theology since 1870      *Divine Discourse* Nicholas Wolterstorff,1995-10-05 Prominent in the canonical texts and traditions of Judaism Christianity and Islam is the claim that God speaks Nicholas Wolterstorff argues that contemporary speech action theory when appropriately expanded offers us a fascinating way of interpreting this claim and showing its intelligibility He develops an innovative theory of double hermeneutics along the way opposing the current near consensus led by Ricoeur and Derrida that there is something wrong headed about interpreting a text to find out what its author said Wolterstorff argues that at least some of us are entitled to believe that God has spoken Philosophers have never before in any sustained fashion reflected on these matters mainly because they have mistakenly treated speech as revelation      *René Girard, Unlikely Apologist* Grant Kaplan,2016-08-20 Since the late 1970s theologians have been attempting to integrate mimetic theory into different fields of theology yet a distrust of mimetic theory persists in some theological camps In Ren Girard Unlikely Apologist Mimetic Theory and Fundamental Theology Grant Kaplan brings mimetic theory into conversation with theology both to elucidate the relevance of mimetic theory for the discipline of fundamental theology and to understand the work of Ren Girard within a theological framework Rather than focus on Christology or atonement theory as the locus of interaction between Girard and theology Kaplan centers his discussion on the apologetic quality of mimetic theory and the impact of mimetic theory on fundamental theology the subdiscipline that grew to replace apologetics His book explores the relation between Girard and fundamental theology in several keys In one it understands mimetic theory as a heuristic device that allows theological narratives and positions to become more intelligible and by so doing makes theology more persuasive In another key Kaplan shows how mimetic theory when placed in dialogue with particular theologians can advance theological discussion in areas where mimetic theory has seldom been invoked On this level the book performs a dialogue with theology that both revisits earlier theological efforts and also demonstrates how mimetic theory brings valuable dimensions to questions of fundamental theology      [Charts of Christian Theology and Doctrine](#) H.
