Nathan, Jack M. Gorman, 2007-03-15 Much about this third edition of A Guide to Treatments That Work remains as it was in the first and second editions Like its predecessors this edition offers detailed evaluative reviews of current research on empirically supported treatments written in most instances by clinical psychologists and psychiatrists who are major contributors to that literature Similarly the standards by which the authors were asked to evaluate the methodological rigor of the research on treatments have also remained the same As

before they provide information on the quality of the research on treatment efficacy and effectiveness that is reviewed

A Guide To Treatments that Work Peter Nathan, Jack M. Gorman, 2002-01-18 A fully revised and updated edition of this unique and authoritative reference The award winning A Guide to Treatments that Work published in 1998 was the first book to assemble the numerous advances in both clinical psychology and psychiatry into one accessible volume It immediately established itself as an indispensable reference for all mental health practitioners Now in a fully updated edition A Guide to Treatments that Work Second Edition brings together once again a distinguished group of psychiatrists and clinical psychologists to take stock of which treatments and interventions actually work which don't and what still remains beyond the scope of our current knowledge The new edition has been extensively revised to take account of recent drug developments and advances in psychotherapeutic interventions Incorporating a wealth of new information these eminent researchers and clinicians thoroughly review all available outcome data and clinical trials and provide detailed specification of methods and procedures to ensure effective treatment for each major DSM IV disorder As an interdisciplinary work that integrates information from both clinical psychology and psychiatry this new edition will continue to serve as an essential volume for practitioners of every kind psychiatrists psychologists clinical social workers counselors and mental health consultants

Community Acquired Pneumonia: Controversies and Questions, an Issue of Infectious Disease Clinics Thomas M. File Jr., 2013-03-28 Pneumonia is the leading cause of death due to infectious disease This issue of Infectious Disease Clinics guest edited by Tom File focuses on the controversies and questions surrounding community acquired pneumonia including the potential benefits of identifying biomarkers for management of CAP which could someday become a part of routine diagnostic testing for CAP the best therapies for influenza viral causes of pneumonia the most common form of the disease in children and clinical scoring tools to help predict long term outcomes The issue also discusses how to approach MRSA as a cause of CAP and how to approach the non responding patient
