Models Of The Eucharist Models Of The Eucharist:

Models of the Eucharist Kevin W. Irwin, 2005 Explores in a clear manner how the liturgy of the Eucharist contains a wealth of theology and spirituality about the Eucharist itself and the way it shapes our view of the Christian life the Eucharist, Second Edition Irwin, Kevin W., 2020 In this book updated with the texts of the third edition of the Roman Missal Kevin Irwin reflects on the jewel in the crown of Catholicism the celebration of the Eucharist His book theological pastoral and contemporary is essentially concerned with issues about the Eucharist that face us today decades after the truly historic and unprecedented revisions that took after the Second Vatican Council Some of these concerns are the result of unforeseen developments about the Eucharist resulting from other factors for example the decline in numbers of clergy which has led in some places to Sunday celebrations without the Mass Other concerns arise from a lack of proper catechesis about the Mass and a keen desire to understand why and how the Eucharist is at the center of Catholic life In addition to being expressly theological this book is also expressly pastoral in that it is a reflection on the life lived by the church as it enacts the Eucharist and seeks to live out what the Eucharist celebrates The book is aimed at the audience of educated Catholics who seek a deeper appreciation of what the Eucharist is and who want to appropriate that understanding in the way they live their lives This book will be of particular interest to pastoral ministers both those present and those in training and the communities of faith whom they serve An Incarnational Model of the Eucharist James M. Arcadi, 2018-05-31 The Eucharist is at the heart of Christian worship and at the heart of the Eucharist are the curious phrases This is my body and This is my blood James M Arcadi offers a constructive proposal for understanding Christ's presence in the Eucharist that draws on contemporary conceptual resources and is faithful to the history of interpretation He locates his proposal along a spectrum of Eucharistic theories Arcadi explores the motif of God's presence related to divine omnipresence and special presence in holy places which undergirds a biblical theological proposal concerning Christ's presence Utilizing recent work in speech act theory Arcadi probes the acts of consecration and renaming in their biblical and liturgical contexts A thorough examination of recent work in Christology leads to an action model of the Incarnation that borrows the notion of enabling externalism from philosophy of mind These threads undergird a model of Christ's presence in the Eucharist **Eucharist in the West** Edward J. Kilmartin, 2015-09-22 In the light of its own history the Catholic theology of the Eucharist as it is generally understood today is revealed as a splinter tradition whose deficiencies call for fundamental reformulation The valid aspects of that theology for example the recovery of the role of the Holy Spirit in the new Roman Eucharistic Prayers must be identified and integrated with the faith and practice of the first theological millennium when the lex orandi was not so dominated by the lex credendi In the third theological millennium more attention to the content and structure of the classical Eucharistic Prayers of both East and West will result in a Catholic systematic theology of eucharistic sacrifice that is not only truer to its biblical and patristic foundations but also of ecumenical import closer to some of the theological

insights of the Protestant Reformers These highlights of The Eucharist in the West illustrate the great value of this posthumous work Conceptually complete but in only rough draft form at the time of Father Kilmartin's death it has been edited and prepared for publication by Robert J Daly SJ Chapter one describes the characteristics of the eucharistic theology of the Western Latin Fathers Chapter two identifies the more important orientations and developments of the Catholic tradition from early medieval Scholasticism up to the first part of the twelfth century Chapter three singles out the special contribution of early Scholasticism to Latin eucharistic theology Chapter four functions as a bridge from early Scholasticism to high Scholasticism by outlining the general approach to a synthetic theology of the Eucharist which was obtained at the beginning of the thirteenth century Chapter five treats eucharistic theology from high Scholasticism to the Council of Trent Chapter six summarizes the dogmatic teaching of the Council of Trent This is followed in Chapter seven by a treatment of salient features of post Tridentine Eucharistic theology Chapter eight includes an analysis of the practice and theology of Mass stipends Chapter nine includes a detailed analysis of Aguinas s theology of the eucharistic sacrifice Chapter ten offers an account of some recent contributions to the formulation of a theology of the eucharistic sacrifice which have contributed to the modern average Roman Catholic synthesis Robert J Daly SJ is a professor of theology at Boston College and former editor of Theological Studies Edward I Kilmartin SI 1923 1994 professor for liturgical theology at the Pontifical Oriental Institute in Rome taught theology first at the Weston Jesuit School of Theology and later at Boston College He served as director of the doctoral program in liturgical studies at the University of Notre Dame Theological Models for the Parish Sabbas J. Killian, 1977-02 A theology of the parish which keeps in balance the divine human elements along with the historical eschatological dimensions of each model An Incarnational Model of the Eucharist James Arcadi, 2018-05-31 Updates a neglected incarnational motif with contemporary conceptual resources to propose a novel model of Christ's presence in the Eucharist **Some Contemporary Models of African Ecclesiology** Charles Nyamiti, 2007 The Model Republic F. Grenfell Baker.1895 Controversies Over the Imitation of Cicero as a Model for Style and Some Phases of Their Influence on the Schools of the Renaissance Izora Scott,1910 A Study in the History of the Eucharist James T. Shotwell, 1905 The Model Prayer George Colfax Baldwin, 1884 The Christian's model Franz Hunolt, 1895 Origines Eucharisticae Alfred Edward Alston, Zouch Horace Turton, 1908 Origins ,2001-05 **Models of Liturgical Theology** The Global Impact of the Wesleyan Traditions and Their Related Movements Charles James L. Empereur, 1987 Yrigoyen, 2002-06-11 The Wesleyan tradition of the 18th century and its related movements has had a global impact that has often been understated and underestimated Charles Yrigoyen Jr presents a diverse collection of essays that document the Wesleyan traditions from founder John Wesley's preaching across Great Britain to his followers spread of Methodist views throughout Latin America Asia Africa Australia and Europe Through a series of essays The Global Impact of the Wesleyan Traditions and Their Related Movements documents the influence of Methodist missionaries on peoples and religions

throughout the world The text is divided into three parts Part I includes four essays about basic missiological and methodological issues Part II includes 15 essays that illuminate the global impact of the Wesleyan traditions and related movements on topics such as independent churches in Africa and the Hwa Nan College in China and Part III describes the resources for researching and extending the global impact of traditions of Wesley s works such as the Obras de Wesley the Spanish version of Wesley s works and the valuable collection of Wesleyana and Methodistica materials at the John Rylands University Library in Manchester Great Britain Diverse in scope The Global Impact of the Wesleyan Traditions and Their Related Movements is a comprehensive volume for religious scholars and historians interested in the Wesleyan traditions

Elevation in the Eucharist Thomas Wortley Drury,1907 *Pro Ecclesia*,2001 *Models of the Church* Avery Dulles,2002-05-14 There is today a dramatic reexamination of structure authority dogma indeed every aspect of the life of the Church is held up to scrutiny Welcoming this as a sign of vitality Avery Dulles has carefully studied the writings of contemporary Protestant and Catholic ecclesiologists and sifted out six major approaches or models through which the Church's character can be understood as Institution Mystical Communion Sacrament Herald Servant and in a recent addition to the book as Community of Disciples A balanced theology he concludes must incorporate the major affirmations of each The method of models or types observes Cardinal Dulles can have great value in helping people to get beyond the limitations of their own particular outlook and to enter into fruitful conversation with others Such conversation is obviously essential if ecumenism is to get beyond its present impasses This new edition includes a new Appendix and Preface by the author
