**YOU: The Owner's Manual for Teens** Michael F. Roizen, Mehmet Oz, 2011-06-07 A few years ago we wrote *YOU The Owner's Manual* which taught people about the inner workings of their bodies and how to keep them running strong But you know what There's a big difference between an adult's body and your body between adults' health mysteries and your health mysteries between their questions and your questions So teens this book is for YOU We'll talk to you about the biological changes that are happening in your brain and your body We'll show you how to get more energy improve your grades protect your skin salvage more sleep get fit eat well maximize your relationships make decisions about sex and so much more In fact in these pages we answer hundreds of your most pressing health related questions And you know what else We are going to treat you like adults in one very important way We're not going to preach We're going to give you straight up information that you can use to make smart choices about how to live the good life and enjoy every second of it Starting right now

**America, the Owner's Manual** Bob Graham, Chris Hand, 2016-07-15 In 2016 Americans fed up with the political process vented that frustration with their votes Republicans nominated for president a wealthy businessman and former reality show host best known on the campaign trail for his sharp rhetoric against immigration and foreign trade Democrats nearly selected a self-described socialist who ran on a populist platform against the influence of big money in politics While it is not surprising that Americans would channel their frustrations into votes for contenders who pledge to end business as usual the truth is that we don't have to pin our hopes for greater participation on any one candidate All of us have a say if we learn master and practice the skills of effective citizenship One of the biggest roadblocks to participation in democracy is the perception that privileged citizens and special interests command the levers of power and that everyday Americans can't fight City Hall That perception is undoubtedly why a 2015 Pew Charitable Trusts survey found that 74 percent of those Americans surveyed believed that most elected officials didn't care what people like them thought Graham and Hand intend to change that conventional wisdom by showing citizens how to flex their citizenship muscles They describe effective citizenship skills and provide tips from civic experts Even more importantly they offer numerous examples of everyday Americans who have used their skills to make democracy respond The reader will see themselves in these examples of citizens who chose to be victorious participants rather than tranquil spectators in the arena of democracy By the end of the book you will have new confidence that citizen participation is the lifeblood of America and will be ready to make governments work for you not the other way around *Democracy Owner's Manual* Kerry Power, 1995-09 [Sticky Doorknobs](#) Jimmy Patterson, 2000-11-07 In *Sticky Doorknobs* Jimmy Patterson's personal experiences of parental fear and everyday frustration open to universal revelations of laughter and love His stories will move you to smile and cry in the space of three paragraphs *Sticky Doorknobs* is a collection of wisdom that points to what gives life meaning You won't want to let them go The Rev Clare Petersberger Towson Md Unitarian Universalist Church Jimmy Patterson's new book *Sticky*
