remains A dazzling performance capable of entertaining and instructing professional theologians as much as those who think the world might be a better place without theologians in it Paul J Griffiths University of Illinois at Chicago Stan Hauerwas has done it again He is able skillfully to blend into his book the passion for truth and justice of two of his greatest influences Dietrich Bonhoeffer and John Howard Yoder He takes these heroic advocates for peace into his own present day struggle for the soul of the American nation Hauerwas an admirable Christian pacifist himself dares Christians to be the Jesus people they claim to be and to follow Jesus into the gospel path of nonviolence Geoffrey B Kelly author of *Liberating Faith* Bonhoeffer's Message for Today Never totally predictable Always a fresh perspective And yet once again in these essays on narrative politics Bonhoeffer and the church we hear the engaging discerning and brilliant voice we have come to know as Stanley Hauerwas Mark Thiessen Nation Eastern Mennonite Seminary Contending with and learning from the witness of Dietrich Bonhoeffer whose life is often thought to provide a Christian alternative to pacifism Hauerwas deepens the account of Christian nonviolence he has been articulating for decades His theology is strengthened and clarified by his encounter with the exemplary figure of Bonhoeffer Alan Jacobs Wheaton College Without loss of the provocative edge that has made him a vital and distinctive Christian voice Hauerwas's *Performing the Faith* allows him to cast a retrospective eye on his work At the same time in a brilliant essay under the title of the book he develops a profoundly important description of faithfulness Dennis O'Brien University of Rochester

Bonhoeffer's Reception of Luther Michael P. DeJonge, 2017 This study considers the influence of Martin Luther's theology on Dietrich Bonhoeffer with particular reference to justification ecclesiology the doctrine of the two kingdoms and political ethics

Dietrich Bonhoeffer's Ethics of Formation Ryan Huber, 2020-05-19 Dietrich Bonhoeffer is many things to many people committed pacifist reluctant revolutionary Protestant saint but in Dietrich Bonhoeffer's *Ethics of Formation* Ryan Huber argues that Bonhoeffer should be engaged as a Christian ethicist of formation Huber demonstrates that formation lies at the heart of Bonhoeffer's ethical project and personal story providing a third way between virtue and character ethics in contemporary Christian thought concerned with moral growth

The Virtue of Bonhoeffer's Ethics Jennifer Moberly, 2013-06-19 Does Dietrich Bonhoeffer's *Ethics* have any affinities with what we have now come to call virtue ethics If so what is the relationship between those affinities and the more widely recognized influence of Karl Barth Moberly seeks to answer these questions

through close analysis of the Ethics and engagement with other interpreters of Bonhoeffer while discussing the nature of virtue ethics in a Christian context The answers may be surprising but they are certainly rewarding for anyone wanting to better understand Bonhoeffer and to see how his work could be helpful for current ethical debates Horizons in Hermeneutics Stanley E. Porter,Matthew Malcolm,2013-04-25 From essays that focus on the horizon of the text through to essays that consider the horizon of the twenty first century church this collection invites reflection on the illumination that hermeneutical awareness brings to biblical interpretation This Festschrift in honor of Anthony C Thiselton aims to consider exemplify and build upon his insights in philosophical hermeneutics and biblical studies particularly in relation to Paul and his writings **Public Faith in Action** Miroslav Volf,Ryan McAnnally-Linz,2017-09-19 Celebrated Theologian Offers Wisdom for Civic Engagement Christian citizens have a responsibility to make political and ethical judgments in light of their faith and to participate in the public lives of their communities from their local neighborhoods to the national scene But it can be difficult to discern who to vote for which policies to support and how to respond to the social and cultural trends of our time This nonpartisan handbook offers Christians practical guidance for thinking through complicated public issues and faithfully following Jesus as citizens of their countries The book focuses on enduring Christian commitments that should guide readers in their judgments and encourages legitimate debate among Christians over how to live out core values The book also includes lists of resources for further reflection in each chapter and room for debate questions to consider The Achievement of Wendell Berry Fritz Oehlschlaeger,2011-05-23 Arguably one of the most important American writers working today Wendell Berry is the author of more than fifty books including novels and collections of poems short stories and essays A prominent spokesman for agrarian values Berry frequently defends such practices and ideas as sustainable agriculture healthy rural communities connection to place the pleasures of work and the interconnectedness of life In The Achievement of Wendell Berry The Hard History of Love Fritz Oehlschlaeger provides a sweeping engagement with Berry s entire corpus The book introduces the reader to Berry s general philosophy and aesthetic through careful consideration of his essays Oehlschlaeger pays particular attention to Berry as an agrarian citizen and patriot and also examines the influence of Christianity on Berry s writings Much of the book is devoted to lively close readings of Berry s short stories novels and poetry The Achievement of Wendell Berry is a comprehensive introduction to the philosophical and creative world of Wendell Berry one that offers new critical insights into the writing of this celebrated Kentucky author Becoming a Christian in Christendom Jason A. Mahn,2016-11-01 How might one live the Christian faith within a culture that idealizes and privileges Christianity while also relativizing it rendering it redundant and innocuous Arguing for a reconceptualization of the theology of the cross and radical communal practices this book brings together two clusters of critics of Christian acculturation and accommodation 1 Lutherans such as Kierkegaard and Bonhoeffer who lift up radical discipleship against the propensity toward cheap grace and 2 various Anti Constantinians including neo monastic communities who resists the church s collusion

