

Percy Bysshe Shelley, 1792–1822

Ode to the West Wind

I

O WILD West Wind, thou breath of Autumn's being,
Thou from whose unseen presence the leaves dead
Are driven like ghosts from an enchanter fleeing,

Yellow, and black, and pale, and hectic red,
Pestilence-stricken multitudes! O thou
Who chariotest to their dark wintry bed

The winged seeds, where they lie cold and low,
Each like a corpse within its grave, until
Thine azure sister of the Spring shall blow

Her clarion o'er the dreaming earth, and fill
(Driving sweet buds like flocks to feed in air)
With living hues and odours plain and hill;

Wild Spirit, which art moving everywhere,
Destroyer and preserver; hear, O hear!

II

Thou on whose stream, 'mid the steep sky's commotion,
Loose clouds like earth's decaying leaves are shed,
Shook from the tangled boughs of heaven and ocean,

Angels of rain and lightning! there are spread

Ode To The West Wind Analysis Of Important Lines explanation:

On the Essence of Wuthering Engin Yurt, 2018-09-01 Maybe this fulfilling ness will be out of what Shelley had intended while he was writing this ode and so it fulfilling ness will be so far away and irrelevant the very nature of the ode but still I claim the reading will be much closer to its the ode s source But how can this happen How is it possible that an interpretation can be closer to the source of what it interprets while it interpretation is so far away the nature of what it interprets Frankly speaking these are hard questions Ones maybe will never be answered rightly maybe not even replied truly But still there s a claim in here so at least it must be tried to wrong in some sense But before any attempt to wronging one must see for sure what is the nature of this ode So it can after be shown that when the claim arrives the source and the nature of the ode are holding hand in hand or they are not far away from each other but they dwell very near and nearing ly And for all this one must enter the ode s path and read the ode from the beginning to the end several times or as much as it is needed So in here there s not much to say that other interpreters didn t say But the real relation that the other interpreters had missed is between the wind and these colors In sixth line the ode tells that wind carries them to their bed In here one must pay attention to the word bed This word etymologically shelters the sub meanings like to dig to pierce And these verbs are very powerful verbs They have the same sense like the verbs to penetrate to permeate They are more powerful words These words and verbs get their power from their tastes of intimacy What is piercing or penetrating or permeating is what is inside what gets inside what enters within what nears That s the reason why a bed is a special place for each person only A bed is not just a sleeping and resting place or tool A bed bears the expectation of being most welcoming But still when a visitor or a guest comes to a house he she isn t welcomed or shown hospitality in bedroom People use living room or guest room for that occasion Because its bed s being most welcoming particularly only needs calls its owner Its owner isn t the one who uses the bed regularly or who bought it or who sits on it or who when the times come sleeps on it When two or three friends mostly little girls meets in a friend s house for a sleep over they mostly spend the time not in living room or somewhere else in the house but in friend s room usually on or near the bed No matter if they talk about something or play a game or else they do it on or around the bed Because they don t just spend some time somewhere but they share and create intimacy while they are talking in each other and strengthening bonds of friendship what they do actually is digging in their own soul and penetrating in others and let others penetrate in them What they do actually is answering the call of the bed And from another angle but with the very same reason couples lovers spend their night in the same bed together Because a bed as a most welcoming is where and what the digging to soul or self happens most When his her little girl or boy falls asleep somewhere else a father or a mother carries his her child to his her bed This carrying little child to his her bed scene is one of the rare obvious stark images of the bed as a most welcoming Because when the mother or father puts the child into his her bed it embraces him her It is something essentially different from going to bed when it s sleeping or rest time When

