People Of Plenty Economic Abundance And The American Character Walgreen Foundation Lectures:

People of Plenty. Economic Abundance and the American Character. (Charles R. Walgreen Foundation Lectures.). David Morris Potter,1958 People of Plenty David M. Potter,1954 *People of Plenty* David M. Potter,2009-02-15 America has long been famous as a land of plenty but we seldom realize how much the American people are a people of plenty a people whose distinctive character has been shaped by economic abundance In this important book David M Potter breaks new ground both in the study of this phenomenon and in his approach to the question of national character He brings a fresh historical perspective to bear on the vital work done in this field by anthropologists social psychologists and psychoanalysts The rejection of hindsight with the insistence on trying to see events from the point of view of the participants was a governing theme with Potter This sounds like a truism Watching him apply it however is a revelation Walter Clemons Newsweek The best short book on national character I have seen broadly based closely reasoned and lucidly written Karl W Deutsch Yale Review *People of Plenty* David M.. Potter,1960 The United States of America, a Syllabus of American Studies: Reading List United States Information Agency,1963 **Economic Laws and Economic History** Charles P. Kindleberger,1997-07-24 In this volume Charles Kindleberger makes a powerful case against the idea that any one model could be used to unlock the basic secret of economic history It is essentially an exercise in methodology addressed to economists and economic historians alike He argues that too many economists discover a relationship or a uniformity in economic behaviour develop a model and use it to explain more than it is capable of including on occasion all economic behaviour These lectures discuss four laws in economics to show how uniformities can illuminate economic history in particular aspects They illustrate the view that the economist or economic historian seeking to test analysis against historical data should have a variety of different models and not just one The implication is that however scientific and technical the tools choosing them carefully to fit particular circumstances is itself an art Resources for the Teaching of Anthropology David G. Mandelbaum,Gabriel W. Lasker,Ethel M. Albert,2023-11-15 **American Social Character** Rupert Wilkinson,2019-03-04 This anthology features the writings of 17 important analysts of American character and culture From 1945 to the present this book includes selections by Charles Reich Christopher Lasch Philip Slater and many others There is a general introduction to the subject and each selection is preceded by an introduction and followed by a critical comme

Rethinking American History in a Global Age Thomas Bender,2002-05-14 In rethinking and reframing the American national narrative in a wider context the contributors to this volume ask questions about both nationalism and the discipline of history itself The essays offer fresh ways of thinking about the traditional themes and periods of American history By locating the study of American history in a transnational context they examine the history of nation making and the relation of the United States to other nations and to transnational developments What is now called globalization is here placed in a historical context A cast of distinguished historians from the United States and abroad examines the historiographical

implications of such a reframing and offers alternative interpretations of large questions of American history ranging from the era of European contact to democracy and reform from environmental and economic development and migration experiences to issues of nationalism and identity But the largest issue explored is basic to all histories How does one understand teach and write a national history even as one recognizes that the territorial boundaries do not fully contain that history and that within that bounded territory the society is highly differentiated marked by multiple solidarities and identities Rethinking American History in a Global Age advances an emerging but important conversation marked by divergent voices many of which are represented here The various essays explore big concepts and offer historical narratives that enrich the content and context of American history The aim is to provide a history that more accurately reflects the dimensions of American experience and better connects the past with contemporary concerns for American identity structures of power and world presence [ORRRC Study Report](#) United States. Outdoor Recreation Resources Review Commission,1962 **Hearings, Reports and Prints of the House Committee on Foreign Affairs** United States. Congress. House. Committee on Foreign Affairs (1789-1975), *ORRRC Study Report. 1-27* ,1962 [The Future of United States Public Diplomacy](#) United States. Congress. House. Committee on Foreign Affairs. Subcommittee on International Organizations and Movements,1969 [People of Plenty](#) David Morris Potter,1966 *The Poverty of the World* Sheyda F. A. Jahanbani,2023 Bringing together foreign and domestic policy The Poverty of the World aims to offer a new answer to the question of why Americans became obsessed with poverty in the 1960s A history of how American liberals made sense of US power during a period of unprecedented affluence at home it uses intellectual and political biographies of major figures in postwar US social thought and politics to tell the story of how Americans invented the problem of global poverty and executed a war against it **Local Foods Meet Global Foodways** Benjamin Lawrance,Carolyn de la Peña,2013-09-13 This book explores the intersection of food and foodways from global and local perspectives The collection contributes to interdisciplinary debates about the role and movement of commodities in the historical and contemporary world The expert contributions collectively address a fundamental tension in the emerging scholarly terrain of food studies namely theorizing the relationship between foodstuff production and cuisine patterns They explore a wide variety of topics including curry bread sugar coffee milk pulque Virginia ham fast food obesity and US ethnic restaurants Local Foods Meet Global Foodways considers movements in context and in doing so complicates the notions that food shapes culture as it crosses borders or that culture adapts foods to its neo local or global contexts By analysing the dynamics of contact between mobile foods and or people and the specific cultures of consumption they provoke these case studies reveal the process whereby local foods become global or global foods become local to be a dynamic co creative development jointly facilitated by humans and nature This volume explores a vast expanse of global regions such as North and Central America Europe China East Asia and the Pacific India sub Saharan Africa the Atlantic Ocean and the USSR Russia It includes a foreword by the eminent food scholar

Carole Counihan and an afterword by noted theorist of cuisine Rachel Laudan and will be of great interest to students and researchers of history anthropology geography cultural studies and American studies This book is based on a special issue of Food and Foodways **Public Outdoor Recreation Areas** ,1962 Staff Memorandum on United States Investment of Military Assistance Funds in Military Installations Located in France United States. Congress. House. Committee on Foreign Affairs,1967 *Science & Society* ,1955 Includes section Book reviews **Reader in Research Methods for Librarianship** Mary Lee Bundy,Paul Wasserman,1970
