*Youth's Companion* ,1882      The Politics of Public Health in the United States Kant Patel,Mark E. Rushefsky,2004-12-15

Our public health system is primarily concerned with the promotion of health and the prevention of disease But while everyone may agree with these goals in principle in practice public health is a highly contentious policy arena that is inevitably entangled with sensitive issues ranging from occupational safety and environmental hazards to health education immunization and treatment of addiction and sexually transmitted disease Today however concern for protecting the population against bio terrorism and new epidemics such as SARS is tipping the balance back toward increased support for public health This book focuses on the politics policies and methodologies of public health and the twenty first century challenges to the public health system of the United States It explores the system s relatively weak position in the American political culture medical establishment and legal system scientific and privacy issues in public health and the challenges posed by ecological risk and the looming threat of bio terrorist attack Each chapter includes study questions The volume also includes a chronology of major laws and events in public health policy along with an extensive bibliography      **Junior**
