Ecclesiology*

WOLFGANG VONDEY

People Of Bread Rediscovering Ecclesiology

James K. A. Smith, Amos Yong

People Of Bread Rediscovering Ecclesiology:

People of Bread Wolfgang Vondey, 2008 Wolfgang Vondey contends that the story of the church is a story of the people of bread. The image of bread is one of the richest and at the same time one of the most neglected biblical images that speak to an ecumenical understanding of the church. Drawing from scripture from writers of the early church and from cutting edge debates in contemporary scholarship Vondey unfolds the social moral missiological ecumenical and eschatological dimensions of the church based on the story of bread that far exceeds a eucharistic interpretation. People of Bread speaks to a growing interest in an understanding of the church by addressing the widespread revival of the theological imagination.

BOOK JACKET *Pentecostal Ecclesiology* Chris Green, 2016-06-27 This reader in Pentecostal ecclesiology edited by Chris Green brings together in a single volume a number of critically important previously published essays written by leading Pentecostal and charismatic scholars addressing the theology of the church sacraments and ministry in the Pentecostal charismatic traditions. Contributors include Estrela Alexander Peter Althouse Jonathan E Alvarado Ken Archer Daniela Augustine Simon Chan Graciela Esparza Jenny Everts Chris E W Green Walter Hollenweger Cheryl Bridges Johns Veli Matti Kärkkäinen Andy Lord Frank Macchia Clark Pinnock Margaret M Poloma Lisa Stephenson Wolfgang Vondey and Amos Yong.

Types of Pentecostal Theology Christopher A. Stephenson, 2016-10 In this the first critical study of the major theologians of pentecostalism Christopher A Stephenson establishes four original categories that classify recent pentecostal theologians methodologies in systematic constructive theology. *Network Church* Andy Lord, 2012-03-19 Pentecostal churches have grown over the last century but only a limited amount has been written about their ecclesiology. Much of the existing work focuses on congregational models and contemporary practice. This book argues the need for a pentecostal systematic approach to ecclesiology. Utilising the method of Amos Yong a pentecostal ecclesiology based on a network church structure is developed. Systematic issues of catholicity are addressed through mission insights on partnership and a hospitable approach to contextualisation is developed. This book therefore suggests new ways forward in pentecostal studies and ecclesiology. *The Eucharistic Spirit* Florian M. P. Simatupang, 2025-03-27 What sort of experience of grace does the Holy Spirit give Pentecostals when they celebrate the Eucharist? This book aims to answer that question by investigating Holy Communion through a Pentecostal spirituality framework and process known as search encounter transformation. Doing so enriches the theology and spirituality of Pentecostalism and broadens its understanding of the journey of salvation. The author argues that the invocation of the Spirit in the Eucharist the epiclesis grants the church a pneumatological imagination enabling it to properly remember the anamnesis the work of Christ. The outcome of remembering will be to see the Eucharist as a meal of solidarity and justice a meal that manages the hunger of the world a meal that offers healing a meal for missional nourishment a meal reorienting eschatology by providing a preview of the restoration of all things apokatastasis in the wedding supper of the Lamb. Ultimately this book encourages Pentecostals to desire a weekly celebration of the Eucharist.

