series Tamdgidi develops the quantum sociological imagination method framing his hermeneutic study in the series as a whole In the prefatory note he shares the origins of this series and how the study is itself a moment in the trajectory of a broader research project In his introduction he describes how centuries of Khayyami studies especially during the last two have reached an impasse in shedding light on his enigmatic life and works especially his attributed Robaiyat The four chapters of the book are then dedicated to developing the quantum sociological imagination as a new hermeneutic method framing the Khayyami studies in the series The method builds in an applied way on the results of Tamdgidi s recent work in the sociology of scientific knowledge *Liberating Sociology From Newtonian Toward Quantum Imagination* Volume 1 *Unriddling the Quantum Enigma* 2020 where he explored extensively in greater depth and in the context of understanding the so called quantum enigma the Newtonian and quantum ways of imagining reality In this first book he shares the findings of that research in summary amid new applied insights developed in relation to Khayyami studies In the first chapter Tamdgidi raises a set of eight questions about the structure of C Wright Mills s sociological imagination as a potential framework for Khayyami studies In the second chapter he shows how the questions are symptomatic of Newtonian structures that still continue to frame Mills s sociological imagination In the third chapter the author explores how the sociological imagination can be reinvented to be more in tune with the findings of quantum science In the last chapter the implications of the quantum sociological imagination for devising a hermeneutic method for new Khayyam and Robaiyat studies are outlined In conclusion the findings of this first book of the Omar Khayyam s Secret series are summarized

Veiling Esther, Unveiling Her Story Adam J. Silverstein, 2018-10-18 *Veiling Esther Unveiling Her Story The Reception of a Biblical Book in Islamic Lands* examines the ways in which the Biblical Book of Esther was read understood and used in Muslim lands from ancient to modern times It focuses on case studies covering works from various periods and regions of the Muslim world including the Qur an pre modern historical chronicles and literary works the writings of a nineteenth century Shia feminist a twentieth century Iranian encyclopaedia and others These case studies demonstrate that Muslim sources contain valuable materials on Esther which shed light both on the Esther story itself and on the Muslim peoples and cultures that received it Adam J Silverstein argues that Muslim sources preserve important pre Islamic materials on Esther that have not survived elsewhere some of which offer answers to ancient questions about Esther such as the meaning of Haman s epithet in the Greek versions of the story the reason why Mordecai refused to prostrate before Haman and the literary context of the plot of the eunuchs to kill the Persian king Throughout the book Silverstein shows how each author s cultural and religious background influenced his or her understanding and retelling of the Esther story In particular he highlights that Persian Muslims and Jews were often forced to reconcile or choose between the conflicting historical narratives provided by their religious and cultural heritages respectively

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 10: Khayyami Robaiyat: Part 3 of 3: Quatrains 686-1000: Songs of Joy Addressing the Question "Why Can Happiness Exist?" Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 10th volume subtitled Khayyami Robaiyat Part 3 of 3 Quatrains 686 1000 Songs of Joy Addressing the Question Why Can Happiness Exist Explained with New English Verse Translations and Organized Logically Following Omar Khayyam's Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 10 Tamdgidi offers the third of a three part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 3 includes quatrains 686 1000 for each of which the Persian original along with Tamdgidi's new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the quatrains 686 1000 address the question Why Does or Can Happiness Exist The question is the third of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the quatrains included in Part 3 continue the logically deductive reasoning process started in Part 2 but serve as practical examples of how humankind can turn the activity of poetry writing itself as a source of joy in life when confronting the topics of death survival and spiritual fulfillment The thematic topics of the quatrains of Part 3 as shared in Book 10 are XVIII Garden XIX Wine XX Love XXI Night XXII Death and Survival XXIII Liberation and XXIV Return Khayyam's overall sentiment in pursuing the inquiry in the third part of his book of poetry is expressive of joy He begins by showing using the example of his own poetry how strolling in a garden offers opportunities to enjoy it even when writing about the transient nature of the roses and greens He then offers in the longest section of his book a set of quatrains in praise of Wine disguising therein a praise of the joy of writing his own poetry Wine's metaphorical double meanings offering chances in the here and now of stealing joyfulness even when mistreated by his foes and amid feelings of helplessness in confronting physical death He then turns to the topic of spiritual Love signifying the role the sentiment of Love in search of the Source of creation plays in the evolutionary process of the

