## **Michelangelo Red Antonioni Blue Eight Reflections On Cinema:**

**Michelangelo Red Antonioni Blue** Murray Pomerance, 2011-03-15 Michelangelo Antonioni who died in 2007 was one of cinema's greatest modernist filmmakers. The films in his black and white trilogy of the early 1960s *L'avventura*, *La Notte*, *L'eclisse* are justly celebrated for their influential gorgeously austere style. But in this book Murray Pomerance demonstrates why the color films that followed are in fact Antonioni's greatest works. Writing in an accessible style that evokes Antonioni's expansive use of space, Pomerance discusses *The Red Desert*, *Blow Up*, *Professione Reporter*, *The Passenger*, *Zabriskie Point*, *Identification of a Woman*, *The Mystery of Oberwald*, *Beyond the Clouds*, and *The Dangerous Thread of Things* to analyze the director's subtle and complex use of color. Infusing his open-ended inquiry with both scholarly and personal reflection, Pomerance evokes the full range of sensation, nuance, and equivocation that became Antonioni's signature. With contributions from 39 leading international scholars, the book is structured around six chronologically organized sections: THE SILENT ERA 1895-22, THE BIRTH OF THE TALKIES AND THE FASCIST ERA 1922-45, POSTWAR CINEMATIC CULTURE 1945-59, THE GOLDEN AGE OF ITALIAN CINEMA 1960-80, AN AGE OF CRISIS, TRANSITION AND CONSOLIDATION 1981 TO THE PRESENT, NEW DIRECTIONS IN CRITICAL APPROACHES TO ITALIAN CINEMA. Acutely aware of the contemporary rethinking of Italian cinema history, Peter Bondanella has brought together a diverse range of essays which represent the cutting edge of Italian film theory and criticism. This provocative collection will provide the film student, scholar, or enthusiast with a comprehensive understanding of the major developments in what might be called twentieth-century Italy's greatest and most original art form.

**Historical Dictionary of Italian Cinema** Gino Moliterno, 2020-12-08 Italian cinema is now regarded as one of the great cinemas of the world. Historically, however, its fortunes have varied. Following a brief moment of glory in the early silent era, Italian cinema appeared to descend almost into irrelevance in the early 1920s. A strong revival of the industry, which gathered pace during the 1930s, was abruptly truncated by the advent of World War II. The end of the war, however, initiated a renewal

as films such as *Roma città aperta* *Rome Open City* *Sciusci Shoeshine* 1946 and *Ladri di biciclette* *Bicycle Thieves* 1948 flagbearers of what soon came to be known as Neorealism attracted unprecedented international acclaim and a reputation that only continued to grow in the following years as Italian films were feted worldwide Ironically they were celebrated nowhere more than in the United States where Italian films consistently garnered the lion's share of the Oscars with Lina Wertmüller becoming the first woman to ever be nominated for the Best Director award This second edition of *Historical Dictionary of Italian Cinema* contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on major movements directors actors actresses film genres producers industry organizations and key films This book is an excellent resource for students researchers and anyone wanting to know more about Italian Cinema

*Interpretation and Film Studies* Phillip Novak, 2020-07-31 This book argues that the sustained interpretation of individual movies has contrary to conventional wisdom never been a major preoccupation of film studies that indeed the field is marked by a dearth of effective engaging and enlightening critical analyses of single films The book makes this case by surveying what has been written about four historically important and well known movies D W Griffith's *Way Down East* Marcel Carné's *Port of Shadows* Mike Nichols's *The Graduate* and Michelangelo Antonioni's *Red Desert* none of which has been the focus of sustained critical attention and by exhaustively examining the kinds of work published in four influential film journals *Cinema Journal* *Screen Wide Angle* and *Movie* The book goes on to argue for the value of the work of interpretation illustrating this value through extended analyses of Roman Polanski's *Chinatown* and Christopher Nolan's *Memento* both of which thematize interpretation Novak demonstrates the causes and consequences of reading poorly and the importance of reading well