in order to become truly Pentecostal Pentecostalism and Christian Unity Wolfgang Vondey, 2010-03-01 This volume of ecumenical documents key texts and critical essays is the first collection of its kind exclusively dedicated to Pentecostalism and its contributions to Christian unity In the first part a cadre of internationally renowned scholars addresses the ecumenical heritage and perspectives of the Pentecostal movement since the early twentieth century Part 2 offers a collection of final reports from international dialogues with Pentecostal participation The final part contains programmatic essays in response to The Nature and Mission of the Church a major study on the doctrine of the church published by the World Council of Churches Most of these essays were first presented by the ecumenical studies group of the Society for Pentecostal Studies currently the only organized ecumenical think tank among Pentecostals in North America Since its formation in 2001 the group has encouraged Pentecostal participation in ecumenical concerns has hosted Roman Catholic Pentecostal conversations at the annual meeting of the Society has invited international scholarly debates on ecumenical matters and has engaged in the study of ecumenical consensus statements The essays and documents in this collection model the dedication and commitment among Pentecostals today that engage the challenges and opportunities of Christian unity from the perspective of a tradition that has often been falsely accused of being anti ecumenical This collection presents an invaluable resource for teachers scholars and pastors interested in engaging the global Christian arena from the worldwide and ecumenical image of Pentecostalism Contributors Carmelo E Alvarez Harold D Hunter Douglas Jacobsen Veli Matti Karkkainen Frank D Macchia Raymond R Pfister Cecil M Robeck Jr Paul van der Laan Wolfgang Vondey **The Scandal of Pentecost** Wolfgang Vondey, 2023-10-19 Through a systematic analysis of the conflicts emerging when the public church encounters the public world The Scandal of Pentecost argues that the public advent of the church stands in continuity with the public scandal of the incarnate and crucified Christ The book traces the contours of this scandal in the confrontation of the dominant ruling hermeneutic of authority with a Christian hermeneutic of resistance This highlights the brokenness of the human condition manifested by the church in the drunkenness of the disciples the speaking in other tongues the baptism with the Spirit the empowerment of the flesh and its public witness to a scandalized world The effects of the scandal transform both the disciples individual and communal witness and their public recognition as the church Through the lens of a symbolic hermeneutic the public witness of the church at Pentecost reveals a Christian scandal of anthropological proportions with the outpouring of the Spirit on all flesh the church emerges as the symbol of humanity **The Routledge Handbook of Pentecostal Theology** Wolfgang Vondey, 2020-03-31 Research on Pentecostal and Charismatic Christianity has increased dramatically in recent decades and a diverse array of disciplines have begun to address a range of elements of these movements Yet there exists very little understanding of Pentecostal theology and it is not uncommon to encounter stereotypes and misperceptions Addressing this gap in current research The Routledge Handbook of Pentecostal Theology is an exceptional reference source to the key topics challenges and debates in this growing field of study and is the first

collection of its kind to offer a comprehensive presentation and critical discussion of this subject. Comprising over forty chapters written by a team of international contributors, the Handbook is divided into five parts: Contextualizing Pentecostal Theology, Sources, Theological Method, Doctrines and Practices, Conversations and Challenges. These sections take the reader through a comprehensive introduction to what Pentecostals believe and how they practice their faith. Looking at issues such as the core teachings of Pentecostalism concerning Spirit baptism, divine healing, or eschatology, unique practices such as spiritual warfare and worship, and less discussed issues such as social justice and gender, each chapter builds towards a nuanced and global picture of the theology of the Pentecostal movement. The Routledge Handbook of Pentecostal Theology is essential reading for students and researchers in Pentecostal Studies, World Christianity and Theology, as well as scholars working in contemporary Religious Studies.

Profiles of Pentecostal Theology Christopher A. Stephenson, 2021-10-25

Pentecostal theology is burgeoning in the academy and a vast body of literature continues to grow. With precision and ease, Stephenson carefully leads readers through an array of theological topics, texts, and figures. Combining original analysis and constructive contributions, he classifies diverse and complex ideas in Pentecostal biblical studies, systematic theology, and theological ethics. Whether they are beginning students seeking an accessible initiation into an area that newly piques their interests, or established scholars who need a sophisticated crash course in a yet unexplored field of inquiry, readers will find Stephenson's accounts to be a reliable guide through this daunting topic.

Pentecostal Theology Wolfgang Vondey, 2017-07-13

Winner of the Pneuma Book Award 2018 from The Society for Pentecostal Studies, Pentecostalism is the most rapidly growing branch of Christianity since the 20th century, yet it does not lend itself well to a singular doctrine, and there is therefore no single comprehensive account of Pentecostal theology worldwide. In this volume, Wolfgang Vondey suggests an account of Pentecostal theology that is genuine to Pentecostals worldwide while allowing for different adaptation and explication among the various Pentecostal groups. He argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life, identified by the transforming work of the Holy Spirit and directed toward the kingdom of God. The book unfolds in two main parts illustrating the full gospel story and theology. Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology, formulate a Pentecostal theology of action, translate, apply, and exemplify Pentecostal practices and experiences, and integrate Pentecostal theology in the wider Christian tradition.