succession order of the created existence as discussed in his writings He continues to the topic of death and the possibility of lasting spiritual survival and existence by practically encouraging the Drinkers of the Wine of his poetry itself to help bring about that end He ends the Wine of his poetry by expressing how it has helped free himself from the prior in Part 1 doubtfully expressed inevitability of physical death in favor of not just hopefulness in Part 2 but the certainty of having initiated a lasting spiritual existence by way of the bittersweet Wine of his poetry itself celebrating a return to the spiritual Source of all existence as woven into the 1000 threaded wick of the candle of his Love for God We should therefore judge each step of the third part of Khayyam s poetic inquiry in consideration of the two other parts of his book of poetry those already shared in Books 8 and 9 addressing the questions Does Happiness Exist and What Is Happiness **Omar Khayyam's Secret:**

Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 7: Khayyami Art Mohammad H.

Tamdgidi,2024-03-01 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a twelve book series of which this book is the seventh volume subtitled Khayyami Art The Art of Poetic Secrecy for a Lasting Existence Tracing the Robaiyat in Nowrooznameh Isfahan s North Dome and Other Poems of Omar Khayyam and Solving the Riddle of His Robaiyat Attributability Each book independently readable can be best understood as a part of the whole series In Book 7 Tamdgidi shares his updated edition of Khayyam s Persian book Nowrooznameh The Book on Nowrooz and for the first time his new English translation of it followed by his analysis of its text He then visits recent findings about the possible contribution of Khayyam to the design of Isfahan s North Dome Next he shares the texts and his new Persian where needed and English translations and analyses of Khayyam s other Arabic and Persian poems Finally he studies the debates about the attributability of the Robaiyat to Omar Khayyam Tamdgidi verifiably shows that Nowrooznameh is a book written by Khayyam arguing that its unreasonable and unjustifiable neglect has prevented Khayyami studies from answering important questions about Khayyam s life works and his times Nowrooznameh is primarily a work in literary art rather than in science tasked not with reporting on past truths but with creating new truths in the spirit of Khayyam s conceptualist view of reality Iran in fact owes the continuity of its ancient calendar month names to the way Khayyam artfully recast their meanings in the book in order to prevent their being dismissed given their Zoroastrian roots during the Islamic solar calendar reform underway under his invited direction The book also sheds light on the mysterious function of Isfahan s North Dome as a space revealing it as having been to serve as part of an observatory complex for the annual Nowrooz celebrations and leap year declarations of the new calendar The North Dome to whose design Khayyam verifiably contributed and in fact bears symbols of his unitary view of a world created for happiness by God marks where the world s most accurate solar calendar of the time was calculated It deserves to be named after Omar Khayyam not Taj ol Molk and declared as a cultural world heritage site Nowrooznameh is also a pioneer in the prince guidance books genre that anticipated the likes of Machiavelli s The Prince by centuries the difference being that Khayyam s

purpose was to inculcate his Iranian and Islamic love for justice and the pursuit of happiness in the young successors of Soltan Malekshah Iran is famed for its ways of converting its invaders into its own culture and Nowrooznameh offers a textbook example for how it was done by Khayyam Most significantly however Nowrooznameh offers by way of its intricately multilayered meanings the mediating link between Khayyam's philosophical theological and scientific works and his Robaiyat showing through metaphorical clues of his beautiful prose how his poetry collection could bring lasting spiritual existence to its poet posthumously Khayyam's other Arabic and Persian poems also provide significant clues about the origins the nature and the purpose of the Robaiyat as his lifelong project and magnum opus Tamdgidi argues that the thesis of Khayyam's Robaiyat as a secretive artwork of quatrains organized in an intended reasoning order as a book of life serving to bring about his lasting spiritual existence can solve the manifold puzzles contributing to the riddle of his Robaiyat attributability He posits and in the forthcoming volumes of this series will demonstrate that the lost quatrains comprising the original collection of Robaiyat have become extant over the centuries such that we can now reconstruct by way of solving their 1000 piece jigsaw puzzle the collection as it was meant to be read as an ode of interrelated quatrains by Omar Khayyam Table of Contents About OKCIR i Published to Date in the Series ii About this Book iv About the Author viii Notes on Transliteration xix Acknowledgments xxi Preface to Book 7 Recap from Prior Books of the Series 1 Introduction to Book 7 Tracing the Robaiyat in Omar Khayyam's Artwork 11 CHAPTER I Omar Khayyam's Literary Work Nowrooznameh An Updated Persian Text and Its New English Translation for the First Time 21 CHAPTER II Omar Khayyam's Literary Work Nowrooznameh A Clause by Clause Textual Analysis 147 CHAPTER III Unveiling the Open and Hidden Functions of the Mysterious North Dome of Isfahan How Omar Khayyam Designed for His Commissioned Projects of Solar Calendar Reform and Building Its Astronomical Observatory Iran's Most Beautiful Dual Use Structure for the Annual Celebration of Nowrooz 367 CHAPTER IV Omar Khayyam's Arabic and Persian Poems Other than His Robaiyat Translated into Persian from Arabic and English and Textually Analyzed 497 CHAPTER V Did Omar Khayyam Secretively Author A Robaiyat Collection He Called Book of Life Solving the Manifold Riddles of His Robaiyat Attributability 573 Conclusion to Book 7 Summary of Findings 677 Appendix Transliteration System and Glossary 731 Cumulative Glossary of Transliterations Books 1 5 744 Book 7 References 753 Book 7 Index 767