with power politics symbolized by the conversion of Constantine in the early fourth century Drawing on these diverse resources author Jason Mahn explores some pervasive dangers of America's new Christendom its accommodation to an exploitative economy that cheapens the meaning of grace its endorsement of political liberalism within which the church becomes another special interest group its justification of war and other forms of necessary violence and its self-defeating lip service to religious inclusivity Mahn provocatively imagines alternatives to conventional Christianity ones whereby the church embodies an alternative politic where it commits to cruciform non violence appreciates gifts by giving them away and knows its boundaries well enough to learn from those on the other side **The Modern Theologians** David F.

Ford,2013-09-23 This popular text has been updated to ensure that it continues to provide a current and comprehensive overview of the main Christian theologies of the twentieth and twenty first centuries Each chapter is written by a leading theologian and gives a clear picture of a particular movement topic or individual New and updated treatments of topics covered in earlier editions with over half the chapters new to this edition or revised by new authors New section singling out six classic theologians of the twentieth century Expanded treatment of the natural sciences gender Roman Catholic theology since Vatican II and African Asian and Evangelical theologies Completely new chapters on spirituality pastoral theology philosophical theology postcolonial biblical interpretation Pentecostal theology Islam and Christian theology Buddhism and Christian theology and theology and film As in previous editions the text opens with a full introduction to modern theology Epilogue discussing the present situation and prospects of Christian theology in the twenty first century **Theology as**

Performance Philip Stoltzfus,2006-06-05 Theology as Performance breaks new ground in the growing conversation between modern theology and philosophical aesthetics Stoltzfus proposes that significant moments in the Western development of the concept of God in particular as represented in the figures of Friedrich Schleiermacher Karl Barth and Ludwig Wittgenstein have been deeply influenced by concepts and approaches borrowed from the discipline of musical aesthetics Each thinker develops fundamentally different ways of writing about God that have in significant respects been derived from each one's reading and writing about music The aesthetic implications of Schleiermacher's so-called subjectivist turn Barth's objectivist reaction and Wittgenstein's language game pragmatism can thus be fully understood only by attending to the musical culture and distinctly musicological discourses that gave rise to them Stoltzfus constructs two trajectories of thought with which to trace theological reflection upon music throughout the pre-modern period the traditions of Orpheus and Pythagoras Schleiermacher's aesthetic approach then becomes a modern representative of the Orpheus trajectory and Barth's approach a representative of the Pythagoras trajectory Stoltzfus interprets Wittgenstein as putting forward a radical critique of these trajectories and pointing toward a third performative theological aesthetic method Theology as Performance offers a provocative rethinking of the aesthetic roots of modern theology **Seeing Right** Jason M. R. Fallin,2025-06-24 Evangelical

identity in the United States has become increasingly contested over the past several years as many try to fathom adherents

