anonymous treatment in the privacy of your own home This book is the answer Please read the back cover for true testimonies that were unsolicited and believe that there were hundreds more that came to the websites that sold the original program Never a single email received saying that the program was unsuccessful or had any flaws just positive reviews saying thank you for the help This program is new this is current and this will work for anyone who reads and follows the entire book The track record is solid and valid and being tested further always so please read on How to Quit Meth Now Is a self help guide to kicking any Cocaine or Methamphetamine addiction It s an algorithm style drug treatment program that guarantees anyone who reads through the entire book and follows all of the instructions inside WILL BE DRUG FREE by the time they close the back cover and will have all of the tools to stay drug free for the rest of their life Quit Meth Now is the culmination of a 14 year study through trial and error that is the cure for drug addiction and takes the addict who is CURRENTLY USING meth or cocaine and teaches them how to first let go and walk away then teaches them how to self detox with a 14 day program The self detox method uses several over the counter pharmaceuticals vitamins herbs and other products that reduce the withdrawal symptoms associated with drug addiction and treatment During the process it teaches the addict several mind techniques that will help to counter all of the triggers that usually chase the addict back into relapse Quit meth Now is a cure and a final step that does not allow for relapse and ends the problem of addiction with simple mind games once the 14 day self detox is complete This is a full service plan that attacks all of the spheres of influence that have been keeping the addict addicted for so long Quit Meth Now is the long awaited cure for addiction that will take the user on a long journey through all aspects of addiction and answer the questions of how when and why they became addicted while also teaching them how to fix the problem permanently so that they can live a drug free lifestyle for the rest of their lives This is the cure and this is the solution This is a tried and true program in every sense and the QuitMeth program has a 100% effective rate over the internet for the past 10 years as we did our research to make sure that this book was the final step that cures addiction once and for all We have been hiding from the world to create this program and this book is written in a style that speaks directly to the reader and teaches the truth through philosophical belief that the cure is within you because the power to cure a drug addiction is you This is not a faith based program in that it speaks directly to the addict in real terms and doesn t pass the buck by asking the reader to trust a higher power Religion is always on one s own terms and has nothing to do with drug addiction If you or anyone you know wants to kick a drug addiction right now once and for all you NEED this book This program is also designed in a way that will supply an addict who is not interested in quitting with enough subliminal information on how to quit that they will most likely decide to quit anyway within 6 months to a year if they read all of the material This book digs deep into the mind and takes away the ability of an addict to say that they re addicted because there is no way to quit Drug addiction is NOT a disease my friends and time is relevant Peace **Crystal Clean** Kimberly Wollenburg,2012-12-12 There are precious few things in this life of which I am certain One is the love I have

for my son Andy The other thing of which I am certain is this no one wants to be an addict from the book Here s what readers have to say Kim s writing style is clear lucid revealing and on a par with the best of skilled non fiction authors Thor Heyerdahl Thomas Thompson even James Michener or my favorite Jan de Hartog and she is able to make the reader relive her addictions all of them to the point that I HAD to put the book down several times and detox myself or at least breathe normally before I could return to it I ve never felt so much inside the skin of someone who is going through the horror of addiction as when reading this biography Kim has cleansed her soul by once again facing the demons of her past and I can only imagine how much strength it took for her to reopen her wounds and recount them one by one Crystal Clean is a book I couldn t put down about an amazing woman who was once completely immersed in the world of crystal meth If you didn t know that she made it through the other side because she is telling her own story you might not believe she will come out of it alive Kim lays out her life story with memories that help show her state of mind as she started using different drugs and then meth But it s not a woe is me story and she doesn t dwell on the bad things that contributed to her mental state It is ultimately a story about how a mother s love can overcome the terrible odds associated with this addiction This is a well written entertaining book The author s style is light even when the subject is not It would have been easy to simply write about the misery that must come with Meth addiction Instead the author gives insight into her background and motivations You can t help but root for the author as she describes her descent into drug addiction hell even though she is responsible for all her choices Being a mom of a special needs son only child and struggling to be everything to that child while barely hanging on yourself is such a familiar story to me While reading this book it hit home so much I had to stop reading it for moments at a time So real and writing was so descriptive I had to separate her feelings from my own in some regard Thank you for opening up to your readers and trusting us with your story I picture you kind of like a female Rocky winning in the end Can t help but root for you and Andy What an insightful and bravely written book What Kim has shared is an amazingly helpful understanding to anyone who has been touched by the outreaching fingers of meth addiction and mental illness And to those who haven t a good reminder that not everyone or everything is as it may seem A beautiful memoir about one mom s struggle with her lot in life and how she chose to deal with it using illegal drugs It s told in a brave clear manner with no careful wording I loved reading more about Andy and was absolutely rooting for Wollenburg through it all At first you don t understand Kim Then you love her Kim illustrates with graphic detail and genuine emotion the pain of addiction as well as the sometimes circuitous path to recovery This book is extremely well written I wish I lived next door to this courageous mother daughter and woman of worth CRYSTAL CLEAN A mother s struggle with meth addiction and recovery is an honest and transparent look at the world of meth addiction and recovery As a reader I was swallowed up into this world of addiction pain anger and fear Many times I wanted out I wanted to skip to the end of the book and be assured that this young woman was going to be okay I applaud the author for her obvious courage in sharing her story and exposing

her pain and allowing herself to be so vulnerable The author s writing is superb strong imagery and an authenti