**The Hollywood Renaissance** Peter Krämer, Yannis Tzioumakis, 2018-06-28 In December 1967 *Time* magazine put *Bonnie and Clyde* on its cover and proudly declared that Hollywood cinema was undergoing a renaissance For the next few years a wide range of formally and thematically challenging films were produced at the very centre of the American film industry often but by no means always combining success at the box office with huge critical acclaim both then and later This collection brings together acknowledged experts on American cinema to examine thirteen key films from the years 1966 to 1974 starting with *Who's Afraid of Virginia Woolf?* a major studio release which was in effect exempted from Hollywood's Production Code and thus helped to liberate American filmmaking from self censorship Long standing taboos to do with sex violence race relations drugs politics religion and much else could now be broken often in conjunction with extensive stylistic experimentation Whereas most previous scholarship has examined these developments through the prism of auteurism with its tight focus on film directors and their oeuvres the contributors to this collection also carefully examine production histories and processes In doing so they pay particular attention to the economic underpinnings and collaborative nature of filmmaking the influence

of European art cinema as well as of exploitation experimental and underground films and the connections between cinema and other media notably publishing music and theatre Several chapters show how the innovations of the Hollywood Renaissance relate to further changes in American cinema from the mid 1970s onwards The Invention of the American Desert Lyle Massey, James Nisbet, 2021-11-02 Introduction Lyle Massey and James Nisbet Desolate dreams Joseph Masco Air wind breath life desertification and Will Wilson's AIR Auto Immune Response Jessica L Horton Notes from bioteknika Albert Narath Troglodyte modernists Lyle Massey Explosive modernism Hiram Hudson Benedict's Bouldereign and Zabriskie Point at 50 Edward Dimendberg Point Omega Omega Point desert In three parts Stefanie Sobelle The desert in fine grain Emily Eliza Scott The desert as black mythology Bridget R Cooks On the recalcitrance of the desert island by way of Andrea Zittel's A Z West James Nisbet Four theses for the coming deserts Hans Baumann and Karen Pinkus Secret Violences Slawomir Maslon, 2023-04-06 Although Michelangelo Antonioni became one of the icons of modernist cinema in the 1960s his position in the pantheon of great directors has never been quite secure Unlike his famous contemporaries such as Ingmar Bergman and Luchino Visconti whose essential contribution to the art of cinema is hardly ever questioned Antonioni's work has been repeatedly denigrated from many angles for both aesthetic and political reasons Though the historical importance of some of Antonioni's films as an incarnation of certain attitudes and problems characteristic of the 1960s and 70s is not denied they are often considered pass artificial and boring Contesting prevalent readings which focus on existential and psychological motifs involving anxiety and the malady of sentiments this book offers a re evaluation of Antonioni's most important films interpreted as political cinema engaged with issues which are still crucial in the 21st century Far from being politically neutral Antonioni's oblique and abstract approach makes possible the prising open and devaluation of the morally and politically constrictive organic narrative structures His approach overthrows the primacy of character and plot on the one hand by showing them to be emanations of the spectral materiality of capital and on the other hand by allowing for an opening into the utopian dimension implying engagement in the rethinking of our attachments to the world *London as Screen Gateway* Elizabeth Evans, Malini Guha, 2023-07-26 London as Screen Gateway explores how London features within screen narratives and as a location of screen industry activity Reflecting the diversity of roles the city plays both on screen and within the screen industries the volume explores the intersection between London as a material place and its position within a cultural imaginary Conceptualising London as an archival city as a collection of specific places and spaces and as a part of national and international cultural and economic flows contributors from film studies television studies and media studies approach London through the lenses of textual analysis historical work industry studies and user experience Chapters explore how London has appeared on screen across film and television how screen content frames notions of place and belonging within the diasporic communities across the city how the city has become a hub for the UK and global screen industries and how it intersects with national and local media policy This interdisciplinary volume will be of interest to

released others are soon forgotten but do they deserve oblivion Are factors other than quality involved This book exhumes some of the films released in Britain over the last seventy years from Daybreak 1948 to 16 Years of Alcohol 2003 and considers the reasons for their neglect As well as exploring the contributions of those involved in making the films the book examines such issues as marketing and the response of critics and audiences Films are grouped loosely into categories such as B films and television films Some works were little seen when they were first released and have stayed that way others were popular in their day but have slipped into obscurity In some cases social change has overtaken them making the attitudes or subjects they depict seem dated Even being released as a DVD does not guarantee that a title will be rehabilitated In addition how significant is the American market This book should appeal to lovers of British film as well as to film studies students and everybody curious about the vagaries of success and failure in the arts **The Palgrave**