motives Seeing Right suggests that it is through the exploration of aesthetic texts that we can better understand With a focus on highlighting Evangelical virtues and vices Seeing Right analyzes the aesthetics fundamental to Evangelical identity and moral formation Aesthetic texts and practices represent a fundamental source of Evangelical moral formation providing a narrative that shapes imaginations and dispositions Jason Fallin traces the process of formation as it grows out of Evangelical interactions with the aesthetic texts produced by Operation Christmas Child the radio stations of K Love and Christian cinema He then discovers the relationship between Evangelicals engagement with these aesthetic texts and the practices they animate Moral formation is key for all Christianity thus through these processes at work in Evangelical culture Seeing Right offers insight both into Evangelical development and into the processes that fund one s own formation *Hospitality and the Other* Author, Amos Yong,2015-03-04 **Sharing Friendship** John B. Thomson,2016-03-03 Sharing Friendship represents a post liberal approach to ecclesiology and theology generated out of the history practices and traditions of the Anglican Church Drawing on the theological ethics of Stanley Hauerwas this book explores the way friendship for the stranger emerges from contextually grounded reflection and conversations with contemporary Anglican theologians within the English tradition including John Milbank Oliver O Donovan Rowan Williams Daniel Hardy and Anthony Thiselton Avoiding abstract definitions of character mission or friendship John Thomson explores how the history of the English Church reflects a theology of friendship and how discipleship in the New Testament the performance of worship and the shape of Anglican ecclesiology are congruent with such a theology The book concludes by rooting the theme of sharing friendship within the self emptying kenotic performance of Jesus mission and looks at challenges to the character of contemporary Anglican ecclesiology represented by secularization and globalization as well as by arguments over appropriate new initiatives such as Fresh Expressions **The Bloomsbury Companion to Political Philosophy** Andrew Fiala,2015-02-26 The Bloomsbury Companion to Political Philosophy is the definitive guide to contemporary political philosophy The book covers all the most pressing and important themes and categories in the field areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research Fourteen specially commissioned essays from an international team of experts including Eduardo Mendieta and Gillian Brock reveal where important work continues to be done in the area and most valuably the exciting new directions the field is taking The Companion explores a range of issues from the nature and history of political philosophy sovereignty distributive justice democratic theory feminist theory to toleration human rights immigration cosmopolitanism peace war and the challenge of Eurocentrism in political philosophy Featuring a series of indispensable research tools including an A to Z of key terms and concepts a chronology a detailed list of resources and a fully annotated bibliography this is the essential reference tool for anyone researching or working in political philosophy *Hauerwas the Peacemaker?* Nathan Scot Hosler,2020-04-14 War has been abolished in Christ is a strong claim by theologian Stanley Hauerwas Wars however continue to rage and historic numbers of people are displaced

globally Despite critics assessments that Hauerwas contributes to Christians disengaging his work provides certain tools for the work of peacebuilding In this work Hauerwas s contribution to peacemaking as a part of his ecclesiology and broader theological ethical work will be assessed Hauerwas s peacemaking within his work stands within the context of ecclesiology and related themes of witness and Christology The possibilities of his work on peacemaking to extend to peacebuilding practice and foreign policy formation are explored and a critique is leveled regarding his engagement with racial justice Additionally certain practices of reading in theology and training in this language are extrapolated to engage the task of policy formation and analysis in contexts where religion is an active factor This study concludes that Hauerwas s theological ethics of peacemaking makes a valuable contribution but must be extended into specific practices **Nonviolent**

Perspectives Andrew Fitz-Gibbon,2025-02-04 This book is a compilation of essays addressing the central issue of humanity interpersonal violence and more importantly nonviolence as its antidote The essays trace the author s journey from early pacifist convictions influenced by personal experiences with violence to a nuanced understanding of nonviolence rooted in ethics love spirituality and critical theory Spanning over two decades the writings explore various dimensions of nonviolence from philosophical arguments and historical analysis to practical applications in parenting political resistance and care ethics The book brings together previously published works that have been instrumental in shaping the author s thinking making them accessible for scholars students and anyone interested in nonviolence With reflections on the works of Murdoch MacIntyre Gandhi and others it offers a comprehensive examination of nonviolence as both a personal practice and a social imperative **Early High Christology** Christopher M Blumhofer,Diane G Chen,Joel B Green,2024-10 Over the past forty