T&T Clark Handbook of Sacraments and Sacramentality Martha Moore-Keish, James Farwell, 2022-12-29

Introducing readers to the contemporary field of sacramental theology, this volume covers the biblical and historical foundations, a survey of the state of the discipline, and a collection of constructive essays representing major themes, practices, and approaches to sacraments and sacramentality in the contemporary world. The volume starts with a set of foundational essays that offer a broad introduction to the field of sacramental theology from contemporary scholars, analysing a number of historical figures in order to illumine and inform contemporary sacramental theology. The second part of the volume is dedicated to a series of

essays on sacramentality and includes attention to elements of space time ritual action music and word all as aspects of what Christians have termed sacramental reality The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions baptism eucharist Lord s Supper confirmation confession forgiveness and reconciliation marriage ordination and anointing The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines critical race theory queer theory comparative theology and disability studies

The Pentecostal Gender Paradox Joseph Lee Dutko, 2023-11-16 The distinct subjects of eschatology and gender equality have seen an explosion of interest in recent decades particularly within Pentecostal scholarship Pentecostalism is regarded ideally as both an eschatological and egalitarian movement However many Pentecostals have lamented the inconsistency between the early egalitarian impulse of the movement and its current restrictive practices This situation has been described as the so called Pentecostal gender paradox referring to the conflicting freedoms and limitations experienced by Pentecostal women Pentecostals have also recognized the waning eschatological fervor within the movement and its shifting eschatological convictions leading to calls to rediscover the eschatological heart of the movement Despite the renewed interest in both eschatology and women s equality little research has been done to put these two areas into conversation with each other eschatological convictions are often absent in the debate on gender roles in the church For Pentecostals eschatology has often been about urgency in saving souls rather than attending to social issues but could Pentecostal eschatology be the key to re discovering greater equality for women in the church Is the waning of both eschatology and women s equality within Pentecostalism potentially interrelated For over one hundred years the role of women in Pentecostalism has been debated without a firm consensus By examining gender solely through an eschatological lens in history Scripture and praxis this work provides a valuable and creative contribution to one of the most important theological and global issues of our time women s in equality This book is also one of the first comprehensive studies to approach a single social issue solely through an eschatological lens and to provide attention to developing a thorough and methodologically connected eschatological praxis By uncovering the unified eschatological egalitarian narrative thread within both the Pentecostal and biblical story this work suggests that the present end of women s inequality begins with fidelity to the future eschaton of gender equality

Scripting Pentecost Mark J. Cartledge, A.J. Swoboda, 2016-07-07 Scripting Pentecost explores and develops an analysis of worship and liturgy in Pentecostal and Charismatic traditions Organized into three main sections history theology and contemporary practice the first section quarries the historical trajectories of classic Pentecostalism the Charismatic movement Third Wave and Oneness Pentecostalism Particular attention is given to the liturgical approaches of some of the earliest leaders including William J Seymour Alexander Boddy and Aimee Semple McPherson The second section constructive theology offers theological approaches to liturgical studies from Pentecostal and Charismatic perspectives In this section the Pentecostal and

