**The History of Michigan Law** Paul Finkelman, Martin J. Herschok, 2006

The History of Michigan Law offers the first serious survey of Michigan's rich legal past. Michigan was among the first states to admit African Americans and women to its law schools and was the first governmental entity to abolish the death penalty. Additionally, the state, unlike its midwestern neighbors, did not enact racial exclusion laws in the post-Civil War era. Michigan has also played a leading role in developing modern rape laws, in protecting the environment, and in assuring the right to counsel for those accused of crimes. The story of Michigan's legal development includes high-profile cases such as the Dr. Ossian Sweet murder trial, the cross-district busing case *Milliken v. Bradley*, and the affirmative action cases brought against the University of Michigan Law School. The History of Michigan Law documents and analyzes as well Michigan legal developments in environmental history, civil rights, and women's history. This book will serve as the entry point for all future studies that involve the law in Michigan. With 2005 marking the bicentennial of the establishment of the Michigan Supreme Court as well as the bicentennial of the creation of the Michigan Territory, The History of Michigan Law has appeal beyond the legal community to scholars and students of American history.