years scholarship on John s Gospel has explored its theological vision and literary coherence Marianne Meye Thompson s scholarship has contributed richly to this field of study Here some of today s top scholars advance our understanding of the Fourth Gospel by studying its relationships to other biblical texts **Who am I?** Bernd Wannenwetsch,2011-11-03 It has often been noted that poetry is a particularly suitable medium when it comes to understanding the connection between theology and biography Needless to say that this is particularly exciting in the case of Dietrich Bonhoeffer and the poems he wrote during his imprisonment by the Nazis Although any one of his ten poems should be read within their respective historical and biographical context they are also rounded self sufficient pieces of work that cannot be explained by the biographical and theological prose that surrounds them They rather serve as a sort of creative and perhaps sometimes even critical interlocutor to these contexts This is why the contributors to this volume have not been asked to explain the poems but to facilitate this conversation the conversation between the reader and the poems between the individual poems as well as between the poems and Bonhoeffer s life and his theology These poems lend themselves ideally as an entry point into Bonhoeffer s theology in that each one of them resonates with a particular central theological concept that Bonhoeffer was developing in his prison years Themes and concepts such as friendship religion identity freedom representative action and

others are not only represented in these poems but often expressed in the dense and compelling fashion that only poetic language affords. As such, they deserve the thorough and imaginative engagement of the international line up of first class theological authors gathered in this book.

The Shape of Participation L. Roger Owens, 2010-03-01

The Shape of Participation is a work of constructive theology addressed to theologians, seminarians and thoughtful pastors. Owens engages and deepens recent popular discussions of church practices by approaching practices from the church Fathers' understanding of the church's participation in God. Through a wide ranging engagement with theologians both ancient and contemporary including Cyril of Alexandria, Maximus the Confessor, Dietrich Bonhoeffer and Herbert McCabe, Owens argues that the embodied practices of the church are the church's participation in the life of God, making the church Jesus's own continued peaceable embodiment in and for the world. This book is for theologians, pastors and anyone who wants a deeper understanding of how the visible presence of God's church is extraordinarily good news in a violent world. I'm grateful for this account of the church's relationship to the life of God for refusing the hopelessness of so much contemporary ecclesiology. All of us who persist in preaching or hearing the Word and receiving God's good gifts at the table will be strengthened and encouraged by Owens's theocentric understanding of what the church is up to in the world.

Beth Felker Jones, Wheaton College

A wonderful book. Owens takes the significant interest in practices that has emerged over the last decade, engages it theologically in rich ways with attention to specific ecclesial examples and deepens it through insightful analyses of Dietrich Bonhoeffer, Herbert McCabe and Maximus the Confessor. Pastors and scholars alike will benefit from careful study of Owens's significant argument.

L. Gregory Jones, Duke University

By reframing the church's practices as a participation in Christ and indeed as Christ's own practicing in and for the world, Owens has brought to the study of Christian practice new theological depth, shape and creativity. Moreover, by doing this in dialogue with ancient as well as contemporary theological and philosophical sources and in a way that takes seriously the concrete embodied church rather than remaining on the level of idealized and abstract ecclesiology, he has provided us a helpful new model for thinking about what it means to be the church.

Bryan Stone, Boston University School of Theology

Reasonable Faith for a Post-secular Age William Greenway, 2020

Our global community desperately needs overt awakening to an age of reason and faith. Reasonable Faith for a Post-Secular Age meets this need by interpreting faith not in terms of belief in propositions but in terms of living surrender to having been seized by agape for every face, including one's own. Virtually all faith traditions from Buddhism to Humanism to Wiccan are rooted in agape and therefore share considerable spiritual and ethical common ground, a truth long veiled. In contrast to ethically feckless secular rationality over which a devastating global social Darwinism currently runs roughshod, faith qua living surrender to agape grounds moral realism, awakens us to love for all creatures and inspires struggles for justice. Inspired by the philosophy of Emmanuel Levinas and Christian spirituality, Greenway engages on the one hand intellectuals like Stanley Hauerwas, Richard Rorty, Gayatri Chakravorty Spivak, Jeffery Stout, Charles Taylor and Bernard

Williams and on the other contemporary debates over consciousness free will evil and metaethics He details the character of secular rationality s devastating scission from moral reality and clarifies the promise of understanding faith and spirituality in terms of agape