Charismatic tradition is advanced and extended by an interaction with ecumenical sources The third section case studies in contemporary worship theology and practice examines the actual performance of liturgy through selected global case studies chosen to reflect a diversity of ecclesial practice in Africa Asia Europe North America Latin America and Oceania *Being Church* Robin Greenwood,2013-08-01 *Being Church* offers ideas and strategies based on real experience and detailed reflection on processes that offer support and challenge to church leaders and especially clergy whether parish clergy or diocesan advisers or bishops *Do this in Remembrance of Me* Bryan D. Spinks,2013-11-29 Bryan Spinks is one of the world's leading scholars in the field of liturgy and to have a comprehensive work by him on the Eucharist is a major catch for SCM Like the author's previous work on Baptism this will become a standard work about the Eucharist and Eucharistic theology worldwide The book a study of the history and theology of the Eucharist is the fifth volume in the SCM Studies in Worship and Liturgy series and will help to establish the series as a place for landmark books of liturgical scholarship This book will be aimed at undergraduate and graduate theology students clergy and theologically literate laity It will assume some technical knowledge i e it is not an introduction to liturgy or introduction to sacraments but will attempt to outline what the evidence is and what current scholars think On occasions it will advance or argue for why one interpretation is preferable to another **The Liturgy of the Gospel** Wolfgang Vondey,2025-09-12 Vondey argues that theological hermeneutics in Pentecostal perspective is the interpretation of the world explicitly and specifically informed by the liturgy of the gospel This book identifies the corresponding hermeneutical questions that have dominated the formation of a liturgical Pentecostal horizon of interpretation since the twentieth century Pentecostals are acutely aware that the claim of their interpretive position shows not only a fusion of horizons but also a rejection of the dominant descriptive mechanisms How this tension in the history of Pentecostal theology is resolved and contributes to the emergence of Pentecostalism as a hermeneutical tradition is the subject of three critical inquiries 1 the question of truth in the Pentecostal tradition 2 the extension of the question of truth to hermeneutical experience and 3 the ontological shift of Pentecostal hermeneutics Vondey identifies how Pentecostal hermeneutics emerged not only thematically and historically but experientially and subjectively through the themes of the full gospel This book shows that rather than by the dominance of language the dynamic hermeneutical positioning in the narrative of this gospel originated and continues to be shaped liturgically *Beyond Pentecostalism* Wolfgang Vondey,2010-09-23 The Pentecostal Manifestos series aims to speak for and to a rising outward looking generation of Pentecostal scholarship Written by both established and newly emerging scholars the various manifesto volumes are to be creative statements marked by rigorous theological scholarship reflecting a distinctly Pentecostal engagement with wider themes and concerns in Christian thought today *Science and the Spirit* James K. A. Smith,Amos Yong,2010-08-26 What might be described as a Pentecostal worldview has become a powerful cultural phenomenon but it is often at odds with modernity and globalization *Science and the Spirit* confronts questions of spirituality in the face of contemporary science The

essays in this volume illustrate how Pentecostalism can usefully engage with technology and scientific discovery and consider what might be distinctive about a Pentecostal dialogue with the sciences The authors conclude that Pentecostals with their unique perspectives on spirituality can contribute new insights for a productive interaction between theology and science

The Spirit and the Salvation of the Urban Poor Brandon Kertson, 2019-11-15 Poverty What is it good for Absolutely nothing Still poverty is an ever present reality even in so called first world nations like the United States If the Holy Spirit is the member of the Trinity that is ever present in our world perhaps the Spirit can be a resource to address poverty In this pneumatological theology of poverty Brandon Kertson explores the current state of poverty in the United States arguing its complexities also require complex answers demanding a pneumatological approach that has yet to be offered Using Renewal theology and pneumatology Kertson develops a pneumatological four fold gospel based on Jesus pneumatic declaration of Luke 4 He explores how the Spirit addresses poverty through Jesus and the historic and global church and how we can begin to address poverty through the Spirit today The Spirit as savior baptizer healer and entelechy of the kingdom lays the foundation for a holistic response to the complex problem of poverty in our country

Modern Metaphors of Christian Leadership Joshua D. Henson, 2020-01-11 This book explores contemporary metaphors of leadership from a biblical or church historical perspective It seeks to understand the cultural social and organizational metaphors from the Bible and the implications for contemporary organizations Addressing issues such as communication mentorship administration motivation change management education and coaching the authors explore concepts related to both for profit and not for profit organizations This book will be a valuable addition to the leadership literature in showing how biblical leadership principles can be used in contemporary organizations