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 9: Khayyami Robaiyat: Part 2 of 3: Quatrains 339-685: Songs of Hope Addressing the Question "What Is Happiness?" Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 9th volume subtitled Khayyami Robaiyat Part 2 of 3 Quatrains 339 685 Songs of Hope Addressing the Question What Is Happiness Explained with New English Verse Translations and Organized Logically Following Omar Khayyam's Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 9 Tamdgidi offers the second

of a three part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 2 includes quatrains 339 685 for each of which the Persian original along with Tamdgidi's new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the quatrains 339 685 address the question What Is Happiness The latter is the second of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the quatrains included in Part 2 follow a logically deductive reasoning process through which Khayyam advances in the causal chain of moving from methodological to explanatory and practical quatrains by way of addressing the question noted above The thematic topics of the quatrains of Part 2 as shared in Book 9 are X The Drunken Way XI Willfulness XII Foes and Friends XIII Wealth XIV Today XV Pottery XVI Cemetery and XVII Paradise and Hell Khayyam begins with reflections on God's created world suggesting that its unitary existence cannot be understood using either or dualistic lenses where the ways of knowing by the head the heart and senses are pursued separately Instead he advocates building on the idea of the Wine trope discovered in Part 1 a Drunken way by which he means a unitary way of knowing symbolized by the spiritual indivisibility of Wine in contrast to the fragmentations of the grapes He then embarks on a deductive method of emphasizing human willfulness also created by God offering humankind a chance for playing a creative role in shaping its own world Khayyam then continues to apply such an explanatory model in dealing with social matters having to do with foes friends and wealth leading him to advocate for the practical significance of stealing the chances offered in the here and now of today to transform self and society in favor of happier and more just outcomes Using the tropes of visiting the jug maker's shop and the cemetery he then emphasizes the need to maintain a wakeful awareness of the inevitability of one's physical death in order to use the opportunity of life to cultivate universal self awareness before it is too late that paradise and hell and judgment days are not otherworldly but realities of our here and now living He thus transcends the sentiment of a promised future hope by advising us to create a happy life in the cash of the here and now his own poetry itself being a means toward that end Part 2 must then be understood in consideration of the other two parts of his book of poetry one already shared in Book 8 addressing the questions Does Happiness Exist and the next to follow in Book 10 addressing the question Why Does or Can Happiness Exist