someone goes to his her bed to sleep or to rest or to watch a movie with his her notebook and potato chips and coke the bed is usually caught unprepared In here I don t mean it s untidy being untidy merely means something just physical I more mean it is about to be used as it is just some unsacred ordinary place or tool enough comfortable The character that has been given to it is just something so far away from its bed s own deepest meaning essence There s no time for it to prepare to become most welcoming and embraces the one who is about to sleep or to rest or to whatever to do in it That s the reason why it s bed s true owner is the one who inclines to it to its call to its essence s call Beside those when someone falls asleep somewhere else one might wake him her and tell to go to his her bed It is because as the most welcoming a bed is where a person belongs while sleeping Not because it is most comfortable place for a sleeping one everyone knows how comfy is falling asleep and sleeping on a living room couch in front of television but because a person is truly with himself herself only while sleeping in most welcoming There s no more actual around for a sleeping one There s no place as a human being can and necessarily does be in it and also be it like before in moments of being awake There s no more matter subject object dualism The time or the space can t behave as the same way that they behave to the awakened ones This is the only time he she can see listen hear touch connects with the sense of there s no within inside or outside There s no difference between these two There are no sides There s no there is ness or being there ness Of course there s also no conscious subject or mind or a self to act these but it doesn t matter because firstly consciousness or and unconsciousness or the other ones that has named just before do not and can t hold the whole selfness in their hand because as it is said in philosophy histories before a subject a self is built on the sense realization creation of these sides and secondly the phenomenological and hermeneutic interpretation of sleep in most welcoming is includes so much more than what a word language thought thinking is able to carry Just to be clear it has to be mentioned here that this is not the any kind of interpretation of sleeping itself I m not interested in or talking about sleeping This is about sleeping in most welcoming One can desire need to sleep so profusely and then sleep in his her most comfortable bed for hours and days and this can keep on for the rest of his her life but might never sleep in most welcoming And in following these now one can say that those touches listening hearings connections are actually a digging a permeating A kitchen is a kitchen because one cooks in it the word kitchen comes from the Latin word coquina which comes from the Latin verb coquere to cook A lavatory is a lavatory because one can wash his her hands face etc the word lavatory comes from the Latin verb lavare to wash And a bed is a bed because one can penetrate permeate pierce to himself herself in it or to the other owners selves near or in it The one who is in with around near the most welcoming is actually a digger a piercer a penetrator a permeate r So when Shelley tells that the west wind is what who brings carries them to their wintry beds the poem doesn t mean to just the say create bear the motional image of as the wind blows leaves moves around in the air and then land fall in snowy ground earth but it also means to indicate the hidden meaning of bed as the one who carries to bed being near the bed Of course he didn t think the things that have been being

told in this article for the last three pages but it doesn't matter because the ode did think of these. It thought of these just to share the secret about west wind with the reader interpreter and also with the very poet that wrote it. But I don't think Shelley heard his own ode's voice call.

A Dictionary of Stylistics Katie Wales, 2014-09-11 Reviews of the first edition: a work of high seriousness, manna from rhetorical heaven for students and researchers with a lot of hard graft ahead of them. English Today: an impressive single author reference work. English: Not only is this volume indispensable for anyone, students or academics working in any field related to stylistics, it is like all the best dictionaries, a very good read. Le Monde: Over the past ten years, there have been striking advances in stylistics. These have given rise to new terms and to revised thinking of concepts and redefinitions of terms. A Dictionary of Stylistics 2nd Edition contains over 600 alphabetically listed entries, fully revised since the first and second editions; it contains many new entries. Drawing material from stylistics and a range of related disciplines such as sociolinguistics, cognitive linguistics and traditional rhetoric, the revised Third Edition provides a valuable reference work for students and teachers of stylistics as well as critical discourse analysis and literary criticism. At the same time, it provides a general picture of the nature, insights and methodologies of stylistics. As well as explaining terminology clearly and concisely, this edition contains a subject index for further ease of use. With numerous quotations, explanations for many basic terms from grammar and rhetoric and a comprehensive bibliography, this is a unique reference work and handbook for stylistic and textual analysis. Students and teachers at secondary and tertiary levels of English language and literature or English as a foreign or second language and of linguistics will find it an invaluable source of information. Katie Wales is Professor of Modern English Language, University of Leeds and Dean of Learning and Teaching in the Faculty of Arts.
