to the HDD of your computer

- Insert an empty SD card to your PC' card reader.

Note: Do not use other decompression software than WinZip since it may cause errors. If necessary, format the SD card with option "Format FAT". Before formatting, make sure that there are no more files on the SD card which you still want to use later on. Minimum required capacity is 128MB, max. 2GB

- Copy whole folder structure 1:1 as it was decompressed.
- Remove the SD card from card reader after all copy process is finished
- Turn on your PC 5200 system
- Confirm the legal disclaimer
- Insert now the SD card into slot #2 (remove eventual present map SD card before)

Note: The update only starts when the card is inserted in slot #2 after the legal disclaimer has been confirmed

- A screen shall appear asking for your confirmation to update the system.
- After confirmation the update process is full automatic running. At the end the system performs an automatic restart.
- Once the legal disclaimer appears again after the update, the SD card shall be removed, except you want to load one of new 5 voices. In this case first follow the voice loading instruction in system's manual.