Martyrdom, Mysticism and Dissent Asghar Seyed-Gohrab, 2021-08-23 This book is the first extensive research on the role of poetry during the Iranian Revolution 1979 and the Iran Iraq War 1980 1988 How can poetry especially peaceful medieval Sufi poems be applied to exalt violence to present death as martyrdom and to process war traumas Examining poetry by both Islamic revolutionary and established dissident poets it demonstrates how poetry spurs people to action even leading them to sacrifice their lives The book's originality lies in fresh analyses of how themes such as martyrdom and violence and mystical themes such as love and wine are integrated in a vehemently political context while showing how Shiite ritual such as the pilgrimage to Mecca clash with Saudi Wahhabi appreciations A distinguishing quality of the book is its examination of how martyrdom was instilled in the minds of Iranians through poetry employing Sufi themes motifs and doctrines to justify death Such inculcation proved effective in mobilising people to the front ready to sacrifice their lives As such the book is a must for readers interested in Iranian culture and history in Sufi poetry in martyrdom and war poetry Those involved with Middle Eastern Studies Iranian Studies Literary Studies Political Philosophy and Religious Studies will benefit from this book From his own memories and expert research the author gives us a ravishing account of a poetry stained with blood violence and death His brilliantly layered analysis of modern Persian poetry shows how it integrates political and religious ideology and motivational propaganda with age old mystical themes for the most traumatic of times for Iran Alan Williams Research Professor of Iranian Studies University of Manchester When Asghar Seyed Gohrab a highly prolific academician publishes a new book you can be certain he has paid attention to an exciting and largely unexplored subject Martyrdom Mysticism and Dissent The Poetry of the 1979 Iranian Revolution and the Iran Iraq War 1980 1988 is no exception in the sense that he combines a few different cultural religious mystic and political aspects of Iranian life to present a vivid picture and thorough analysis of the development and effect of what became known as the revolutionary poetry of the late 1970s and early 1980s This time he has even enriched his narrative by inserting his voice into his analysis It is a thoughtful book and a fantastic read Professor Kamran Talattof University of Arizona

Éirinn & Iran go Brách Mansour Bonakdarian, 2023-12-05 This book analyzes particular patterns of nationalist self configuration and nationalist uses of memory counter memory and historical amnesia in Ireland from roughly around the time of the emergence of a broad based non sectarian Irish nationalist platform in the late eighteenth century the Society of United Irishmen until

Ireland's partition and the founding of the Irish Free State in 1922. In approaching Irish nationalism through the particular historical lens of Iran, this book underscores the fact that Irish nationalism during this period and even earlier always utilized a historical paradigm that grounded Anglo-Irish encounters and Irish nationalism in the broader world history, a process that I term worlding of Ireland. In effect, Irish nationalism was always politically and culturally cosmopolitan in outlook in some formulations even in the case of many nationalists who resorted to insular and narrowly defined exclusionary ethnic and/or religious formulations of the Irish nation. Irish nationalists, as nationalists in many other parts of the world, recurrently imagined their own history either in contrast to or as reflected in the histories of peoples and lands elsewhere even while claiming the historical uniqueness of the Irish experience. Present in a wide range of Irish nationalist political, cultural, and historical utterances were assertions of past and/or present affinities with other peoples and lands.

Ancient Iranian Numismatics, 2021-02-01 The present volume, which includes some of the most recent studies on ancient Iranian numismatics, has been dedicated to the memory of David Sellwood (1925-2012). Sellwood spent more than fifty years of his life studying and publishing about the history and coinage of Iran. His legacy is exhibited in this volume through the contributions of individuals from different backgrounds and countries who have participated to make this book possible. He would have been pleased to see that not only his old friends remember him but also that some young scholars who were not even born when the first edition of his *Introduction to the Coinage of Parthia* was published in 1971 are now working in the areas of his

interests This volume was previously published by the Jordan Center for Persian Studies University of California Irvine

Light Against Darkness Armin Lange, Eric M. Meyers, Randall Styers, 2010-11-17 Light Against Darkness is comprised of articles that put on display the power and pervasiveness of dualistic thought Dualism has proved a potent cultural tool for clarifying and ordering reality Particularly in times of social stress and psychological insecurity it can offer a valuable conceptual grid that provides orientation to the world and a clear sense of identity At the same time though there are important questions to be asked about the social effects of binary thinking As history amply illustrates dualistic notions can readily be deployed to legitimate cultural demonization and to rationalize violence At a deeper level a dualist worldview can also obscure the possibilities to be found in multiplicity The articles in this volume treat Dualism across a wide historical spectrum and from multiple methodological perspectives The studies are organized around the religious and cultural contexts of Ancient Judaism and they include contributions from leading voices on ancient Persia Israel Greece and Egypt Experts on modern religious and philosophical thought not only lend context to concepts applied to the ancient world but engage recent European and American experiments in binary thought All of the studies contribute to a richer and more complete portrait of dualism in ancient Judaism *Library of Congress Magazine* ,2014
